Rotary Monthly Theme (July): Maternal and Child Health

Rotary

“

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. We expand access to quality care, so mothers and their children can live and grow stronger.

MATERNAL AND CHILD HEALTH

Rotary International has made maternal and child health a primary area of focus. The organization's efforts are aimed at reducing the mortality rates of children under five and mothers, and improving access to quality healthcare for both.
