# MESSAGE FROM THE OUTGOING PRESIDENT

(Excerpts from Alpha President's Speech at the Incredible President's Installation)

I am very privileged and emotional now to be standing here and delivering my speech in a year of major Transformation and milestones achieved during Alpha Rotary year 2022-23 by our Club.

We could successfully complete over Rs. 100 lakhs worth of projects in the year 2022-23 and still counting in the last few days. A new benchmark has been created for Incredible number of years ahead. This is driven by the collective power of MPBH (55 Meetings, over 176 Projects, more than 25,000 Beneficiaries and more than 6,000 man Hours put in by Rotarians). We had set for ourselves 25 goals at the beginning of the Alpha year. And I am happy to share that we could achieve 24 out of them.

## **We planned our strategy and execution through 3-Cs approach:**

*Consolidated* our legacy strengths through flagship projects (like Sanskar, Udaan, Umang

and Balwadi). Overall, we spent Rs. 20 lakhs on these projects.

*Continued* our efforts in various Rotary identified avenues like blood donation camps, certified training session on Complex Lymphedema Treatment (CLT), eye camps, medical camps, medical equipment, etc. Overall, we spent Rs. 50 lakhs on these projects.

We dreamt big and *Created* a few more new flagship projects. Our five new partners in service (PIS) ensured a great beginning to our dreams.

Through Adhar Foundation, we supported Adhar Centre, Badlapur for the specially-abled through multiple activities including donation of a bio-gas plant, and a *roti* making machine (through RC Mumbai Royales). Through Sakshi association, we initiated and conducted Rakshin workshops in colleges on POCSO and POSH awareness and redressal. We donated medical equipment to VN Desai Hospital.

We cared for animals too by associating with Stray Happy Foundation to address the needs of stray dogs and cats. Overall, we spent more than Rs. 34 lakhs and I must say it's just the beginning of our association with all the four above and many more to go in years to come.

We delivered many firsts, be it two fund raisers in a year, multiple co-hosts on projects at district level, or lead/co-hosts for district fellowships. We delivered projects across all avenues of Rotary and the highlights were always grabbed by the Youth Team with their fantastic efforts.

Overall, a very satisfying and transformational performance due to the tireless efforts of RCMJ members, PIS, their well-wishers, donors and more importantly the families of RCMJ members. The transformation has just begun and I am sure we will see incredible things happening through our Club in days and years ahead.

**Sridhar R.**  
President 2022-23, RC Mumbai Juhu

# MESSAGE FROM INCOMING PRESIDENT

*(Excerpts from the Incredible President's Acceptance Speech)*

I embark on this incredible journey with the love and support of all my RCMJ family members and all the illustrious Rotarians in the room.

Our RI theme for this year, 'Create Hope in this World', is one that deeply resonates with us. It serves as a guiding principle for our actions and reminds us of the immense power we possess to bring about positive change. Hope is the light that illuminates the path to a better future, and as Rotarians, we have the privilege and duty to be the bearers of that light.

Equally inspiring is our district theme for the year, 'Incredible'. This theme reminds us of the extraordinary potential that lies within each one of us, waiting to be unleashed. It urges us to harness our strengths, talents, and resources to accomplish incredible things together.

RCMJ is a unique club. It is like a League of Extraordinary Rotarians who have overcome multiple challenges and are an invaluable treasure of knowledge and experience.

Chartered in 1999, we are entering our Silver Jubilee year this December, and we have planned an array of celebrations and events to commemorate this event.

RCMJ has grown from 29 members to 40 members in the last three years. We strive for 'Every Rotarian Every Year' and 2023-24 won't be a different one.

In the Incredible Year, we will be striving to do more impactful work for the community through our 3E Vision approach, viz., Empathy, Energise, and Execution Excellence. I will explain very briefly each one of them as it is built on our strengths and also the need of the community around us.

**Empathy:** Every project starts with need assessment. However, to do this one needs to listen with empathy. It is one thing to be able to sanction money for a pet cause versus being in the shoes of the person who needs help. To really know what is going on in his mind, understand his needs, and help him combat his challenges.

