Dear Rotary Leaders.

Rotary International is one of the world's most structured organization, where people unite and take action to make MAGIC OF ROTARY in the world. Rotarians worldwide have used their passion, intelligence and energy to take action to create long standing change through many sustainable projects.

The success of any such organization like Rotary International is only because of the seriousness amongst its members to imbibe and share vast information about Rotary and its basics.

While a new Rotary year often signals transition, it does not mean we have to abandon the foundation that makes our clubs who they are. In fact, we should build upon the foundation and progress made by our outgoing leaders and the leaders and members who have helped us get to where we are today. Continuity in terms of working together year after year to reach long term goals is what helps clubs be vibrant and healthy.

This year's RI President Stephanie Urchick selected the Rotary theme as MAGIC OF ROTARY. She says members create that magic with every project completed, every dollar donated, and every new member of Rotary.

The year ahead promises excitement and growth. I challenge myself and each one of you, to surpass our own expectations. There's no greater joy than knowing we've done better than we never ever imagined. Together let's cultivate a world filled with hope, where Rotary's impact knows no bounds. We have the power to shape a better future and with our unwavering dedication, we will make the future a reality through the Magic of Rotary.

Your's Sincerely,

**Rtn.Sudhi Jabbar**  
**District Governor 2024-25**

## **PRESIDENTS' MESSAGE**

New year brings new hopes and opportunities. This year is no exception. When I take charge as the 34<sup>th</sup> President of our valued club many things hover my mind. I got this chance to serve the club much earlier than many other senior Rotarians in the Club and so my responsibility increases manifold.

Discussions with past presidents regarding presidentship revealed many interesting facts. Some were sincere about the activities and projects they could attend to, but received little attention or devotion from fellow Rotarians. Some were excited to share their experience and were thrilled to explain the care and support they got from the club members. Majority of the past presidents expressed satisfaction for their period and wondered whether they could perform better, given a second chance. According to many of them the challenges are aplenty. Much time and energy were wasted on unfruitful discussions and deliberations. The meetings sometime become most deterring. Instead of enjoying the gathering and making use of it to one's advantage, some find it as occasions to show their knowledge and wisdom, which ultimately turns out to be most dull and insolent.

A few of the past Presidents were very excited to explain about the projects and programs they undertook during their period. They were highly vocal about the help and assistance they could gather from various institutions and individuals while executing the projects. According to them the surprising cooperation they could arrange from unexpected quarters added much thrill and enthusiasm in implementing the projects.

The Rotarians are well aware of their duties and responsibilities. The Rotary dues and the connected routine contributions are recurring ones. But according to most of the past Presidents collecting the dues from the members has become increasingly difficult. Asking for dues or reminding the Rotarians about the pending dues may be most tiring and irritating for both. The

Rotarians have joined Rotary voluntarily and for the continued functioning of the Club basic dues need to be paid on priority, without expecting reminders.

The public have already experienced the magic of Rotary. This is the magic which brings smiles in the faces of people through free houses, drinking water, medical help, artificial limbs or by simply spreading awareness about various issues affecting the general public or the underprivileged ones. Are we not honoured to be part of this magic?

## MESSAGE FROM ASSISTANT GOVERNOR

Rotary Club of Kazhakkootam has been a role model for years to almost all the clubs in RID 3211, whether it is in contribution to The Rotary Foundation or leading the different initiatives in New Generation Avenue or undertaking community service projects apart from executing other humanistic activities. I had many opportunities in the past to associate with this club in the formation of Interact and Rotaract clubs at Christ Nagar International School, Government Higher Secondary School, Ulloor and Government Barton Hill Engineering College, Trivandrum etc. During this period, I could experience the enthusiasm and dedication of the Rotarians of Kazhakuttom who were leading the activities from the front.

An eminent and dedicated Rotarian of Kazhakkuttam Rotary Club, AKSM Sudhi Jabbar, who holds the mottos of Rotary close to his chest, has already assumed the office of RID 3211, as District Governor for 2024-2025. We are sure that he will bring in a great name and fame as well as reputation to our district in particular and R.I. in general through his selfless leadership and service. No doubt, he will be an inspiration for the future global leaders. On this auspicious occasion let us take a pledge that we all will serve our best to realize his dreams and that our district will be rated as the best in R.I.

Let me also take this opportunity to wish all the best for a wonderful rotary year for R.C. Kazhakkootam, under the effective leadership of my friend Rtn. PHF. S. Somanathan Nair and his team of office bearers.

limb projects. We did this project sometime back in 2016-17 also and again this year in collaboration with Trivandrum Central Club. One hundred and thirty-two artificial limbs were distributed in this camp, which was inaugurated by Dr. Sasi Tharoor, MP.

