# **Ganpati Festival – Bappa Morya Contest for Most Creative Ganpati Décor**

The Ganpati Festival – Bappa Morya Contest for Most Creative Ganpati Décor was an engaging online competition that celebrated the festive spirit of Ganpati with a creative twist. Designed to showcase innovative and culturally inspired Ganpati decorations, the contest provided a unique platform for Rotarians and their families to exhibit their artistic flair from the comfort of their homes.

Under the able leadership of Tina and Pruthvi Ingale, the contest saw enthusiastic participation from many families, each bringing their own imaginative interpretation to the celebration. Participants fused traditional motifs with modern aesthetics, resulting in vibrant displays that truly captured the essence of the Ganpati festival.

This creative endeavor not only reinforced the rich cultural heritage associated with Ganpati celebrations but also fostered a sense of community and togetherness. By encouraging family involvement and innovation, the event highlighted the importance of maintaining tradition while embracing new ideas.

Overall, the contest was a resounding success, adding an extra layer of joy and creativity to the festivities and leaving lasting memories for all who participated.

# Displaying Rotary Values & Food Distribution for the Needy During Festival

During the Ganpati Utsav, Rotary Club of Ahmednagar Midtown truly exemplified Rotary values by launching a ten-day food distribution drive for the needy. This initiative was a heartfelt demonstration of service above self, as wholesome meals were provided daily to over 1000 beneficiaries, ensuring that the festive spirit reached those who needed it most.

The event not only focused on alleviating hunger but also aimed to build community bonds by uniting volunteers, Rotarians, and local citizens under a common purpose. Each day of the ten-day drive was marked by vibrant energy and a deep sense of commitment to social welfare, with the distribution process organized efficiently to cater to the diverse needs of the community.

By integrating the celebration of Ganpati Utsav with a robust food distribution effort, the Rotary Club showcased its dedication to making a tangible impact. This initiative reinforced the belief that true festivity lies in sharing and caring, as every meal distributed helped foster hope and uplift the lives of many.

Overall, the food distribution drive during Ganpati Utsav was a resounding success, perfectly blending cultural celebration with community service, and leaving a lasting legacy of compassion and unity.

## **RYLA – Health Talk by Dr. Renuka Pathak**

Dr. Renuka Pathak's health talk provided a comprehensive overview of PCOD, focusing on the intricate interplay of hormonal imbalances and insulin resistance as key contributors to the condition. She detailed how these factors lead to common symptoms such as irregular menstrual cycles and weight gain, while also highlighting the serious long-term health risks associated with PCOD, including diabetes, cardiovascular diseases, and infertility.

Emphasizing the importance of early detection, Dr. Pathak underscored the need for regular health check-ups to monitor and manage these risks effectively. She also offered practical guidance on lifestyle modifications, advocating for a balanced diet, consistent physical activity, and effective stress management strategies as essential tools for managing PCOD. Her insights aimed to empower participants to take proactive steps toward a healthier lifestyle and better overall well-being.

The session was interactive, allowing attendees to engage directly with Dr. Pathak through a Q&A segment, which further clarified key concepts and reinforced the actionable prevention strategies discussed. Overall, her talk not only deepened the understanding of PCOD but also provided practical solutions for managing its impact, aligning perfectly with our project's goal of promoting comprehensive community health awareness.

## **RYLA at Booth Hospital – Anaemia & Skin Care**

At Booth Hospital in Ahilyanagar, a comprehensive training program was conducted for nurses and staff, led by our esteemed Rtn. Dr. Deepali Anbhule. The session was designed to enhance professional skills and update the team on the latest best practices in patient care and hospital management.

Dr. Deepali Anbhule's interactive training approach provided participants with valuable insights into effective communication, emergency response, and quality care delivery. The program included hands-on demonstrations, case study discussions, and group activities that allowed the healthcare professionals to engage deeply with the material and share their experiences.

The training not only reinforced core clinical competencies but also emphasized the importance of teamwork and continuous learning in a dynamic healthcare environment. By empowering the nurses and staff with updated knowledge and skills, the program aimed to improve overall service delivery and patient outcomes at Booth Hospital.

Overall, the initiative was a resounding success, reflecting the commitment of Rotary Club of Ahmednagar Midtown to community service and the continuous professional development of healthcare providers.

# **RYLA – Gender Equality by Madhura Zaware**

As part of the Navratri celebration , Rotary Midtown Ahmednagar proudly launched "For the Women, By the Women" initiative, showcasing the power of women in Service and Leadership.

Under this initiative, 9 Rotarian women from Rotary Midtown, Ahmednagar will be leading a variety of impactful projects. These will include health talks on anemia, diabetes, pregnancy care, cancer detection & screening, and nutrition for new mothers and children. Gender equality will be highlighted, along with efforts to promote environmental awareness in schools. The Diwali Expo will empower women entrepreneurs. Additionally, monthly meetings like Chai pe Charcha will help the Anns plan future initiatives, with First Lady P Priyanka (Priyanka Pisute) providing crucial support throughout the initiative.

Here are the details of the Project that will be Executed by Rtn. Madhura Vaidya-Zaware

Madhura Zaware's talk was focused on the importance of Gender Equality, addressing issues that affect girls, boys, and the transgender community. In today's world, outdated gender roles, ignorance towards transgender individuals and the rise of fake feminism are creating confusion and hindering true equality.

A key part of her message is the need for greater acceptance of transgender individuals, who are often marginalized in society. She advocates for breaking down prejudices and ensuring that every individual in the community is given the same opportunities in education, employment, and social participation as others. She hopes to create a society where girls, boys, and transgender individuals can all thrive and reach their full potential.

# Blood Donation & HB Checking Camp

The Blood Donation & HB Checking Camp at New Arts and Commerce, Science College was a commendable health initiative that brought together the community in support of life-saving efforts. At the event, a total of 60 blood bags were collected, contributing significantly to the local blood bank and ensuring that critical medical needs can be met promptly.

In addition to the blood donation drive, an HB Checking Camp was organized for around 200 students. This screening was crucial in identifying those at risk of anemia. For students found to have low hemoglobin levels, immediate support was provided through the distribution of Iron and Vitamin B12 tablets, helping them to address nutritional deficiencies and improve their overall health.

Overall, this dual-purpose camp not only saved lives through blood donation but also promoted long-term well-being among young adults by emphasizing preventive healthcare. The initiative is a strong testament to the commitment of all those involved in fostering a healthier and more informed community.