**Energise:** When members work together to solve a challenge, group dynamics take over. Multiple solutions are shared and the best one selected to solve that particular issue. Working together energises the entire team and the club.

**Execution Excellence:** This is something that RCMJ is always good at. Our club is a stickler for processes and maintains all records perfectly. This ensures and delivers execution excellence in all our projects. I will look forward to harnessing this experience and expertise.

We will continue to focus on our core long term projects and ensure that we expand and enrich our association in the incredible year.

**Umang** - trek for the physically challenged  
**Adhar** - Special home for the specially abled,  
**Rakshin** - Awareness programs under POCSO, Complex Lymphedema Training for healthcare practitioners to manage cancer patients.  
**V. N. Desai Hospital** - Supporting the pediatric ward will continue to receive prominence.

Coming to our new projects for this year – hopefully they will also transform to our core projects.

***National Integration:***

This incredible project stirs the passion of every Indian heart. All members of RCMJ will strive their hardest to make sure that each one of us contributes in all manner and form to this project – fees for school children, construction of the Flag, midwife education, etc.

***Tanya Computer Center for the Blind:***

We have an incredible social activist and worker amongst us today, Tanya Balsara. She runs TCC, an NGO focused on providing computer literacy to the visually challenged in India. This helps them be independent and self-sufficient. We will work with TCC, NAB, BAP and try to make an incredible impact in the lives of the visually challenged.

***Mental Care Angels:***

Post COVID, mental health cases have been increasing around us. We frequently hear of children being lonely, depressed, and anxious and the elderly being lonely and depressed. One part of the challenge is awareness and the other is to have a sufficient number of trained professionals to handle these cases. We will attempt to train people desiring to build a career in mental health management with theory lectures and practical experience in hospitals, counselling centers and at institutions like Adhar.

***Our other projects include:***

**Stray Happy** – taking care of stray animals, providing them with hygienic washes, giving them vaccinations and put them up for adoption.

**Our environment initiatives involve our NGO partners – Start Upcycling Now and Pran Vayu.** These NGOs are driven by our committed members Natasha and Nirav. We will work with them to involve more Interact and Rotaract clubs to raise awareness and make impactful change in the community.

Our two flagship programs – **Sanskar** and **Udaan**, will be presented in a new Avatar this year. We also have a long list of services and activities planned for our 19 Interact and 4 Rotaract Clubs. We intend to expand to reach our target of 25 Interact Clubs and 10 Rotaract Clubs in the Incredible Year.

This year we plan to roll out a solid digital presence with consistent focus on reaching more people in our surrounding communities. In addition to our digital presence, we will also increase our visibility through marathons, road rallies, programs in public spaces like gardens, ensuring good visibility through our Interact and Rotaract Clubs.

Our **Breezy News** is being rolled out in a new revamped design and layout along with a digital library. There will also be an archive of Breezy News issues. We have also planned to enhance communication of forthcoming events and special days through an annual, quarterly, monthly, and weekly calendar. This will be rolled out physically and digitally.

**Fellowship:** This is a very important focus area this year. In addition to increasing bonding among members it plays a vital part in energizing them. The true family bonding that develops makes all issues disappear and the Club is energised. I have planned a long list of events for fellowship, member huddles, speaker meetings and short trips – both domestic and international. The initiative of member huddles will see members with common interests come together and arrange fellowship events and they will also be in charge of organising the same.

Let us remember that our collective efforts have the power to create a brighter, more hopeful world. Each act of service, no matter how small, can have a profound impact on someone's life.

To fund these ambitious projects, we will need the help of the society and large-hearted donors. In continuation of the Alpha year achievement of Rs. 1.10 crore worth of projects, I am happy, thrilled and proud to announce that we will be starting the first day of the Incredible Year with a collection of Rs. 1 million.

