Rtn. Pankaj Chitlangia
President 2024–2025, Rotary Club of Calcutta Visionaries, RID 3291

Dear President Elect Pankaj Chitlangia
Greetings and best wishes from Dr Simran and my family.

It will be yet another historic day on 01 July 2024 when the second-ever lady Rotarian RIPE Stephanie A Urchick from RC McMurray, Pennsylvania, USA, will take over the reins of Rotary International with the wonderful theme "THE MAGIC OF ROTARY".

On the very same date, we too will be extremely fortunate to have been given the opportunity to officially take care of the health and welfare, of all our fellow Rotarians of District 3291 for one full Rotary year.

On that very day, you too shall be taking up the mantle of your club and work towards the benefit of both your club members and the society at large. I am very happy to note that you are already planning service projects and we expect that those shall be sustainable projects creating new development of marginalized people.

The service projects that we do for the benefit of the lesser privileged in our community, is truly magical. It brings about positive change towards betterment and sometimes, a total change in the lives of our beneficiaries. And while doing these meaningful projects, we also get together, bond and enjoy ourselves. This is "THE MAGIC OF ROTARY".

I am positive that your vibrant club shall do this magic, as they have done in the past, and continue to serve to change lives.

Simran and I wish you and your esteemed club members the best and eagerly look forward to working together for a wonderful and fruitful Rotary Year 2024–2025.

Thanking you.

Kind regards.

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST:**
The development of acquaintance as an opportunity for service;
- SECOND:**
High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD:**
The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH:**
The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Good decisions don't just happen.

Ask yourself these 4 questions:

the 4 Way Test
... of what we think, say or do!

1. Is it the **TRUTH**
2. Is it **FAIR** to All Concerned?
3. Will it build **GOODWILL** and Better Friendships?
4. Will it be **BENEFICIAL** to All Concerned?

Dear Visionaries,

Wow!! What a year it has been for me. And I am truly glad and grateful for it!!

Being a President under the tenure of DG Rtn Hira Lalji Yadav has been a great learning. He kept pushing us, kept driving us, all the time being in the Driver's seat, to hold the flag and ethos of Rotary high. His dedication, and the District team's support, has always been the driving force for the entire R I District 3291.

The terrific past leadership of Team Visionaries has been overwhelming, and inspirational too.

Assuming the role of a President of a club as vibrant, talented and energetic as Team Visionaries has been an experience that I will cherish for life.

Know Your Rotary International President - **STEPHANIE A. URCHICK**

Stephanie A. Urchick, of the Rotary Club of McMurray, Pennsylvania, USA, will take charge as President of Rotary International for 2024-25, a decision that would make her only the second woman to hold that position.

Urchick is partner and chief operating officer of Doctors at Work LLC, a consulting and training company. She holds a doctorate in leadership studies from Indiana University of Pennsylvania.

A Rotary member since 1991, Urchick has traveled to Vietnam to help build a primary school and to the Dominican Republic to install water filters. She studies several Slavic languages, has mentored new Rotarians in Ukraine, and coordinated a Rotary Foundation grant project in Poland.

Urchick has served Rotary in many roles, including as a director, Foundation trustee, and chair of the RI Strategic Planning Committee and the Foundation's Centennial Celebration Committee. She currently serves on the Election Review Committee and the Operations Review Committee. She is a Rotary Foundation Major Donor and a member of the Bequest Society.

Believe it or not, but in her younger days, the incoming RI President Stephanie Urchick wanted to become a spy! "I wanted to become a spy and work for the government," she says with a twinkle in her eye.

On how she joined Rotary, Stephanie says her parents were middle class, "Nobody in my family had been in a service club so when I heard about Rotary it was completely new to me. She joined a friend to a Rotary meeting and never looked back after formally joining in 1991. She right away was involved in the Club activities & by the fourth meeting was doing the Club's newsletter. 18 months later she became the Club President.

President Stephanie Urchick creates the "Magic of Service" with strength, patience and passion to reach for the stars and change the world.

Embracing the Future with Vision and Compassion

As we usher in a new Rotary year at the **Rotary Club of Calcutta Visionaries**, we are brimming with enthusiasm and anticipation. This year marks the beginning of our second pilot project, a new initiative that holds a special place in our hearts—a **home for our elderly**. The Old Age Home project embodies our commitment to caring for those who have shaped our past and continue to enrich our present. We look forward to seeing this initiative flourish under our collective efforts.

Reflecting on the past year, we cannot help but celebrate the remarkable term led by our Immediate Past President **Rtn. Deepak Agarwal**. Under his dynamic leadership, we witnessed a period of exceptional growth and impact. Deepak's tenure was marked by innovative projects, strengthened community ties, and a spirit of camaraderie that has energized our club. We extend our heartfelt gratitude for his invaluable contributions.

As we turn the page to a new chapter, we warmly welcome **Rtn. Pankaj Chitlangia** as our incoming President. Pankaj brings a wealth of experience, a deep understanding of our community's needs, and a vision that aligns perfectly with our club's ethos. We are confident that under his leadership, along with his dedicated team, we will continue to build on our successes. We wish Pankaj and his team all the best as they embark on this exciting journey.

Seminar to raise awareness of blood stem cell transplantation

CHRONICLE NEWS SERVICE

BARASAT: DKMS BMST Foundation India collaborated with the Rotary Club of Calcutta Visionaries (RI Dist 3291) to organise a seminar to raise awareness about the significance of blood stem cell transplantation and motivate young individuals to register as potential life-savers as the organisation observed World Thalassemia Day, at the Adamas University.

