MEETING DETAILS | Diabetes Check Up Camp

(Held on 01st July, 2024)

Diabetes is a disease with far-reaching consequences. It is a leading cause of cardiovascular diseases, kidney failure, blindness and lower limb amputations. According to the International Diabetes Federation, approximately 537 million adults worldwide were living with diabetes in 2021, and this number is projected to be 784 million by 2045. This alarming trend underscores the urgency of addressing diabetes.

Keeping this view in mind we organised a diabetes screening camp in which a total of 84 patients were screened. This camp was attended by PP Rtn Gaurav Luthra, Rtn Dr Sachin Gupta, Rtn Gaurav Gambhir and Rtn Ajay Chaudhary. Heartfelt thanks to all the members for attending and supporting the camp.

HAPPY NEW
ROTARY
YEAR JULY 2024

Here we go..... We enter into a New Rotary Year with the arrival of month of July. This month has a special significance as far as Rotary is concerned. In this Month, the leadership in Rotary changes throughout the World. As far as any knowledge goes, except for the RI Directors (who have a tenure of 2 years) the total leadership gets new faces, who have new ideas to implement, new approach and of course, a new mindset.

Our club too gets its new team, which is led by our dynamic President Rtn. (Dr.) Gaurav Dembla with a new approach, new ideas and is full of energy and great enthusiasm. Let us all welcome the new team and also assure them of our fullest cooperation to reach the newer heights and achieve the goals they have set for themselves and Rotary expects from them.

The new team intends to circulate hard copy of the Bulletin and it will reach the members, once the same is released at our Installation Function. Till then, you will get to read SWARNPATH on your mobiles (Online).

We also plan to make our Bulletin as informative as possible and worth reading. To achieve this, we need your valuable advice, concrete suggestions and the most important, your criticism too. Please point out the deficiencies with an open mind. The Bulletin team will be happy to correct itself. - *Editor*