Twelve Rotarians from the Club visited Saigon Rotary International at Ho Chi Minh City, Vietnam on 7<sup>th</sup> March, 2024. They have a joint meeting with the club members and agreed to help mutually in Global Grant projects.

### **4. Vocational Service.**

This is an important avenue of service of Rotary and every year we used to extent support to the needy in helping their vocation. This year we distributed five sewing machines and one embroidery machine to the poor women who were into tailoring for their living.

The Club had instituted an award in the name of late Rotarian M K Ajayan. This award is given to the toper in Electronics and Communication in B Tch. course of TKM Engineering College, Kollam. This year it was given to Ms. Durga B R of Punalur. The award consists of a plaque and cash prize.

### **District project – ‘Satrangi’.**

This year the District project was named ‘Satrangi,’ inferring the seven verticals it meant to address. The inauguration of the project was held on 1<sup>st</sup> July itself. We did projects in all the seven verticals like financial support for treatment of cancer patients, help for cardiac care through financial support to SCIMST patients, medical camp for identifying diseases (Padasparsh), awareness class about substance use, support of dialysis patients etc. In addition, we also distributed artificial limbs to 132 patients.

### **Housing project ‘Udayakiran’.**

House constructed under Udayakiran housing project project being handed over to the beneficiary Smt. Ushakumari by President Rtn. Balan Bhaskaran in the presence of PDG R Reghunath.

### **Global Grant Projects**

We had installed six dialysis machines in the CSI Mission hospital at Kazhakuttom with Global grant from Rotary Foundation. The project cost is

**Onam celebrations! Rtn. Syamlal, Mahabali, blessing the President**

about sixty-five lakhs. We had also established a Blood Collection Unit through grant from Rotary foundation in the same hospital costing about rupees twenty-five lakhs.

### **The Rotary Foundation contributions**

The club has been very enthusiastic in promoting contributions to the Rotary Foundation and so far, donated \$3,53,310/- (roughly rupees three crore). This year we have so far contributed \$5,660/- (Rupees four lakhs and seventy thousand only). Rtns. Reynold Gomes, Jerry Fernandez, Bipin Unnikrishnan and Sajeev Joseph are the major contributors.

## **CHARTER? WHAT'S THAT?**

The Charter of a club is a piece of paper issued by Rotary International which authorizes the club to be called a Rotary Club. It is the result of the hard work of some dedicated Rotarians from a neighboring club, who led a provisional group through the process of petitioning a charter to become accepted by the International organization.

The charter of a club represents the Rotary principles and goals that brought the club into existence. The exchange of the charter document is, therefore, an important part of a new President's installation ceremony. Exchange of Charter indicates a symbolic transfer of power and merits attention.

## A Journey through Presidentship.

In this little article, I would like to briefly share my experience with Rotary Club of Kazhakuttom. Having completed my working years, I returned from Saudi Arabia in June 2011.

After a year, I found out that I cannot be idle enjoying pure retirement for long time because all my life I was working for 8 to 12 hours daily. As you can imagine, a person can get restless sitting idle for a year in spite of family engagements and entertainments. So, I talked to my brother-in-law Shibu Raghavan, PAG, RC Kollam City. He explained in detail the good things that happens with Rotary International and Rotary Clubs. He recommended me to Rtn. Major Donor Dr. Rajendran who invited me to join the Club. I happily joined Rotary 12 years ago and began my journey of friendship and fellowship with the Rotarians. I made sure to attend all Rotary weekly meetings, seminars and conferences and interacted with everyone and the relationship continues to grow. Meantime, I have had the opportunity to work as Club secretary, bulletin editor, treasurer etc. which I enjoyed and was happy for my service contribution to our Club.

The purpose of this article is not only to narrate the events that lead to my presidentship but also express the happiness I enjoyed during this tenure. Friends, as a President I enjoyed meeting everyone from time to time including anns and annets, during our family get together and other social events like wedding etc. You get the feeling that you are living in a happy Joint family, like in the olden days. Everyone talks to everyone, share their good and bad things, Anns and Annets meeting each other, engage in dances and music and entertainment games. Not to talk of the fellowship and friendship enjoyed by the Rotarians that transforms into lifelong friendship to a very high level of everyone's life. I hear everyone talk of the good time they had after conclusion of each event.

Only thing that a President hate is collection of funds. May this be mandatory Club dues or for community services, it is hard work for them. At times, Rotarians even give out an impression that the President is always after fund collection. A President has to live with it whether he likes it not, for the best reason that he has to take the Club forward peacefully and successfully. A Happy Club is always a Good Club.

Now you might have understood what I am trying to say. All my years in Rotary and the time spent as President, was thoroughly enjoyable. It throws light into my own life as I was all along working and never had much time to spare to work for a social organization like Rotary. Rotary opened up my eyes to enjoy friendship and fellowship with so many people from different walks of life, working together single mindedly, for doing social and community work and at the same time foster long lasting friendship.