I invite each and every one of you to join hands, united in our mission to create hope, and bring about incredible transformations. Together, we can inspire others, make a lasting difference, and leave an indelible mark on the world.

Thank you for entrusting me with the privilege of serving as your President for this Incredible Year 2023-24.

**Rtn. Arun Wadhwa**

President 2023-24, RC Mumbai Juhu

# An *Incredible* Installation

6

Incredible President Arun Wadhwa's installation, which took place on June 15 at the elegant Flags Banquet Hall in Andheri West, was unlike anything we've experienced before. In terms of planning, content, delivery, emotions, member engagement (almost all the Club members were present with quite a few family members), visible District commitment (15 COG members, 19 Incredible Presidents and 24 District officials were present), seamless transition from the Alpha to the Incredible, and professional event management. With so much to express, no wonder we overstepped the timelines.

The Installation Ceremony was graced by the presence of the distinguished Chief Guest, Incredible DG Rtn. Arun Bhargava, whose remarkable achievements and commitment to service have inspired many Rotarians.

Accompanying the Incredible DG the Incredible First Lady Rtn. Seema Bhargava, who added grace and charm to the occasion.

Rtn. Meera Ramachandran was the 'master' of ceremonies. The event began with an invocation dance by Annette Anaiya Dcosta, who performed Ganesh *vandana* in Kathakali genre. Anaiya is by now virtually the danseuse-designate of RCMJ. Her mother Rtn. Natasha has been instrumental in grooming her for the performing arts.

The event marked the formal induction of Arun Wadhwa as President and his Board of Directors, who will steer the Club towards new heights in their term during 2023-2024. The outgoing President Sridhar Ramasubramanian made a presentation on the achievements of RCMJ under his leadership during the Alpha year 2022-23. (Please see page 3 for excerpts from Sridhar's presentation.)

In a delightful twist to the tradition, Sridhar invited Arun Wadhwa's daughter Dhiti to speak about her father. It was an intensely emotional moment for the First Child and the entire audience.

The change of guard took place with Sridhar passing on the collar, gong, gavel and Manual of Procedure to Arun Wadhwa. DGE Arun Bhargava completed the process by pinning Arun Wadhwa with the Presidential pin.

Now it was the turn of incoming President Arun Wadhwa to deliver his acceptance speech and

spell out his team's plans for the Incredible year 2023-24. (Please see page 4 for excerpts from the acceptance speech.) During his speech, President Arun Wadhwa outlined his vision for the incredible year ahead and rolled out plans for the coming year. His strategic approach and dedication to service underscore the club's commitment to making a lasting impact in the community.

A unique paper flower bouquet, symbolising the Rotary avenues of service, was released by DG Arun Bhargava and RCMJ's youngest member Dr. Shubhangi Dhage.

Incredible DG Rtn. Arun Bhargava delivered an inspiring address, emphasizing the importance of Rotary's mission and encouraging the newly installed leadership to pursue their goals with passion and dedication. He was all praise for RCMJ's performance and its plans for the Incredible Year.

The Installation Ceremony witnessed a gathering of more than 15 PDGs from RID 3141 College of Governors. The Rotary Dist. 3141 was also represented by over 24 district officials at the event, demonstrating their support for the

Rotary Club of Mumbai Juhu and its new leadership.

A highlight of the evening was the presence of 19 Incredible Presidents from other Rotary Clubs. Their participation reinforced the spirit of camaraderie and collaboration that is synonymous with Rotary International.

DGE Arun installed the Board of Directors for 2023-24 also. The vote of thanks was proposed by President-Elect Subhashish Mazumdar.

Following the Installation Ceremony, guests enjoyed a delightful dinner and a selection of refreshing cocktails, fostering a cordial atmosphere for networking, and forging new connections among Rotary members and guests.

## ANSWER AND WIN!

### Contest 07-01

Write a review of this issue in 150 - 200 words.

**Prize:** Best review will be published in next issue, and the winner will be awarded a prize in first Club meeting after July 10.

