Mansa - Hey Karishma!

Quite an eventful month. We have a long list of events for this one.

Karishma - Hi Mansa... tell me about it! From Olympic to fellowship .. we had a long race to run!

Mansa - My heart swells with pride to see India perform so well and bring back 1 silver and 5 bronze medals.

Karishma- Kudos to their achievements Mansa!

Hard work and dedication is all we require to achieve our goals

Mansa - The vibe of the month has been a great one

It had to be starting with friendship day and moving to the preparation of the magnum carnival the club was hands full. The hustle and bustle of all the events clubbed together gave us an extraordinary month of togetherness and fulfilment

Karishma - Surely Mansa each event was so full of energy enthusiasm and excitement that this month flew by in just a glance.

Mansa - And as we say let's wrap up the month MAGNUM STYLE

Friendship's Day

Doston ka fasana, mehfil jami thi khoob
Rotary ne diya Friendship Day ko Suhana ek roop!

Suna hai mazaa aayega,
jab mil baithenge yaar..
Aug 4th ki dopahar humne dekha,
doston ka asli pyaar!

SHIVANI BHAIYA

Bachpan ki photo dikha kar,
recognise karne ko bole,
Aaj ke kameene doston ko,
Masoom chehre mein dhoondo bole.
Likhein pyaar ke pehgaam doston ko humne,
Jo khaas hain ya bakwaas,
sabko kiya salaam humne.

Woh party kya jahan sur aur taal ka mel na ho,
Dosti nibhane ke wade aur music and gaane na ho.

Khaane ka bhandaar, masti ka sansaar,
Doston ke saath Friendship Day ka tyohaar...
Banaye kaise special seekho humari Rotary se,
Dilk hush ho gaya yaaron... Is din ki celebrations se!

Magnum Carnival

AUGUST 15 2024

MOVIE SCREENING
300 KIDS

Magnum Carnival

An early day for the magnum Rotarian, on August 15th, as we assembled awaiting to experience the season 6 of the magnum carnival. The team was bustling with excitement and a bit of nervous energy. **Today, we were going to give an experience of a life time to 300 less privileged kids.**

NEETHU BAID

The members waited for the buses to arrive. As the buses pulled up to the theatre, the kids' anticipation reached a fever pitch. Our team had arranged a red carpet for the deserving kids to make their first private movie screening an enjoyable one. **The movie started and the theatre was filled with the collective awe of kids watching the screen with wide-eyed wonder, whistles, scream, Laughter, gasps, and cheers filling the air and creating an electric atmosphere that makes all the effort worthwhile by the Rotarians.** After the movie, the kids shared their experience and took back a well curated gift from us. The day wrapped up with photos and a sense of accomplishment.

Despite the challenges we faced in arranging the carnival in a shorts span of time, Akshay and him team worked with precision. We raised funds necessary through generous donations from our members and their friends and family and we managed to gather a sizeable amount. Despite the tight timeline The coordination of buses, finalize snack orders, breakfast and lunch menu and arrange special accommodations with the theater all was done in a jiffy by the members. The team's hard work is evident as they selflessly managed all the last-minute details well.

The day was a resounding success, thanks in large part to the members for their dedicated efforts.

Magnum Success party

The Magnum carnival was a resounding success, bringing together the community for a day filled with joy, excitement, and shared experiences. The event buzzed with energy and enthusiasm and this was carried forward to the carnival success party at Bask on 29th August.

Magnumites caught up with high spirits reminiscing the past events.

The success of the carnival can also be attributed to the dedicated volunteers who worked tirelessly behind the scenes. The positive feedback from attendees reflected their hard work hence we raised a toast with coffee and green tea mugs in our hands and smiles of contentment on our faces .

MUKESH SARAF

“ IF YOU
HAVEN'T MET
ME YET DONT
WORRY-
YOU'RE NOT
ALONE. ”

Hello Magnumites!

KNOW YOUR MEMBER

It's hard to believe, but I've been a part of this amazing club for just over a year now. As a self-proclaimed introvert, I'm probably the guy who blends into the background at most gatherings. If you haven't met me yet, don't worry—you're not alone!

On the professional front, I work at Avendus Capital (Spark Capital until 2022, before getting acquired by Avendus). I've been in the financial trenches since 2007.

I'm deeply entrenched in the world of Institutional Equities.

Simply put, I work with large institutions like mutual funds, insurance companies, and foreign institutional investors.

My job involves teaming up with the equity research departments of these funds to figure out which stocks are worth buying or selling.

These are the folks who make those big decisions about where your hard-earned money goes. So, if you've ever wondered where your mutual fund money ends up, I might have had a hand in that!

I mainly focus on the Automobile, logistics, and aviation sectors. One of the perks of my job is getting to chat with the big shots from top companies in these fields. It's like having a backstage pass to the business world, where I get to see the inner workings, challenges, and opportunities up close. Like me, my colleagues work closely with different sectors such as healthcare, IT, banks, Capital goods etc. So, at work I get diverse perspectives and insights into various business models.

Outside of work, I'm a bit of a sports junkie. When I'm not at the gym, you might find me playing cricket, badminton, TT, pickleball or snooker. Let's just say I like to keep it as varied as my stock portfolio!

Now, speaking of stocks, I get asked for stock tips more often than I'd like to admit. It's almost as if people believe that money making is a child's play. The truth is, after 17 years in the market, I've seen it all—the good, the bad, and the downright ugly. Everyone hears the success stories of people doubling their money in few days, but rarely do we hear about those who've lost half their investments.

My golden advice to anyone diving into the stock market is to diversify your investments. Balance your portfolio with a mix of equities, debt and other asset classes. And remember, patience is key. The stock market isn't a sprint; it's a marathon. So, don't rush the process—give your investments time to grow and reap the rewards.