A stem cell donor registration drive was also organised where more than 350 students registered as potential stem cell donors.

Thalassemia is widespread in the country, and more than 10,000 children are born with the disease every year. Thalassemia is a genetic condition in which a defect in the protein haemoglobin reduces the transport capacity for oxygen in the blood. Patients suffering from the disease can be cured with a stem cell transplant, ideally at an early age. The need for transplants in children is, therefore, extremely high.

However, only 30% of patients needing a stem cell transplant can find HLA (Human Leukocyte Antigen-tissue type) matching donors within their families. More than 70% of patients are looking for unrelated donors, but due to a lack of awareness, only 0.09% of the Indian population is registered as potential stem cell donors. Given the significance of ethnic matching, the probability of Indian patients finding a suitable stem cell donor is significantly higher when seeking donors among fellow Indians. Talking about the programme, Patrick Paul, CEO of the Foundation, said, "It is our mission to support blood cancer and other blood disorders such as Thalassemia patients in India, for which we have launched

the programme. Under this programme the foundation collaborates with local NGOs and transplantation clinics to organise camps where paediatric thalassemia patients and their families travel from far places, sometimes from very remote places, to give buccal swab samples for HLA typing. Samples from the camps are analysed in the laboratory based out of Germany and clinical matching reports of the same are provided. In cases where there is no matching sibling for a sick child, we also support unrelated donor searches for patients."

"Our objective, in collaboration with Rotary District 3291, is to enhance awareness about blood stem cell donation amongst various sections of the society," he added.

Rtn Deepak Agarwal, President, Rotary Club of Calcutta Visionaries, said, "It was surprising to see such lack of awareness on such an important issue. We decided that it was the need of the hour. We firmly believe that if we ignite the spark within us, we can look beyond ourselves and give someone a second chance at life. There is nothing more extraordinary than the act of saving a life."

भारत में हर साल 10000 से ज्यादा बच्चे थैलेसीमिया के गंभीर लक्षणों के साथ लेते हैं जन्म

थैलेसीमिया पर जागरूकता फैलाने की मुहिम शुरू

□ डीकेएमएस-बीएमएसटी फाउंडेशन इंडिया और आरआइ डिस्ट्रिक्ट 3291 ने मिलाये हाथ

संवाददाता, कोलकाता

डीकेएमएस-बीएमएसटी फाउंडेशन इंडिया ने कोलकाता के बारासात में स्थित एडमास यूनिवर्सिटी में विश्व थैलेसीमिया दिवस मनाया. इस मौके पर डीकेएमएस-बीएमएसटी फाउंडेशन इंडिया ने स्टेम सेल डोनर के तौर पर अपना पंजीकरण करने की अहमियत के बारे में जागरूकता बढ़ाने तथा संभावित जीवन रक्षक के तौर पर रजिस्ट्रेशन कराने के लिए युवाओं को

प्रोत्साहित करने के उद्देश्य से रोटरी क्लब ऑफ कलकत्ता विजनरीज (आरआइ डिस्ट्रिक्ट 3291) के साथ मिलकर एक सेमिनार का आयोजन किया. इस अवसर पर डीकेएमएस-बीएमएसटी ने ई-युवा सेंटर (बीआइआरएसी द्वारा समर्थित) के सहयोग से स्टेम सेल डोनर्स के लिए एक पंजीकरण अभियान भी चलाया, जिसमें 250 से अधिक छात्रों ने संभावित स्टेम सेल डोनर के तौर पर अपना पंजीकरण कराया.

हमारे देश में थैलेसीमिया के मामले बढ़े पैमाने पर मौजूद हैं और हर साल 10 हजार से ज्यादा बच्चे इस बीमारी के

साथ पैदा होते हैं. थैलेसीमिया एक तरह की आनुवंशिक बीमारी है, जिसमें प्रोटीन हीमोग्लोबिन में खराबी की

वजह से खून में ऑक्सीजन को ले जाने की क्षमता कम हो जाती है. इस बीमारी से पीड़ित मरीजों को, खास तौर पर कम उम्र के मरीजों को स्टेम सेल ट्रांसप्लांट के जरिये ठीक किया जा सकता है.

डीकेएमएस-बीएमएसटी थैलेसीमिया कार्यक्रम के बारे में बात करते हुए डीकेएमएस-बीएमएसटी फाउंडेशन इंडिया के सीईओ पीट्रिक पॉल ने कहा, 'भारत में ब्लड कैंसर और खून से संबंधित थैलेसीमिया जैसी बीमारियों से पीड़ित मरीजों की मदद करना ही हमारा मिशन है, जिसके लिए हमने डीकेएमएस-बीएमएसटी थैलेसीमिया

कार्यक्रम की शुरुआत की है. इस कार्यक्रम के तहत, डीकेएमएस-बीएमएसटी स्थानीय गैर-सरकारी संगठनों और ट्रांसप्लांटेशन क्लीनिकों के साथ मिलकर मरीजों के लिए शिविरों का आयोजन करता है, जहां थैलेसीमिया से पीड़ित बच्चे और उनके परिवार के सदस्य एचएलए टाइपिंग के लिए बुककल स्वेब के नमूने देने के लिए दूर-दूर से, और कभी-कभी तो देश के बहुत दूरदराज के इलाकों से आते हैं. इस मौके पर रोटरी क्लब ऑफ कलकत्ता विजनरीज के प्रेसिडेंट, रोटेरियन दीपक अग्रवाल ने भी अपने विचार व्यक्त किये.
