Message from RI President

Dear fellow Rotary leaders:

We've all taken our own path to become a member of Rotary. Some of you joined because your father was a Rotarian. Some of us signed up because an employer tapped us on the shoulder and asked us to attend a meeting. Others became members only after a U.S. Supreme Court ruling made it possible. Yet each of us entered through one mechanism — an invitation.

An invitation that unlocks our imaginations and allows us to know that everything and anything is possible. Each one of us has that same opportunity — the honor to extend an invitation. It is awe-inspiring to imagine how we can look out across our communities and identify our future leaders. It's often tempting to attract people who are exactly like us. It's a special form of ingenuity to consider how people who are seemingly very different can, in fact, share our values and have some of those same talents, just waiting to be unleashed.

It's time for Rotary to take our next step in advancing Diversity, Equity, and Inclusion (DEI) across our organization. Embracing an experience where people feel included is more than just making our membership numbers more diverse. It's about making our meetings and events places where we can speak openly and honestly with each other, where our members feel welcome and safe. This means removing barriers for entry and opening doors for inclusion. Our values remain our strength — and our commitment to excellence requires us to maintain high standards for our members as well.

I believe we are all committed and determined to advancing DEI across Rotary. This is rooted in the deepest traditions of our organization, and it will ensure that we remain vibrant and relevant for decades to come. A few years ago, our Rotary Board set the ambitious goal of increasing the share of female members to 30 percent by 2023. We have less than a year to go, but I believe we can meet and exceed this target.

We need Rotary leaders to rise from every continent, culture, and creed. We need young members and young thinkers to take on larger roles and responsibilities. We need to listen to new Rotary members just as keenly, and with as much respect, as those with many years of membership.

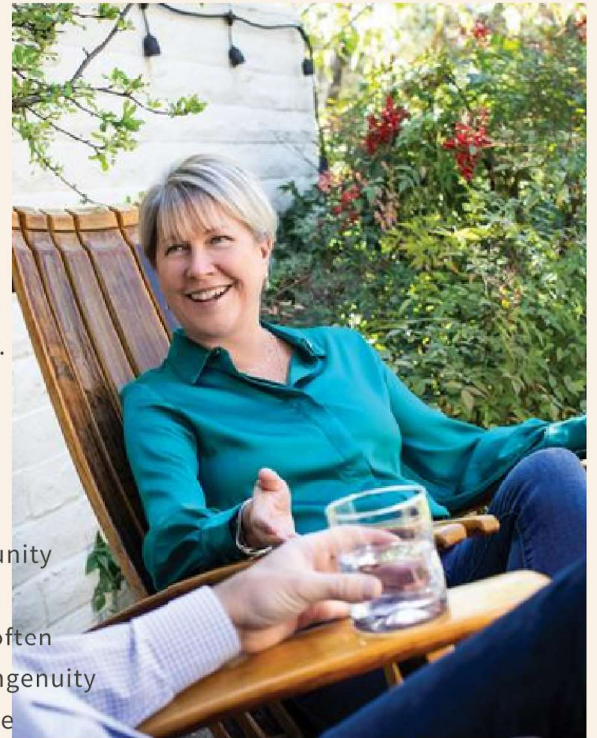

During our recent convention in Houston, we heard from astronauts about their journeys into space. We reflected upon a time in the 1960s when U.S. President John F. Kennedy urged the world to dream, with his declaration that we would “go to the moon [and do] other things, not because they are easy, but because they are hard.”

Fully committing Rotary to DEI and meeting our ambitious membership targets may seem as unlikely as a moon shot. But I know that when people of action are committed to a big goal, we make it worth every ounce of our energy.

Warmest regards,

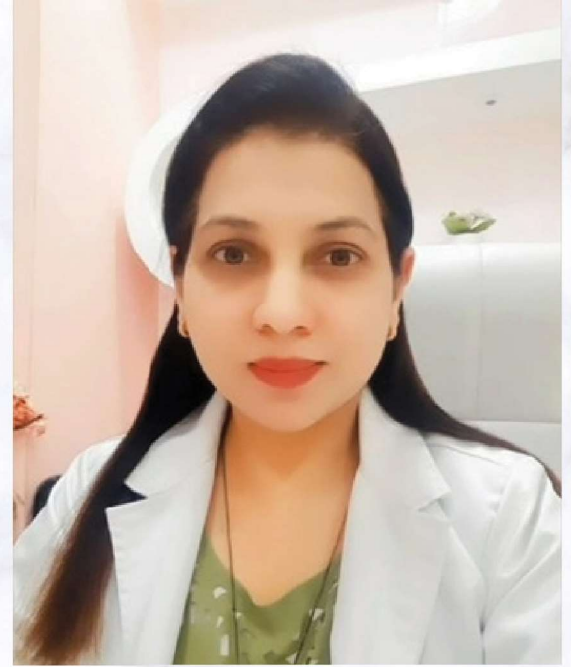

Jennifer Jones

President, Rotary International 2022-23

Direct Dil Se !!

