ROTARY CLUB PRESIDENT'S MESSAGE

Rtn Chander Kant Suri

As the pages turn and the calendar welcomes a new year, it is with immense pride and gratitude that I reflect on the journey we have undertaken together as part of our Rotary family. The year 2023 has been a testament to the power of service, community, and the unwavering dedication that defines our Rotary Club.

December is the month of Disease Prevention and Treatment. In accordance with the current Rotary month theme of Disease Prevention & Treatment, we carried out a mega project of distribution of 625 numbers of Menstrual Reusable Hygiene Kits to the female students of Sant Savlaram Maharaj Vidyalay at Kharad Gaon. A Dental check-up and Treatment of Students of Datatriya Keshav Suryarao School, Talwali was organised. It was for the first time that the Dental Treatment was provided on the spot. We had a four days & three night picnic to Ratnagiri/Kolhapur building the bond among Rotary family members.

We had OCV on December 1, 2023, well appreciated by all including the District Governor.

We will be having our flagship projects like Elocution Competition, Football Competition and Republic Day in January 2024. We are also planning some exciting Fellowship Programmes.

As we step into the promising landscape of 2024, let's carry forward the torch of service, friendship, and Rotary values. There's much more to be done, and our collective strength will propel us toward new heights of achievement. The possibilities are boundless when we stand united under the Rotary Banner.

Thank you, each one of you, for your dedication, passion, and the difference you make every day. Our Rotary journey continues, and I am excited about the chapters we'll write together in the coming year.

Wishing a Happy and Prosperous New Year 2024 to my fellow Rotarians and my families.

इस रिश्ते को यूँ ही बनाये रखना, दिल में यादों के चिराग जलाये रखना,
बहुत प्यारा सफर रहा 2023 का... बस ऐसा ही साथ 2024 में भी बनाये रखना।

Rtn Chander Kant Suri
President

EDITOR'S MESSAGE

Rtn Sharat Jain

Dear Readers,

December in Rotary is Disease Prevention and Treatment Month.

Disease prevention and treatment is one of the Rotary Foundation Areas of Focus. The health and vitality of a person, a family and a community can be seriously impaired by what in many cases is a preventable disease. Disease prevention is really a keystone to progress in other areas as well because of the interplay with other areas of focus like Water and Sanitation and Maternal & Child Health.

At Rotary Club of Mulund Hills, Medical project such as Project Red at Dombivali School and Dental Checkup Camp Padgha were main projects of the month.

Official Club Visit of Governor and 4 days outdoor picnic to Ratnagiri and Kolhapur were the other highlights of the month.

All of the above are being extensively covered in this bulletin apart from other club programmes and projects.

“Down Memory Lane” and “From the Lense of Members” are being skipped this month for want of space, will be continued next month.

Articles, photos and anecdotes for the bulletin are always welcome.

A very Happy, Healthy and Prosperous New Year to all of you and your families.
