Issue No. : 11/2025-26

May 6, 2026

Rotary Monthly Theme (April): Environment

The Rotary International monthly theme for April 2026 is Environment Month. This dedicated focus emphasizes ecological sustainability, conservation of natural resources, and community projects that protect our planet, culminating with Earth Day activities worldwide.

- **Conservation: Protecting natural habitats and endangered species from permanent degradation.**

Rotary clubs focus on the following core areas during this month:

- **Resource Conservation:** Strengthening initiatives to protect natural resources and habitats.
- **Ecological Sustainability:** Advancing projects that minimize environmental impact and promote long-term ecological balance.
- **Community Education:** Fostering awareness about climate change, pollution reduction, and community-environment harmony.

Environmental protection is the practice of safeguarding the natural world through policies, sustainable habits, and legal frameworks. Its goal is to prevent pollution, conserve biodiversity, and mitigate climate change so ecosystems and human communities can thrive together.

Key areas of focus include:

- **Climate Action:** Transitioning to renewable energy and pricing carbon to reduce emissions.
- **Waste Management:** Minimizing resource depletion by eliminating single-use plastics and shifting toward a circular economy.

Projects/Events Organized in April 2026

Projects 01: USHA SEWING SCHOOL for Girls and Ladies (Tri Weekly Classes by Expert Teacher)

Rotary Club of East Calcutta successfully conducts USHA SEWING SCHOOL for Girls and Ladies (Tri Weekly Classes) by an Expert Teacher since 2008 as a sustainable project. A good number of students from nearby location are taking training from this school
