Editor Rtn. CA Jayshree Karve

From President's Desk,

Hello dear Rotarians!! In the Awesome month of August we started off with Friendship Day celebrations organized by our exuberant Saudamini Renuka Karle. Literacy project was executed in Ulhasnagar where we distributed study Apps only after doing due diligence of their efficacy for students last year .As requested by Principals of Jilha Parishad school Principals we undertook medical camps for students at Shirdhon and Antarli . These projects were followed by CPR Training Programme Co hosted by 2 other Rotary clubs and Cervical Cancer awareness session . Special mention to be made of our representation at candle march organized by IMA – Dombivli branch protesting the heinous crime against a trainee lady doctor in Kolkata.

Editorial Desk ,

Greetings dear Saudaminis. This month was more of a Medical projects month. We embarked on a new venture of CPR training and Cervical Cancer awareness close to our hearts being an All Women Club. We can and should take it further and have medical sessions on women specific medical issues. Also our participation in the Protest March reiterated our staunch commitment to the cause of Women Safety and Protection. We should pitch in our efforts for protection of women at workplace through POSH Act awareness sessions.

- Saudamini CA Jayshree Karve..
