Pranadhara-IV, 9th November, 2025

Under the Pranadhara-IV initiative to provide clean drinking water to schools, a distribution event was held today at Rotary Sadan at 11 AM, organized by the Rotary Club of Calcutta. As part of this CSR activity, UV water filters (Copper-Zinc model, 10 litres) were distributed. I had the privilege of attending the event along with fellow club members and received a ceiling fan and a water filter on behalf of our club. These were handed over to Mr. Pratik Kumar Mondal, Headmaster of Mashamari State Plan F.P. School, Kulpi, for the benefit of the students. Heartfelt thanks to the Rotary Club of Calcutta for this impactful initiative. A special note of appreciation to our very own Rotarian Pinaki Prasad Ghosh for his support in making this possible. Thank you all for your continued encouragement and support!

Our CSR Project, Drawing Activity & Health Nutrition Awareness Programme was successfully executed on 8th November 2025 at Vivekananda Park, Boulevard No. 11, on the occasion of Children's Day. Participants : 72 students from Chitrak Institution, Tiljala Brajanath School, IPER, Eshwar Sankalpa, Mother

Earth Foundation. The theme was "Tomar Chokhe Sustho Poribesh", and under the open sky, seated on the soft grass, the children seemed to breathe new life into the environment, painting it afresh with health and hope. Their smiles were the most precious reward of the day. A heartfelt thank you to Peerless Hospitex Hospital & Research Center Ltd., represented by Mr. Indrajeet Banerjee (AVP, Marketing), Ms. Sudeshna Maitra Nag (Chief Dietician), and Mr. Rajarshi Sutradhar (Manager, Marketing), for their generous sponsorship of drawing kits, medals, and healthy food packets, and for their active participation. The interactive nutrition awareness session was a highlight, and we received excellent feedback from all concerned.

Peerless Hospital has kindly offered to select 15 best drawings for creating calendars or posters digitally in our club's name, a wonderful gesture that adds lasting value to this initiative. This project was a modest beginning but with a meaningful impact, and we look forward to more collaborations that create greater impact. Thank you to all members who supported and made this possible.
