The message behind this theme likely centers on the idea that through Rotary's service, dedication, and collaboration, incredible things can be achieved to make the world a better place.

Here's a message inspired by the theme "The Magic of Rotary":
"In every corner of the globe, Rotary brings the magic of hope, compassion, and change. Like magicians of goodwill, Rotarians weave together threads of service, turning dreams into reality and challenges into triumphs. With each project, each act of kindness, we unleash the power of Rotary to create lasting impact and transform lives. Together, let's continue to spread the magic of Rotary, illuminating darkness with light, and making our world shine brighter for generations to come."

This message highlights the transformative nature of Rotary's work and the dedication of its members to create positive change in the world. It emphasizes the idea that by working together, Rotarians can perform "magic" in their communities, bringing hope and joy to those in need.

FROM THE *EDITOR'S DESK* 2024-25

Sunit Roy

Two years back associated with Rotary Club of Behala. Within short span of time how became so involved with all regular activities that I don't know. One day PP Dr. Siddhartha Chakraborty asked me to take the editorship of Maitree. Assignment was challenging and interesting but don't have any experience on it. But strong faith and belief made me accept it in positive note.

Remember one interview of RI President Stephanie Urchick where she described the quality of a leader. She made a comment that people have to trust you, or else they won't trust your vision. A good leader also has to understand the value of praising people, telling them they have done a good job and doing that publicly. And when they have not done a good job, tell them privately. RCB is true follower of her vision.

Tried to incorporate more information, activities and knowledge sharing articles in such a way that Maitree becomes good to better and to best.

To illustrate the role of Rotary and Maitree, like to share a story which was told my wife during morning tea session. One gentleman has put a notice on his entry gate in bold letter, "Nobody is allowed without permission". He saw a gentleman is moving around in his house and he was also feeling very happy and charming. Suddenly he felt that how he has entered in his house although notice is there. He became furious and asked two questions. Have you not seen the notice board? Who are you? Smilingly gentleman replied that he is blind can't see your notice and the next reply was my name is Maitree, people feels my presence as Friendship.

She also emphasizes the continuing importance of the effort to eradicate polio. She urges members to join or initiate PolioPlus Societies in their districts and do all they can to help end the disease. Urchick will lead the 2025 Rotary Presidential Peace Conference in Istanbul, Turkey, 20-22 February 2025, with the theme Healing in a Divided World.

MESSAGE FROM *ROTARY INTERNATIONAL* *PRESIDENT 2024-25*

Rotary is at its best when we foster a sense of inclusion and belonging in our clubs. In fact, I would go so far as to say that belonging is The Magic of Rotary itself.

With a focus on inclusivity and belonging, it is easier to be united in a common purpose. When we are committed to one another and focused on our goals, we are most effective.

Rotary's Action Plan can help. The Action Plan comes with tools you can use to collect feedback, assess your club's strengths and weaknesses, and address challenges.

The world is changing, and our clubs can't afford to stand still. But the changes we make need to be consistent and strategic — building on one another toward a greater vision. The Action Plan can help you work toward that vision and create effective change within your club. Following the Action Plan and addressing suggestions from the community will go a long way to fostering the sense of belonging we want all Rotary members to feel in their clubs.

That's why expanding our commitment to diversity, equity, and inclusion is so important. Committing ourselves to each other's well-being is the first step to expanding our reach, allowing us to spread Positive Peace in these troubled times.

Peacebuilding is one of our top priorities, and one of the most effective ways we can build peace is with our Rotary Peace Fellowships, through which peace and development professionals learn how to prevent and end conflict.

We offer the fellowships through our Rotary Peace Centers at leading universities around the globe, where more than 1,800 Rotary Peace Fellows have graduated. And thanks to a \$15.5 million gift from the Otto and Fran Walter Foundation, we can continue supporting peacebuilders in more regions with the next peace center at Bahçeşehir University in Istanbul.

