Rotary Year:2023-24 Issue:July 2023 Total Page -12

For Private Circulation Only

Hello Incredible Friends!!!!

Welcome to Incredible year, There is always a new beginning on 1st July for Rotary Year and this year 23-24 its Incredible beginning,

From President Desk

First and foremost, I want to express my deepest gratitude to all of you for entrusting me with this important role.

As your president, I am committed to fostering an environment that encourages innovation, collaboration, and inclusivity. I firmly believe that every member of our club has unique talents and perspectives that can contribute to our collective impact.

Together, we will embrace change and adapt to the evolving needs of our community and the world at large. We will identify new avenues for service, exploring opportunities to address emerging challenges and create sustainable solutions. I believe in the saying "Lehero se dar kar Nauka Par nahi hoti, Koshish Karne walo ki Kabhi Har Nahi Hoti".

Let us march forward with enthusiasm, dedication, and an unwavering commitment to service. Our Rotary Club has a bright future ahead, and I am excited to embark on this journey with each and every one of you. As someone said, "individually we are one drop, together we are ocean."

I am sure that you are all prepared for an incredible year 2023-24, filled with excitement. As someone said, "Alone we can do so little; together we can do so much."

Thank you for your trust and support. Let's rock this year!

Rtn. Tarun Gadia
President 2023-2023

THE 4 WAY TEST:

of the things we think, say or do

- ☛ Is it the TRUTH?
- ☛ Is it FAIR to All Concerned?
- ☛ Will it Build GOODWILL & Better Friendships?
- ☛ Will it be BENEFICIAL

SAVE EARTH

19th April Club Assembly

Every blood donor is an asset to the nation who saves people's lives, and we are one of them. Mega Medical camp. Service above self.

19th April DTA

DISTRICT Training ASSEMBLY

The District Training Assembly is a chance for club officers, committee chairs and assistant governors to further develop leadership skills and refine strategies to achieve their goals.

All Rotarians who accept key club leadership roles are encouraged to attend the District Training Assembly. Training assemblies like this are the best way to help your club be even more successful in 2023-24

Attendees will discover tips to take our Clubs and District to the next level. Breakout sessions are planned for:

- Club Presidents
- Club Treasurers
- Club Secretaries
- Foundation Committee – including Grant Management Seminar*
- Membership Committee
- Service Project Committee
- Public Relations Committee
- Administration Committee

Club Assembly

The club assembly is a regular rotary club meeting where there is no scheduled program but where the club president does club business such as having the Club directors report to the club on their projects, discuss upcoming fundraisers, etc. Club Assemblies should be held quarterly.

Fellowship provide opportunities for Rotarians to make lasting friendships outside their own Club, District or country. Fellowships contribute to the advancement of world understanding and peace. Also, Fellowships serve as an incentive for attracting new members to Rotary and retaining our existing

CONGRATULATIONS

The awards that cherish fairness and reward ideals

The recently-concluded 35th Jannalal Bajaj Awards, curated by the Council for Fair Business Practices, saw the who's who of the corporate world in attendance

etpanade@timesgroup.com

The Jannalal Bajaj Awards (JB Awards) is one of the flagship events organised by the Council for Fair Business Practices (CFBP). In the past, dignitaries who have attended as its chief guest include the who's who of India's political and business worlds — ARI Abidil Kalam, Manmohan Singh, Nandan Nilekani, Narayana Murthy to name a few. This year, it was Keki Mistry, vice-chairman and CEO, HDFC, who is also on the CFBP advisory board.

Every year, CFBP invites applications from major conglomerates, SMEs and charitable associations, and an eminent jury decides the winners on the basis of presentations made by the shortlisted applicants. The jury judges the entries on several criteria like employee satisfaction, diversity and inclusion, consumer satisfaction, environmental sustainability, etc. In this manner, CFBP ensures that strict standards are adhered to by the industry. CFBP president and well-known lawyer Swapnil Kothari said, "In today's competitive times, with fair business practices being imperative, we endeavour to touch every spectrum of our society — be it industry, medicine, law, women empowerment or education."

(From left) Vineet Bhatnagar, BN Srikrishna, Keki Mistry, Swapnil Kothari, Shekhar Bajaj and Mickey Mehta

Rich history
The council was founded by eminent industrialists like JRD Tata, Ramkrishna Bajaj and Soti Godrej along with Arvind Mafatlal, FT Khorakiwala, JN Gusder, Keshub Mahindra and others in 1966. CFBP has some of the country's foremost professionals and industrialists on its advisory board and executive committee or

"Given its stratospheric growth, both in size and stature in the past four years, CFBP is spreading its wings nationwide and looks to go global in a few years"
— SWAPNIL KOTHARI

The CFBP team with all the winners

involve team. "The JB Awards lay down a roadmap for future generations to emulate their great predecessors as they continue to make a difference to society. Given its stratospheric growth, both in size and stature in the past four years, CFBP is spreading its wings nationwide and looks to go global in a few years in accordance with its illustrious legacy," Kothari said. "The awards honour organisations that demonstrate unwavering commitment to fairness, integrity and responsible business practices. They embody the spirit of Jannalal Bajaj, a visionary industrialist and philanthropist who believed that ethical conduct drives positive change and is the foundation of sustainable growth. If value systems are in place, fair business practices become the very mantra of the organisation."