# THE GENESIS

Rotary Club of Kazhakuttom (RCK) was chartered on 17<sup>th</sup> June, 1991 with the unstinted support of Governor's Special Representative (GSR), Rtn. K.G.Nair and Governor's Group Representative (GGR), late PP. Rtn. Krishnan

Rtn. Johnson Peter

Nair. It was during the tenure of District Governor Rtn. A. I. Abraham. Rotary Club of Trivandrum Suburban was the Mother Club. RCK was started with 25 charter members, of which only two are still serving Rotary – Rtn. Johnson Peter and Rtn. Mohammed Rafeeq,

Rtn. Mohd. Rafeeq

During the past 33 years, RCK has been faithful in fulfilling all important regular Rotary obligations by way of conducting regular weekly meetings, Director Board meetings and Club Assemblies. Year after year, without break, the Club has been doing many things to foster friendship and fellowship among members and their families through family tours, Rotarian tours and family get-together.

RCK supported the Rotary International regularly and handsomely. We have five Major Donors, contributing more than nine thousand dollars each, namely Rtn. Rajendran, Rtn. Pradeep Kumar, Rtn. Jerry Fernandez, Rtn. Reynold Gomes and Rtn. Sudhi Jabbar. We also have a qualified AKS Member Rtn. Sudhi Jabbar. The contributions we made so far to the Rotary International (TRF) amounts to \$3,53,310/-, which is about rupees three crores.

Membership has been growing consistently from the Charter membership of 25 Rotarians. We are now forty-nine with four lady Rotarians. We have one Honorary member Rtn. Premkumar, Cine actor. Our club was recognized in many ways by our District. We had so far thirteen Assistant

Governors. Apart from many District Officials. the District Governor for 2024-25 is also from our Club.

We have a system to honor and recognize outstanding personalities and services and instituted five awards for this purpose. These awards are presented annually during the installation ceremony of the President. They are (1) Youth Service Award (2) International Service Award (Salke Award for PolioPlus) (3) Vocational Service Award (4) Community Service Award and (5) Club Service Award.

We have also participated in various categories in the FIRE competitions and won prizes and grades. Annet Devika daughter of Rtn. Vinod Kumar had wone the best solo singer award of the district more than once. We have also wone the first prize for tug of war competitions at the District level twice, under the captaincy of PP Rtn. Shine A Sathar.

**Activities – a birds’ eye view** - While it is possible to present the full details of the activities and projects we did during the last 33 years; an abridged version may be more comfortable. Rotary activities everywhere are focused on the five avenues of service. They are Club service, Vocational service,

community service, international service and new generation service. Our activities too are fixated among these focus areas. Through our projects we try to touch the lives of the people who are at the bottom of the society

In the formative years we concentrated in organizing medical camps, distribution medical beds, tricycles etc. Whereas gradually we advanced to construction of toilet blocks, organizing skill development programs and offering career guidance. At one stage we adopted a village for doing community service projects. Under our Amruthdhara project we distributed forty water purifiers, at one go, to various schools. One of the flagship projects of the Club during 1998-99 was the construction of ten houses for the poor with the support of Matching Grant from The Rotary Foundation (TRF).

Our major projects also include celebrating the marriage of a tribal girl and construction of two more houses during the year 2015-16. The year was also marked by the implementation of the WinS project in the highest number of schools (160) as recorded by the Rotary International. For encouraging paddy cultivation in unutilized paddy fields, the club, through project REAP,

The marriage of a tribal girl was conducted at Nedumangad when PAG Rtn. Meenakumaran Nair was the Club President and PAG Rtn, Anil Nath was the project Chair.

cultivated about ten hectors at Pallippuram and got very good results.

The year 1917-18 saw the most humanitarian project when we donated 105 artificial limbs to the physically challenged. We repeated this project again during 2023-24 in association with Trivandrum Central club when 132 artificial limbs were distributed. We were also involved in the flood relief

Artificial limb camp inauguration

operations during the flood of 2018. We helped many villagers by cleaning and rejuvenating the wells affected by the floods.

Inauguration of the dialysis project

In our efforts to help poor patients we established dialysis centers at CSI Mission hospital, Kazhakutatom, where we installed six machines spending rupees sixty lakhs. Similarly, three such machines were installed in S N hospital Varkala and one machine at Ramakrishna Mission hospital at Trivandrum. Patients referred by our club receive treatment at a reduced rate from all these centers.

Having a roof over the head is still a wild dream for many. In spite of the efforts of the governments, local bodies and other institutions this is still a grey area. We also played our role by constructing twelve dwelling units during the previous years. Presently we are constructing houses by participating in the project Udayakiran of Trivandrum South Club. This is a project partly financed by Chittilapally Foundation. Three houses are complete and others are in various stages. □
