We have had an eventful Rotary Year 2023 – 24 with some incredible projects which are showcased in this issue. The issue is also blessed with the message and greetings from our incoming President Dr. Amlan Bhattacharya. I take this opportunity to thank for honoring me with the assignment as "Bulletin Editor 2024 – 25". I look forward to the cooperation and contribution in sharing articles from the members of the Rotary Club of Ballygunge to bring our further memorable issues of "Flame".

## Presidential Message

Rotary is at its best when we foster a sense of inclusion and belonging in our clubs. In fact, I would go so far as to say that belonging is *The Magic of Rotary* itself.

With a focus on inclusivity and belonging, it is easier to be united in a common purpose. When we are committed to one another and focused on our goals, we are most effective.

Rotary's Action Plan can help. The Action Plan comes with tools you can use to collect feedback, assess your club's strengths and weaknesses, and address challenges.

The world is changing, and our clubs can't afford to stand still. But the changes we make need to be consistent and strategic — building on one another toward a greater vision. The Action Plan can help you work toward that vision and create effective change within your club. Following the Action Plan and addressing suggestions from the community will go a long way to fostering the sense of belonging we want all Rotary members to feel in their clubs.

That's why expanding our commitment to diversity, equity, and inclusion is so important. Committing ourselves to each other's well-being is the first step to expanding our reach, allowing us to spread Positive Peace in these troubled times.

Peacebuilding is one of our top priorities, and one of the most effective ways we can build peace is with our Rotary Peace Fellowships, through which peace and development professionals learn how to prevent and end conflict.

We offer the fellowships through our Rotary Peace Centers at leading universities around the globe, where more than 1,800 Rotary Peace Fellows have graduated. And thanks to a \$15.5 million gift from the Otto and Fran Walter Foundation, we can continue supporting peacebuilders in more regions with the next peace center at Bahçe ehir University in Istanbul.

Opening another peace center is a monumental achievement, and it is my great honor to invite you to celebrate at next year's Rotary Presidential Peace Conference at the Istanbul center. The three-day conference 20-22 February will highlight the many ways our family of Rotary advances peacebuilding. Registration for the conference is officially open. I hope to see you there.

The 2025 Rotary Presidential Peace Conference has great potential for our peacebuilding efforts — but only if we have your support.

The truth is, we're not going to bring peace to the world, end polio, or grow membership by waving a wand and saying some funny words. It's up to you. You create the magic with every project completed, every dollar donated, and every new member inducted.

I love my Rotary family and I know you do too. That's why I know that together, we can make every club and district simply irresistible. This year, let us change the world by embracing *The Magic of Rotary*.