- Honouring the best**
- Manufacturing enterprises large: JSW Steel Coated Products, Hindustan Copper, and Oil & Natural Gas Corporation
 - Manufacturing enterprises SME: Garzi Huttenes-Albertus
 - Service enterprises large: Blue Bart Express and ECGC
 - Service enterprises SME: Breach Candy Hospital Trust and Godrej Memorial Hospital
 - Trade and distribution SME: Mumbai Kamgar Madhyawarti Grahak Sahasari Sanotha Maryadi (Agas Dhas)
 - Charitable association: Gem & Jewellery National Relief Foundation

Unwavering optimism
Over the course of his regular interactions with international investors, Mistry was happy to note their unwavering optimism due to the positive image that India has been able to create through greater transparency and a fair regulatory framework. Given the burgeoning digitisation and the fact that India is poised to become the third largest consumer market behind US and China, consumer spending in India is expected to grow from \$1.5 trillion to nearly \$6 trillion by 2030. Seeing a greater role for CFBP in the coming years, Mistry believes that for fair business practices to be truly effective, organisations need to adhere to nine principles: Strong business ethics, a focus on compliance and reputational risks, internal financial controls, code of conduct, strong risk management practices, constant communication with staff, an effective whistleblower programme, robust corporate governance practices and an independent board.

Ashok Bhanshali is Appointed as Honorary Treasurer CFBP

Founder member and chairman of the CFBP advisory board Shekhar Bajaj observed, "JB Awards is a commemoration of my family's staunch commitment to fair practices, both in business and public life. It reinvigorates the faith of the common man in the industry, as it lays down strict criteria on which there can be zero compromise."

19. EDUCATION BY ROTARY CLUB OF MUMBAI ELEGANT

Rotary Club of Mumbai Elegant donated 4 computers to MES School in Mahabaleshwar and held a fellowship

Our Honourable Prime Minister Shri Narendra Modi's vision and initiative led to the United Nations General Assembly Declaring the year 2023 'International Year of MILLETS ' (IYOM), with support from more than 70 nations across the globe. It will help create awareness throughout the world about the significant role of MILLET in sustainable agriculture and its benefits as a nutritional superfood.

Ms Shaba Karandlaje represented India at the opening ceremony in Rome and read the Prime Minister's message to the august gathering.

The Prime Minister touched upon raising awareness to create 'MILLET MINDFULNESS' and highlighted the tremendous role that institutions and individuals can play.

The Prime Minister's message on occasion can be found below:-

Informing that MILLETS are among the earliest crops grown by humans and have been an essential source of nutrients, the Prime Minister emphasized making it a food choice for the future. Highlighting the challenges of food security, he also mentioned upon how climate change is affecting the food availability.

A global movement related to MILLETS is essential since they are easy to grow, climate resilient and drought resistant.

Prime Minister informed that MILLETS are a rich source of balanced nutrition for consumers and compatible with natural ways of farming, and need less water. He also remarked, "MILLETS are suitable for the cultivator and resistant to climate changes.

In addition, they benefit cultivators and our environment. There is a need for diversity on the land and our tables. If agriculture becomes monoculture, it will impact our health and the health of our lands. MILLETS are an excellent way to increase agricultural and dietary diversity

While institutional mechanisms can encourage the production of MILLETS and make it profitable via policy initiatives, individuals can make health-conscious and planet-friendly choices by creating MILLETS a part of their diet. Therefore, the PM is optimistic that the IYOM 2023 will start a mass movement towards a secure, sustainable, healthy future."

It will help in creating awareness throughout the world about the significant role of MILLETS in sustainable agriculture and its benefits as an nutritional and superfood. India is poised to become the global hub for MILLETS, producing more than 170 Lakh tonnes, making for more than 80 % of the MILLETS produced in Asia.

The earliest evidence for these grains has been found in the Indus civilization, and was one of the first plants to be domesticated for food. It is grown in about 131 countries and is the traditional food for around 60 crore people in Asia & Africa.

The Government of India has declared to celebrate the IYOM, 2023, to make it a people's movement so that the Indian MILLETS, recipes, and value-added products are accepted globally.

I just heard on one of the TV channels that the Central Government is thinking of removing 18% GST to 0% to promote MILLET in India,

The IYOM provides a unique opportunity to increase global production, ensure efficient processing and consumption, promote better utilization of crop rotations and encourage better connectivity throughout food systems to promote MILLETS as a vital component of the food basket.

In a brief message, the FOOD AND AGRICULTURE ORGANIZATION (FAO), said that the Opening Ceremony of the Year of MILLETS IYOM 2023 hosted by the FAO aims to raise awareness and create momentum for the IYOM 2023 by engaging FAO members and other relevant stakeholders and highlighting the benefits of promoting the sustainable cultivation and consumption of MILLETS.
