## AUGUST IS SUPPORTING THE ENVIRONMENT

### WE CARE

Our club distributed Food grains and other necessary items to almost 100 families at Subhasgram and Dhamua in April 2020. It's a very small service that we could offer in face of this ruthless onslaught of Covid-19

#### BOARD MEMBERS OF RC TOLLYGUNGE 2020-21.

MESSAGE FROM ROTARY INTERNATIONAL PRESIDENT 2020-21: R.I PRESIDENT Rtn. HALGAR KNAACK'S THEME FOR 2020-21 IS "ROYARY CREATES OPPERTUNITIES." HE SAID "ROTARY IS NOT ONLY A CLUB OF PEOPLE TO JOIN, BUT RATHER "IT IS AN INVITATION TO ENDLESS OPPERTUNITIES"

### FROM THE EDITORS' PEN:-

Rotary year 20-21 commenced in its own style. Like every year the district organised a project on 1st.July, this year to observe the Doctor's day as well. This year our D.G. Sudip Mukherjee took over his regime with a very relevant project of Blood Donation Camps. In Kolkata there were three camps altogether. Our club was rightly represented by few young R C C members. They participated the camps by donating their blood and we are all proud for them. Our Rotaract members felicitated the doctors in Purulia to Mark the Doctors' Day. A good number of members under the leadership of our president Rtn. Indrani Majumdar visited the house of our very senior Rotarian Past President Dr Samir Basu and honoured him and his daughter who is also a senior gynaecologist. Having spent a good time over there at Samir da's house president took us to another senior Rtn. Past president Debida's Dutta and his ailing wife former Rtn. Ajanta Dutta as a Goodwill visit. With the blessings and good wishes of all those senior Rotarian our president and all the members are now charged up to proceed with the new Rotary year. If there is a will no pandemic can stop ourselves from our Rotary movement.

We successfully completed our club officials training seminar. Our AG zone 20 Rtn. Susanta Sarkar and ZS Rtn Rina Singha Roy graced the occasion with their much well-thought-out projections on the escalation of our club activities.

Club Trainer PDG. Rtn. Pinaki Prasad Ghosh made his presence felt by his lucid deliberation on how to combat this trying times still work for the Masses.

Our chairman public image, Rtn. Amit Mukherjee rightly said "we all need to work in tandem in this difficult times". We are here to work for the downtrodden. So, let's join hands and work.

Our chairman Foundation, Rtn. Sudipto Banerjee who is our liaison man with RCC highlighted our future work with RCC's...and how we worked in Covid-19 disaster management.

And last but not the least our chairman membership spoke of making a single project as our flagship project; Which is best to be our school at Roynagar.

Rotary India have launched a 5-year plan from RY20-21 to RY24-25 of 8 different verticals. They are: Literacy, Water, Sanitation, Health (Preventive), Health (Curative), Environment, Disaster Management & CSR. Pertaining to original 5 verticals of RI, it is evident that the first 7 ones fall under 'Service Projects' & CSR under 'Foundation'.

### At Dhamua: WE CARE.

### NEW AREA OF FOCUS :

As Our environment is greatly damaged and to bring back the lost balance in our environment, Rotary has introduced a new area of focus: Supporting The Environment. On 18th of July we planted 30 trees in our RCC at Subhasgram. Chairman Foundation was present along with other members to ensure systematic carrying out of the plantation. Beneficiary is the entire village.

We planted 40 trees on 21<sup>st</sup> July 2020, comprising Deodar, Neem, Jackfruit and Mango trees at Kolkata Police Reserve Force Dept., Padmapukur, Khiddirpore and its adjoining areas. It's a matter of great honour for us that D.C., Reserve Force himself was present throughout the plantation programme and himself planted trees. I heartily thank Rtn. Amit Mukherjee and his force for his great support that started from digging the ground till putting the wire cage ...

### BE A PART OF THE BATTLE.

We tried to stand by the side of our Frontline warriors with 500 masks and 1000 sanitizers. Our salute to Kolkata Police Department for their relentless service for Common Man.