Opening another peace center is a monumental achievement, and it is my great honor to invite you to celebrate at next year's Rotary Presidential Peace Conference at the Istanbul center. The three-day conference 20-22 February will highlight the many ways our family of Rotary advances peacebuilding. Registration for the conference is officially open. I hope to see you there.

The 2025 Rotary Presidential Peace Conference has great potential for our peacebuilding efforts — but only if we have your support.

The truth is, we're not going to bring peace to the world, end polio, or grow membership by waving a wand and saying some funny words. It's up to you. You create the magic with every project completed, every dollar donated, and every new member inducted.

I love my Rotary family and I know you do too. That's why I know that together, we can make every club and district simply irresistible. This year, let us change the world by embracing The Magic of Rotary.

MESSAGE FROM *DISTRICT GOVERNOR* 2025-26

Dr. Ramendu Homchaudhuri

Dear Fellow Rotarians,

Friends, a new year means new beginnings and new opportunities. As we step into this new Rotary year, we embark on a journey filled with promise and potential. This year, we are proud to have another woman at the helm—Stephanie Urchick. Her leadership inspires us to strive for excellence and make meaningful contributions to our communities.

Rotary's magic lies in its ability to bring together individuals dedicated to making a difference. This year, let's harness that magic to prioritize peace, balance, and continuity in all our endeavors.

The Magic of Rotary

- **Prioritizing Peace** : Peace is fundamental to all our efforts. By fostering understanding, tolerance, and cooperation within our communities, we can build a foundation for lasting peace. Let's engage in projects that promote conflict resolution and support peaceful coexistence.

- **Ensuring Continuity** : Continuity in our actions ensures that our projects and initiatives have lasting impact. By building on past successes and learning from challenges, we can create programs that endure and continue to benefit communities for years to come.

Friends, we all should be proud of the fact that our collective efforts have led us to fight a disease that had been crippling the world for hundreds of years. Friends, you all know what I am talking about: polio. Today, we have only six cases around the world. But this does not mean we have completely eradicated it. We should continue to spread awareness about the disease and the vaccine so that we can sustain our achievement and keep the disease out of the world.

Friends, I want to draw your attention to another matter that needs our grave attention.

Prevention of Preventable Diseases

One of our primary missions is to combat preventable diseases, such as thalassemia and cervical cancer (Ca cx). These diseases can have devastating effects on individuals and families, yet they are 100% preventable through education, vaccination, and early detection.

By working together, we can raise awareness, support screening programs, and provide necessary medical interventions. Our efforts in this field are saving lives and enhancing the quality of life for countless individuals.

Environmental Sustainability

Environmental sustainability is another crucial focus for Rotary. The health of our planet directly impacts the well-being of its inhabitants. We must take active steps to protect our environment through tree planting, waste management initiatives, and the promotion of renewable energy sources. By fostering a sense of responsibility towards our environment, we ensure a better future for generations to come.

As we welcome the new Rotary year, I encourage each of you to embrace Rotary's causes with passion and dedication. This fresh start presents us with new opportunities to innovate, collaborate, and make a significant impact. Let's harness the power of Rotary to create a healthier, more sustainable world.

Together, we can overcome challenges, uplift communities, and leave a lasting legacy.

Thank you for your commitment to service above self. Here's to a year of growth, impact, and transformation.

Yours in Rotary,
DG Dr. Ramendu Homchaudhuri

Tapas Bhattacharya

Rtn Angshuman Bhattacharya
President 2024-25
Rotary Club of Behala

Dear President Angshuman

I am happy that you have taken the mantle of leadership of a prestigious club like Rotary Club of Behala. I do hope under your able leadership the flag of Rotary will rise much higher. I take the opportunity to congratulate to the outgoing President Debarshi Duttagupta and his team for their dedicated service to Rotary during Rotary year 2022-23 and creating hope in the community for a better tomorrow.