Dr Shweta Nakhawa

From this month on we will be featuring one of the members to talk about Rotary, Our club and individual's thought process of rotary under the banner of "Direct Dil Se!!"

1. When have you joined rotary?

I joined this organization in 2018.

2. Who inducted you in rotary?

Mr Aniruddha Nakhawa, my elder brother and seasoned Rotarian has inducted me in Rotary.

3. What was your first impression about rotary?

My impression was that it's very good social service platform.

4. What was in your mind when you joined club?

As an extended family where we meet and exchange ideas about various topics of mutual interest.

5. How do you see your journey during these years?

When I joined, I was not aware of various focus areas of rotary, with the time I understood more about the work Rotary does for social upliftment. My journey developed my leadership skills and better human being.

6. What was your contribution to rotary and our club?

Being a doctor, we did many health care activities like Health camps, Wellness talks during Covid times, Digital fungal infection awareness.

7. How do you see future of Rotary?

Rotary is excellent platform for service with fellowship. We are having challenges of membership growth worldwide. Involvement of various sector and interactive platform for all which will build a cohesive relationship amongst existing members and networking opportunities. Focus on fellowship by interaction with other organizations can increase the PR and membership growth.

8. What are your future plans for club?

Being president elect this year, my focus is on retention of existing members and exploring options for membership growth. During my presidential year we should focus on fellowship to strengthen bonds amongst existing members. Induction of members from various field to increase diversity of club.

9. Why people should join rotary and our club?

Being a small group we are having very strong interpersonal relationship.

10. Message you want to give our fellow Rotarian and members of Rotary club of Thane Angels:

Let's do rotary Dil-se !

Rotary History

Rotary started with the vision of one man – Paul Harris.

The Chicago attorney formed the Rotary Club of Chicago on 23 February 1905, so professionals with diverse backgrounds could exchange ideas and form meaningful, lifelong friendships.

Over time, Rotary's reach and vision gradually extended to humanitarian service. Members have a long track record of addressing challenges in their communities and around the world.

Whatever Rotary may mean to us, to the world it will be known by the results it achieves.

Paul Harris
Rotary founder

Rotary's two official mottoes

Arthur Frederick Sheldon, the Rotarian whose convention speech inspired Rotary's secondary motto, One Profits Most Who Serves Best

Service Above Self and One Profits Most Who Serves Best, Rotary's official mottoes, can be traced back to the early days of the organization.

In 1911, the second Rotary convention, in Portland, Oregon, USA, approved He Profits Most Who Serves Best as the Rotary motto. The wording was adapted from a speech that Rotarian Arthur Frederick Sheldon delivered to the first convention, held in Chicago the previous year. Sheldon declared that "only the science of right conduct toward others pays. Business is the science of human services. He profits most who serves his fellows best."

The Portland gathering also inspired the motto Service Above Self. During an outing on the Columbia River, Ben Collins, president of the Rotary Club of Minneapolis, Minnesota, USA, talked with Seattle Rotarian J.E. Pinkham about the proper way to organize a Rotary club, offering the principle his club had adopted: Service, Not Self. Pinkham invited Rotary founder Paul Harris, who also was on the trip, to join their conversation. Harris asked Collins to address the convention, and the phrase Service, Not Self was met with great enthusiasm.

At the 1950 Rotary International Convention in Detroit, Michigan, USA, two slogans were formally approved as the official mottoes of Rotary: He Profits Most Who Serves Best and Service Above Self. The 1989 Council on Legislation established Service Above Self as the principal motto of Rotary because it best conveys the philosophy of unselfish volunteer service. He Profits Most Who Serves Best was modified to They Profit Most Who Serve Best in 2004 and to its current wording, One Profits Most Who Serves Best, in 2010.
