Mansa: Hey Karishma...
Happy Diwali.....

Karishma: Hey Mansa! Happy Diwali to you too.. what a month it was

Mansa: Yes! the festival of lights love and joy overwhelmed us to the brim.. from the non stop Diwali parties to the shopping splurge to the never endings gift sessions.. it was long one!!

Karishma: The lamps, the diya , the traditional attire, rangoli , sweets and not to forget cards parties... we had not stop errands each and every day!!!

Mansa: Magnum was keeping up with the festivities and spreading joy to the less fortunate too.

Karishma: Absolutely! The Royal soirée fellowship and the magnum smiles made sure celebrations did not stop for anyone.

Mansa: I love that Diwali is about new beginnings and positivity.

Karishma: truly Mansa...

And now let's wrap up the month that was in our very own

Diwali 2024

A Celebration of Family, Light, and Love

“As the diyas glow brightly in the night and the air fills with laughter and joy, we gather as a family to celebrate the bonds that light up our lives. This Diwali, may our hearts be filled with warmth, gratitude, and love for one another. May we continue to bring light into each other’s lives, just as these beautiful moments captured here do.

Here’s to our shared memories, the smiles we cherish, and the joy we bring to each other. Wishing our Rotary Magnum family a Diwali filled with love, laughter, and countless blessings.

Happy Diwali to each of you – may this album remind us of the light we share and the strength of our Magnum family.”

Customer is King - Period. does not matter if he is too small, cannot pay immediate, is rude or impractical - he is King for us and we go all out for them

Blow Can Industries the infamous joke around the name....

I have always dreamt and worked to join my family business of Manufacture of Plastic Drums & Containers used for packaging of Chemicals, Pharmaceuticals, Bulk Food, Lubricants etc. Did my Mechanical Engineering from SVCE and MBA from Univ of Arizona with a clear use case scenario of applying to my business right from school days at DAV Gopalapuram.

My 3 Golden Rules in Business

1. Customer is King - Period. does not matter if he is too small, cannot pay immediate, is rude or impractical - he is King for us and we go all out for them

2. Hear the solutions and options from your team first for any task small or big - apply your own common sense and logic always and then only implement a solution or directive. You will either succeed or fail but YOU WILL LEARN THE RIGHT WAY in the end

3. Work Family Balance - keep your wife and family in the loop of your work. Take them to your work place, talk to them about your work so they can understand your timings, your work stress, your travel schedule, your financial positions etc and vice versa. Life becomes very easy

With an aim for digital transformation, we are now looking at providing IOT services to help our customer analyze data and are also trying to expand our footprint into 3D printing

I think Magnum ink is the perfect platform for new members to get to know other members and vice - versa. I think it's been about six months since I joined Magnum and I am happy to be a part of this wonderful family.

With a background in Mechanical Engineering and MBA, I was always keen to make a mark in the manufacturing industry.

After brief stints in a few companies in Hyderabad and Mumbai, I finally decided to come back to Chennai and joined Sinto Bharat Manufacturing Pvt Ltd in 2015. From assistant to the MD to marketing to CEO, it has been an eventful 9-year journey in this company. **To give a brief insight, SBML is a joint venture between Sintokogio Limited, Japan and Tablets India limited, India established in 2012, head quartered in Chennai with offices in Pune, Ahmedabad and Coimbatore.**

The manufacturing and assembly unit is situated near Chennai covering an area of 60000Sq.m, and fully operational from August 2013. **The company specializes in providing advanced technology and equipment for industries like foundries, surface treatment and more.**

With an aim for digital transformation, we are now looking at providing IOT services to help our customer analyze data and are also trying to expand our footprint into 3D printing.

Apart from work, I love to play sports and from being a hardcore cricket player, I am now trying my hand at pickleball. Thanks to the enthusiastic Magnumites, we have been able to play at least 3-4 days a week

Royal Soiree to Remember !

On October 19th, Rotary Club of Madras Magnum transformed Accord into a grand royal court, celebrating Diwali with a dash of sparkle and a whole lot of style. Dressed in their finest traditional attire, members and spouses arrived, ready to revel, and soon the hall was alive with laughter and vibrant energy. With a specially curated menu that made even the humble samosa feel like royalty, everyone indulged in the festive feast.

Sridhar and his four-piece band set the perfect rhythm, serenading us with soulful Sufi and Bollywood numbers. Spirits flowed freely—enough to send many into a festive “high”—and the dance floor became the true throne room of the night! The evening saw one of the largest turnouts in recent memory, with nearly everyone on their feet, dancing with abandon.

We missed our beloved sheesha, but the energy didn't falter. Even as our valiant singer eventually closed down the night, exhausted from the revelry, the crowd reluctantly agreed to call it a wrap but not before a single man Antakshri from Abhishek. It was a Diwali for the ages, blending royal charm, infectious tunes, and a whole lot of Magnum spirit. Here's to more nights as grand as this one!

DIWALI *Fellowship*

The Diwali Royal Soiree was truly a celebration of love, laughter, and camaraderie. The hosts went above and beyond, providing great music, delicious food, and a steady flow of daaru. As we enjoyed the soulful renditions by the singers, the atmosphere transformed into a vibrant qawali night, filling the air with joy and energy.

The crowd swayed to the rhythm, voices rising in unison, creating an electrifying vibe that kept everyone on their feet. Laughter echoed through the venue, as friends shared stories and danced the night away. The festive spirit was palpable, and each moment felt like a cherished memory in the making.

GIRL CHILD EDUCATION

Rotary Club of Madras Magnum sponsored 2nd term fees for 3 underprivileged children of a single mother, one studying in Class 1 and two in Class 5 for a total amount of Rs 30750. Their mother is a domestic househelp. The donor is someone out of the Magnum Family who insisted that he go to the school himself and get details on their progress and then issue the cheques. God bless them for their unconditional service

EGGS FOR CANCER PATIENTS

Rotary Club of Madras Magnum donated 150 eggs to Can kids T Nagar benefitting 55 children who are there away from their home for cancer treatment. Eggs help give them nutrients for their speedy and effective treatment.

We would thank Rtn. Siddharth Daga for sponsoring this every month till June.

GIRL CHILD EDUCATION

Berlin Rose, an underprivileged girl pursuing her law studies does not have parents and was deserted when she was a small girl. Sara mam(a bank manager) is her guardian and needed support for her education fees.

Fees requirement was close to 50k. Her guardian Sara Mam paid 35k. 15k was due because of which she wasnt allowed to write her exams. An anonymous generous donor contributed the bal 15k. Now she can peacefully appear for her exams.