I am confident your dynamic leadership will show the magic of Rotary to carry out service projects and support fellowships and scholarships that address the causes of conflict, including poverty, discrimination, ethnic tension, lack of access to education, and unequal distribution of resources. Your club will take endeavour to educate communities and equip them to stop the spread of life-threatening diseases like polio, Cervical Cancer, Thalassemia, and Mental Health & Well Being etc. The goal should be to improve and expand access to low-cost and free health care in developing areas. Let the club support access to clean water and sanitation as well as hygiene programs. When clean water is available, waterborne diseases decrease, children stay healthier and attend school more regularly, and mothers can spend less time carrying water and more time helping their families. I am sure you will make high-quality health care available to vulnerable mothers and children so they can live longer and grow stronger. By providing education, immunizations, birth kits, and mobile health clinics, you will help mothers protect themselves and their children from illness and disease. Your club will support education for all children and literacy for children and adults and will strengthen the capacity of communities to support basic education and literacy, reduce gender disparities in education, and increase adult literacy. Your club will create opportunities to help individuals and communities thrive financially and socially. Your projects will teach people skills that lead to employment and offer networking activities and training in financial management and business development. Your club will support activities that strengthen the conservation and protection of natural resources, advance environmental sustainability, and foster harmony between people and the environment.

With Best Regards

Dear Angshuman President 2024-25,

Ballari joins me in congratulating you as you take up the responsibility of leading your Club in following the theme for the year, 'The Magic of Rotary'.

District looks up to your club for some meaningful service to the mankind. I'm sure under your able leadership Rotary Behala would gift a memorable year to the district.

As we have stepped into the second century of Rotary Service, strengthening our Clubs, our very roots, has become the order of the day! To retain members and strengthen our clubs, we must keep in mind, every Rotarian joined Rotary to contribute something for a cause and has some expectations from the Rotary Club; to retain members, make sure that every member of the club is involved and satisfied. General Secretary of 'Rotary International' & 'The Rotary Foundation', John Hewko, urged Rotarians to think out of box, embrace flexibility, and focus on engagement rather than attendance! We need to change!

You would have to devise an innovative way to run and manage the club; a new thought, how to take up Service Projects! "Be the Magician"

MESSAGE FROM *CLUB SECRETARY* 2024-25

Dear Rotarians and Friends,

As I step into the role of Secretary of the esteemed Rotary Club of Behala, it is with both emotion and happiness that I reflect on my 16-year journey with this incredible club. My association with the Rotary Club of Behala has been nothing short of phenomenal, filled with cherished memories and valuable experiences.

Starting as a Rotaractor under the guidance of our parent Rotary Behala, I have had the privilege of witnessing and being a part of the transformative power of Rotary service. My tenure as District Rotaract Representative (DRR) of RID 3291 was especially memorable, thanks to the unwavering support and encouragement from our parent Rotarians, whose belief in me was beyond words. The same has been as the president and secretary of the Rotaract club and I look forward to the same support as secretary of Rotary club of Behala.

Today, as I take on the responsibility of being the Secretary, I am deeply honored to serve alongside the same inspiring members who have mentored and guided me throughout the years. This role is not just a position but a tribute to the bond we share and the legacy we uphold.

I would like to extend my heartfelt congratulations to Rtn Debarshi Da and Rtn Sanghamitra Aunty for gifting us a memorable 2023-24. Their leadership and dedication have set a high standard for us all. As we move forward, I eagerly look forward to supporting our incoming President for 2024-25, Rtn Angshuman Uncle. Together, we aim to continue our tradition of excellence and service, making this Rotary year a resounding success.

Let us embrace this new chapter with enthusiasm, commitment, and the same spirit of camaraderie that has always defined our club. I am confident that, with the collective efforts of our remarkable members, we will achieve great things and make a lasting impact on our community.

I wish a great year ahead to our dynamic District Governor Rtn Krishnendu Gupta and his team and we look forward to a great Rotary year ahead.

Yours in Rotary ,

Rtn Shuvratav Mitra (George)