### Contest 07-02

Name all Club children whose names start with A. (Hint: Club Roster)

**Prize:** First 2 correct entries will be published in next issue, and winners will be given prizes in first Club meeting after July 10.

### Rules:

- (1) Entries must be sent by DM to the Editor by July 10.
- (2) Editor's decision will be final.
- (3) Winner will have the option to accept the prize in kind or let RCMJ donate Rs. 1,000 to RCMJ Charitable Trust in his/her name (Rs. 500 each in case of joint winners, as in Contest 07-02). RCMJ Charitable Trust will issue a receipt under section 80G to the winner. Winner will also have the option to name the particular project or type of project to which the Trust shall allocate this amount.

DG Arun Bhargava (as visualised by Rtn. Narinder Madan)

# Shukriya Galore

By Meera Ramachandran

“ It was now time for club members to extend their appreciations to President Sridhar ”

The club Shukriya night on 28th June was a fitting finale to a glorious year. Alpha president Sridhar first presented his impressive summation statistics of the projects of the year. He

then admitted to experiencing tense moments at the District Shukriya night, till ‘hurrah’ the Platinum Award and an Award of Excellence were announced for RCMJ! Trophies were also awarded for performances as District Avenue Chair to Amarjit Sabherwal, Sumana Menon, Piyush Shah and Kala Sridhar and as District Avenue Co-chair to Damanjit Sabherwal and Ashish Patankar. The Paul Harris Fellow pin and certificate were presented to Dattatray Bhagwat.

It was now time for club members to extend their appreciations to President Sridhar. The mic passed from member to member as praises were showered. The difficult but well-managed transition from virtual to physical programmes, the cool, calm and composed deportment, the setting of new benchmarks and the always warm and smiling look, were some of the recurring compliments. Even absent members pitched in. Audio and written messages from those who could not attend were presented. An interesting question of the evening was, “Is it a moment of joy or sorrow?” President Sridhar in turn

expressed his gratitude to club members in an interesting format. As he read out his ‘citation’ for every member, which consisted of well-researched snippets on the cultural denotations of his name, along with his merits and contributions, the member had to walk the ramp to receive the president’s token of appreciation. There was much emotion and hugging climaxing in the president’s tribute to Kala, validating the old adage, “Behind every successful man is a woman!”

**Interesting tidbits:** PE Arun put on an Elvis hat on President’s head urging him to shake a leg (portent for the future?) and Manu brought cookies with Sridhar’s photograph baked in. Alas we couldn’t have the cookie and eat it too! Arun also gifted Sridhar a photoframe captioned “*Winning Captain*” with Sridhar and M S Dhoni’s picture. It was quite special.

Sumptuous starters and dinner albeit, members refused to bring the curtain down and just stepped on to the dance floor for non-stop jigging and emoting to the best of fun-filled lyrics and beats of Bollywood music.

# HOPE

By Dhiti Wadhwa

10

In the depths of despair, a flickering light,  
Hope emerges, shining, burning bright.  
A paradoxical gem, from Pandora's box it springs,  
In the face of tragedy, the hope it brings.

Why does a vessel of sorrow and gloom,  
Contain a tiny pixie, dispelling the doom?  
For in the darkest hours, hope finds its way,  
To illuminate paths, to guide and to sway.

In the crucible of hardship, empathy takes hold,  
Through our own struggles, compassion unfolds.  
For without the storms, the bad days we face,  
How could we offer solace, in someone's embrace?

Tragedy and despair, they strike us deep,  
Yet hope is the lifeline that helps us leap.  
When all seems lost, when we're burdened with pain,  
Hope whispers softly, "You'll rise again."

It fuels our spirit, ignites the fire within,  
To face each new day, to fight and to win.  
Through the storms we weather, the battles we fight,  
Hope fuels our strength, igniting our might.

Oh, cherish those who sow seeds of hope,  
Their presence a lifeline, helping us cope.  
They stand as beacons, inspiring us all,  
With hope as their anthem, they'll never let us fall.

