## MESSAGE FROM THE PRESIDENT

Dear Rotary Members,

This month has been a testament to the power of collective action and meaningful impact. Our club continues to make strides, and the results speak volumes.

We proudly inaugurated the **SNEH Vocational Skills and Training Centre** at **Cheshire Home**, impacting over **100+ differently-abled** individuals by equipping them with essential skills for economic independence and personal dignity. This initiative is a cornerstone in our mission to build an inclusive society, one person at a time.

In parallel, we transformed lives through nearly **100 eye surgeries** for those in need—giving the gift of sight to individuals who lacked access to this critical care. Every surgery is not just a procedure, it's a life restored, and this achievement underlines our unwavering commitment to health and well-being.

Our **Interact Club** Installation at **New Era Public School** saw the empowerment of over **100 students**, setting the stage for the next generation of leaders in service. Their energy and passion remind us of the bright future we are helping to build.

We made history with our first-ever **Comedy Night** with **Jeeveshu Ahluwalia**, a laughter-filled evening that brought over **150** members and guests together. It was an unforgettable event that marks the beginning of more unique experiences for our community.

Finally, our **Business Forum Night** with **Varun Alagh** offered invaluable insights to over **50 business leaders** on building sustainable brands and leadership resilience. This event was not just about networking—it was about creating value for our members through thought leadership.

Together, we are driving lasting change, one initiative at a time. The numbers reflect our progress, but the impact we're making is immeasurable.

Warm regards,