Stay wise, stay patient, and enjoy the ride!

KNOW YOUR MEMBER

I am Raveen Kothari , an alumni of The School- Krishnamurti Foundation India, completed my B.Com in D.G.Vaishnav and went on to get an MBA from Madras University.

From my college days I started investing time in being a part of my father's business. **The company known as Basic Engineers and Traders, was founded by him, and is located on EC street, Chennai. We meet the requirements of various industries since 1952 as dealers/distributor. Our prestigious main associates are the Kirloskar, CG Power, Bch, Abb, Elecon and other established institutions.**

The products we deal in range from motors to industrial pumps, Firefighting pumpsets, gear units and respective spare parts. We strive to market only quality products and to enhance customer satisfaction through quality of services.

Our main focus is to operate as a link between a customer and manufacturer and provide the right product, at the right place, at the right time, and at the right price. **We have been awarded as Southern India's top dealer a number of times.**

In our field we have come across the use of 3D printing and Augmented reality.

Bag distribution

Rotary Magnum successfully completed a Magnum Smiles project by donating 30 school bags to PUPS Sendrambakkam at Red Hills. This generous contribution, valued at Rs. 5,250, was made possible through the support of Rtn Shubhi Jain and Abhishek Jain. The bags were distributed during the Friendship Day fellowship, with all members present. Providing educational resources is a noble act, and this project underscores our commitment to empowering young minds.

Rakhi for Rakshaks - A Heart felt Gesture of Gratitude

In a heartwarming initiative, our Annette's Club and Magnum Smiles came together for a truly touching project on 20-8-24. Five of our young stars visited Nungambakkam Police Station, tying rakhis and presenting gifts to 30 dedicated policemen who selflessly protect our city. The joy on the officers' faces was indescribable, with one even declaring, "This rakhi will be on my wrist till I die." This beautiful act of love and gratitude not only strengthened the bond between our community and its protectors but also reminded us of the human hearts behind the uniforms.

A big thank you to the Annette's and Magnum Smiles teams for making this unforgettable day possible.

Clean Water at Regina Charitable Trust

Led by Shweta Bansal, Rotary Magnum installed a water purifier and dispenser at Regina Charitable Trust. This project completed at a cost of Rs. 17,500 donated by Anonymous donor and Rtn, Jaya Basant, now gives 55 abandoned people access to clean water, helping them stay healthy. Clean water is essential for life and well-being, and providing it is a meaningful and holy act. This project reflects Rotary's dedication to caring for our community.

Annadanam

Food is life, and by donating meals, we give life. 7 Magnum families prepared home-cooked meals (Sambar Rice, Curd Rice, Bisibela Bath, Puliodaria, Kesari etc..) packed it in disposable boxes and gave it to those in need around their homes.

85 meals, 40 glasses of buttermilk, kesari, biscuits and water bottles were distributed with unexplained love.

Wholesome meals

Wholesome meals tea and snacks for a day was donated to Regina Charitable Trust wherein 55 old homeless underprivileged men reside. This was generously sponsored by our Rtn. Jaya Besant Sunder for an occasion very close to her heart. This endeavour to bring smiles for the less privileged is another feather in our cap

the goan Girls

It took us all of 3 nights in GOA away from the hustle and bustle of everyday mundane to realise we will be doing this every chance we get!

Refreshed and rejuvenated here I stand with stories and tales. Each of us with different quirks, moods and take backs from what we dearly loved about each other. Share! Share! Share! Five girls, five suitcases, five times as many clothes as you would usually have with you.

To mention some of our experiences we explored numerous bistros and bars struggling in the rains and new found laws of the land where all ends early..

Our day long and lazy lounging by the pool followed by photo sessions and selfies. Non stop chit chatting and discussions on where to head next... the forever enthusiasm of another sundowner where we dance away the night only to get and back and pickup on our chitter chatter.. lotsa inside jokes too 😄

Every girl must and absolutely must go on a girls trip where bonds are not just made but where some bonds are reinforced and strengthened.

Magnum Tripos the lanka BOYS

A group of 17 young and energetic boys finally landed at Colombo on 23rd August, thanks to numerous days of detailed planning by Siddharth Daga and Akshay Patwari.

The camaraderie among the boys could be seen at the airport wherein the President was felicitated with Sehara.

After a peaceful flight journey, we landed at the vibrant capital of Sri Lanka. Without wasting much time, we sped towards the hotel amid the warm and tropical air of Colombo.

As the evening rolled in, it was time for Vishal Palsani to come in his element for a lot of friendly competitions, inside jokes, and, of course, a lot of laughter. Amid all the ruckuses, the members munched on the crazy varieties of snacks in offering, courtesy Amit Mehta.

Then came the time to explore the city's lively nightlife. A few of the members headed to Dutch Hospital to enjoy the local cuisine while the rest decided to try their luck at some of the popular casinos. But in the end, the day's journey ended in a thrilling note for everyone at the luxurious casino.

It was a lazy start to the second day as people were yet to recover from the hangover of the last night's casino experience. The day began with a stopover at Peshawari to enjoy some kebab with chilled beer. Later, some of the members decided to have an afternoon siesta and some members went for a stroll at the beach.

The day was wrapped up with a special dinner at a high-end restaurant, thanks to Bhavesh. Later in the night some of the members went to enjoy a lively evening at a local bar and some headed back to the casino den to

As the trip draws to a close, there was time for one last group meal at the common room itself. This final meal was a chance to reflect on the adventures of the past two days, share laughs over the highlights, and with many started planning for the next trip. After going over all the countries, it was decided that the next boy's trip will be left to the wisdom of Amit Kankariya and Bhavesh.

This journey has strengthened bonds and created lasting memories and this experience will be remembered for years to come.