Hope is the thin line that keeps us intact,  
When the world around us begins to detract.  
For in hope's embrace, we find the power to strive,  
To overcome obstacles, and keep dreams alive.

So let us remember the true essence of grace,  
In the presence of hope, the world finds its place.  
With hearts full of hope, we conquer the strife,  
Embracing a better future, filled with abundant life.

“HOPE

is the thin line  
that keeps us intact,  
When the world  
around us begins to  
detract. For in hope's  
embrace, we find the  
power to strive,  
To overcome  
obstacles, and keep  
dreams alive.”

# LET'S GET TO KNOW ONE ANOTHER

By Manu Goel

MANU GOEL

“**As an Architect, I have always looked for something that normal eyes don't. I try to find inspiration in anything and everything, in the hidden elements of Life. Architecture to me is, 'Trying to make the world a little bit more like our dream's and Design is not just a philosophy, it's for Life.**”

My name is Manu Goel and I am an architect.

I was born in the city of Prayagraj (formerly Allahabad), to the duo of Mr. Ravindranath Goel (retired Prof. of English Literature) and Late Mrs. Usha Goel (Prof. of Hindi Literature at Allahabad University).

After an early education in Allahabad, I studied Architecture at the College of Architecture, Lucknow. While completing my graduation in Lucknow, I met my life partner Jhankar in the College itself.

I moved to Mumbai to start work as an architect with the renowned architect Hafeez Contractor in the year 1994. In the year 2002, Jhankar and I started our own architectural studio by the name of MJDS.

As an Architect, I have always looked for something that normal eyes don't. I try to find inspiration in anything and everything, in the hidden elements of Life. Architecture to me is, 'Trying to make the world a little bit more like our dreams', and Design is not just a philosophy, it's for Life.

As an architect, I would like to contribute towards the under-privileged slums community. It would involve working on the upliftment of slums' infrastructure and life, by upgrading the hygienic and living conditions of the settlements, incorporating innovative waste and drainage systems.

My dream community project is to enable setting up of 'Waste Products Malls' in Metro Cities of India. Waste Products Malls are a one-stop solution for various social issues such as:

- Disposal of various categories of dry waste.
- Opportunities for designers to work on sustainable products.
- Opportunities for skilled ladies, special kids to work on revenue generating sustainable projects.
- Revenue generation on conversion of waste to worth.
- Creating awareness of sustainable products amongst masses.

We are blessed with two adorable kids. Our 23-year-old daughter Kuhu has done her master's in biomedical science and is working as a research associate at a firm based in Mumbai. Our 21-year-old son Moksh has completed engineering in Mechatronics and is joining Samsung Noida as an engineer from July 2023.

I'm passionate about sports, and love riding out to explore destinations on my bike. Reading and watching fiction have always been my best relaxing hours. Socialising is a key element in my mantra for Happy life.

***"There is no path to happiness; happiness is the path."***

# TOYS AND BOOKS ARE FOREVER

By Natasha D'costa

NATASHA D'COSTA

“As a nation today we have discarded the practice of recycling toys, books, bicycles and a lot of other useful items that we would earlier reuse or hand out to younger children in our family. Today the culture is, “I will buy you a new one”, rather than reusing.”

The ‘donate or swap a toy and book’ drive has been initiated to encourage people to recycle first within their own circles.

As a nation today we have discarded the practice of recycling toys, books, bicycles and a lot of other useful items that we would earlier reuse or hand out to younger children in our family. Today the culture is, “I will buy you a new one”, rather than reusing. Schools don't allow you to reuse textbooks, bicycles rot at societies but are not recycled.

We are looking at changing this culture by gently asking societies to collect and swap used toys and books. This year the drive was conducted at four societies: Brook Haven, Kalpataru Estate (JVLR), Vasant Galaxy and Rustomjee Ozone. We collected 130 kg of books and toys. They were given out more as donations, though, not for swapping. No one came back to check what they could get back for free against the coupons given to them in lieu of their old toys and books.

