GOVERNOR'S MONTHLY

Rotary
District 3291

LETTER

STEPHANIE A URCHICK, *RI President 2024-2025* • **DR KRISHNENDU GUPTA**, *District Governor 2024-2025*

District Governor's MESSAGE

15 August 2024

Dear fellow Rotarians and friends

Wishing you all a very "Happy 78th Independence Day"!!

The month of July just flew by with so many activities – plenty of club installations with amazing projects initiated by the magical Presidents of RY 2024 – 2025. It was truly a whirlwind month of activities.

On the first day of the new Rotary year, I had the wonderful opportunity to visit the myriad service activities organised by the clubs. Most of the clubs observed Doctors' Day and Chartered Accountants' Day by felicitating numerous Doctors and CAs in their clubs, in their clinics, offices and neighborhood. I felt truly honoured by the gesture of each club I visited on that day. Some of the clubs organized health and medical camps along with other areas of focus of Rotary International.

The Change-over Ceremony on 1st July was held in the Main Auditorium at the sprawling Dhono Dhanyo complex in Alipore, hosted by my home club Rotary Calcutta Victoria. It was really pleasing and heart-warming to see more than 800 attendees at the programme. On behalf of Simran, I would like to thank all the club Presidents, esteemed Council of Governors, Rotarians, guests and members of Rotary Calcutta Victoria for being present and making the program a grand success. To the very hardworking, dedicated and committed members of the District Team, our profound gratitude and deepest thanks. I would also like to sincerely thank the special invitees for their presence. The icing on the cake was the number of contributors to The Rotary Foundation and commitments to becoming members of the Paul Harris Society and PolioPlus Society.

A few words on the Club Installations in July. Every single day, there was a club installation, and sometimes as many as 3 – 4 installations on weekends!! In this context, I would like to appreciate and acknowledge Assistant Governor (Administration) Ranjan Chatterjee and Zonal Secretary Prasun Krishna Dutta

of Zone 13, who worked very hard and organized the only Joint Zonal Installation of all the Rotary clubs – Rotary Calcutta Endeavour, Rotary Calcutta Lansdowne, Rotary Calcutta Metropolitan East and Rotary Calcutta Metro South. My special thanks to all the four Presidents and their thoughtful members as well. A few other clubs too had Joint Installations and it was a pleasure to visit all of them and be a part of their activities and fellowship. My sincere thanks to all the Presidents and members of all the clubs for organising such delightful installation ceremonies which were truly memorable for the members of the District Team, Simran and me.

July being the month of Maternal & Child Health, several clubs focused their projects on the well-being of mothers and children – their health, nutrition, safety and welfare, along with spreading awareness on the eradication of polio, prevention of cervical cancer, thalassemia and menstrual hygiene, amongst others.

I would like to acknowledge all the good work being done by the Interact clubs and the District Interact Chair, Rtn Arpita Chatterjee. Thank you for creating The Magic of Rotary in the community.

As we have now embarked on this wonderful journey to create "The Magic of Rotary", Simran and I, along with the entire District Team, solicit your continued whole-hearted support and involvement in the eleven months ahead. Together, let us make this Rotary Year "truly magical and simply irresistible"!!

Kind regards.

Yours-in-Rotary

Dr Krishnendu Gupta
District Governor, 2024 – 2025
RI District 3291

The Magic of Rotary begins – Clubs in Action