I hope to do this more often so that the change takes place gradually. For now, I am pleased to say that we handed over 50 kg of good story books and toys to Shradhdhananda Mahila Ashram. We also donated 20 kgs of adult novels to a library. We recycled 60 kg of text books and broken toys.

It's a start. I do hope that all my fellow members join in with their societies to swap not only

books and toys but smiles, jokes and laughs on items that they share... Seriously, the virtual world has its pros but I enjoy interacting with real people in person... It's slowly dying in societies too as all are busy in their own bubbles. Now we have more reason to smile and interact.

My grateful thanks to Rtn. Kala and Rtn. Madhavi, who created a lot of awareness in their societies Vasant Galaxy and Rustomjee Ozone respectively. They both circulated the event details and encouraged good participation in their societies. Not only did it increase our collection, but it created awareness among a large number of people – which is our ultimate aim.

## DR. SHUBHANGI REDISCOVERS HER MOJO

By Anuradha Kumar

Rakesh and I were missing the 'youngest' member of our Club, who celebrated her 80th birthday on May 21, since we hadn't met her for a long time. It was the evening of June 7. As we rang the bell at the house of Rtn. Dr. Shubhangi Dhage, she welcomed us with an infectious smile and open arms.

The *poha* that she had prepared with her own hands and garnished with her affection was too yummy for words. And the *kulfi falooda* that followed was oozing with her love and a few welcome calories.

Then came the surprise item. Dr. Shubhangi brought a *pitari* of exquisite acrylic-on-canvas paintings, and told us that she has rediscovered her passion and spends her spare time creatively, painting pictures of subjects she likes.

In times to come, RCMJ will see more of her hidden talent.

## Narinder's Son in Finals of I-Shine Contest

Rtn. Narinder Madan's son has made it to the finals in ICICI Bank Fitness and Hygiene section for I-Shine contest. The contest was on All India basis. Here he is extreme right with Mandira Bedi and other contestants. ▶

# BREAKING NEWS

- **RCMJ Wins DG's Platinum Trophy at District Shukriya on June 25.**
- **RI President issues Certificate of Organization to Rotary Community Corps of Mumbai Juhu and Rotary Community Corps of RCMJ-Oshiwara - both sponsored by RCMJ.**
- **District 3141 is the highest TRF giving District in the World during 2022-23, with a contribution of over \$5.5 million.**

On May 31, an oxygen concentrator was donated to Samdarshan Seva Parivaar. The cost was Rs. 50,000.

On June 3, one more oxygen concentrator was donated to a Branch of Maru Ghar. Thanks to Rtn. Hemang Jangla for driving this project. This was the 21st concentrator under this project.

On May 31, Rtn. Madhavi Chaturvedi's daughter Anvi conducted a dance therapy session for the children at Desire Homes.

The children thoroughly enjoyed the session and are looking forward to more such sessions.

On June 10, Jhankar (Rtn. Manu's spouse) took a session for the staff of BKC Advisors on 'mental wellness at work place'. Over 30 people benefitted from the session.

On June 14, the final Alpha blood donation camp was held at Andheri Station West. This was the 12th such camp for the year. The final count of blood collection for the day was 106 units.

On June 19, an eye check-up camp was held at AB Goregaonkar School. 375 patients availed of the check-up, with students and teachers both participating in the camp. Bournvita biscuits were distributed at the camp, courtesy Rtn. Hemang Jangla. Rtn. Amarjit and Rtn. Arun represented RCMJ at the camp.

## THE LAST WORD

**“The hand-over of responsibilities is so well-organized that no Cinderella rushes back home without her glass slippers at the stroke of midnight”**

June 15, 2023 was a momentous day in the history of RCMJ. After an extremely successful Rotary year, Alpha President Sridhar Ramasubramanian handed over the reins of the Club to the Incredible President

Arun Wadhwa and his team. This was a ceremonial hand-over. The actual transfer of ‘responsibility’ (I am consciously not using the term ‘power’) takes place on the midnight of June 30. Rotary is perhaps the only organization in the world where over 37,000 outgoing Presidents pass the baton overnight to incoming Presidents. Come July 1, and there is a whole new crop of leaders fully trained and motivated to discharge their responsibilities during the new Rotary Year. While installation ceremonies of the incoming President take place on different days in June and July, the hand-over of responsibilities takes place at midnight on June 30. It is so well-organized that no Cinderella rushes back home without her glass slippers at the stroke of midnight. There is no parallel of this humungous effort in the corporate world. The secrets of the repeated success of this unparalleled exercise are: *Motivation, Organization and Learning.*

Beginning with Motivation, Rotarians worldwide are a motivated lot .... motivated to make a difference, motivated to leave their footprints on the sands of time, motivated to give back to the society more

than they have taken from it. Secondly, the Organization. Rotary is structured to support the annual change of guard. The structuring of Clubs, Districts and Rotary International supports this activity. Continuous interaction between the different layers facilitates it. Every person who joins Rotary is viewed and treated as a leader and a potential President, and is provided with all the encouragement and help to move on to the District and then the International level. The prestige and the opportunity to serve multiply as one climbs the ladder.

Finally, the Learning. Every Rotarian gets a plethora of learning opportunities every day – formal and informal. Depending on their aptitude and attitude, they can go in for a different assignment every year and keep learning along the way. Their leadership skills get honed continuously, and the impact they make on the society keeps increasing every year.

There is no limit to the altitude that a Rotarian can soar to. There is no lack of opportunity to keep growing in Rotary, if one has the hunger to serve and grow.

**Rakesh Kumar**  
**Editor**

# REQUEST SUPPORT FOR OUR PROGRAMS:

## V. N. DESAI HOSPITAL

- This hospital has one of the best equipped and talented child physicians among all govt. hospitals in the area from Dharavi to Andheri.
- We support the requirements of the pediatrician ward in the hospital.

## SAKSHI

- Sakshi works in the area of POCSO & DEI
- It educates college children regarding sexual abuse and what they can do to prevent it.
- It makes them into “Rakshins” – protectors of children from sexual abuse

## ADHAR

- Adhar is among the largest in Asia which takes lifelong 24x7 care of more than 355 specially abled adults.
- State of the art care facility in Badlapur and Nasik with vocational activities.

## UMANG

- Unique trek for the Physically challenged
- More than 100+ participants.
- The trek has won awards in various competitions

## CLT

- Training programs for healthcare workers to manage Complex Lymphedema Treatment.
- This is an intensive 9 day course which will enable the caregivers to improve the quality of life of cancer patients.

## MENTAL HEALTH ANGELS

- Equipping mental health workers with the latest methodologies in managing mental health challenges
- Practical training in institutes like Adhar and in organisations which cater to people with mental health problems.

# REQUEST SUPPORT FOR OUR PROGRAMS:

## SANSKAR

- Interact Training Assembly which is planned to be held this year on
- Date : 4th of August 2023  
Time : 9 AM onwards till Lunch  
Venue : Rajhans Auditorium, Andheri West

## UDAAN

- Udaan is the Interact District Conference is planned to be held this year.
- Date : 29th of September 2023  
Time : 10 am onwards.  
Venue : Rangsharda, Bandra.

## STRAY HAPPY

- Stray Happy strives to take care of the abandoned animals in the streets of Mumbai.
- It cleans them, provides, temporary care facilities, provided vaccination and neutering facilities, and also puts them up for adoptions.

## ENVIRONMENT & E-WASTE RECYCLING

- Tree plantation
- Green waste to mulch
- Waste management for large events (200+ people)
- Environment Clubs at school / college.

## NATIONAL INTEGRATION

- Association with the army for development of Machal and its population.
- Sponsoring children for school, soft skills training, helping in medical projects, helping in need-based requirements, etc.

## TANYA COMPUTER CENTRE FOR BLIND

- Tanya Computer Centre (TCC) provides computer literacy to the visually challenged across India.
- Today TCC has 14 centres across India.
