A District Governor's official visit is an annual event where the governor meets with each Rotary club in the district to promote Rotary's goals, support the club, and recognize its members. The visit typically includes a club meeting, a meeting with the club's board of directors, and sometimes a tour of the club's projects or community. During the visit, the governor shares important Rotary issues and priorities, provides guidance, and celebrates the club's achievements.

### Purpose of the visit

- **Connect and communicate:** To build a relationship with the club and its members.
- **Provide guidance and counseling:** To assist clubs with programs and address any needs for guidance.
- **Motivate and inspire:** To encourage participation in service activities and district-level programs.
- **Promote Rotary goals:** To highlight the priorities of Rotary International and the district.
- **Recognize achievements:** To acknowledge the outstanding contributions of the club and its members.
- **Educate:** To inform members about Rotary programs and the importance of giving to the Rotary Foundation.

### Key activities during the visit

- **Club meeting:**

The governor's presentation is the main program, and the governor and their spouse are guests of the club. Clubs are encouraged to include spouses of members or host an evening meeting.
- **Board meeting:**

The governor meets with the club's board of directors and committee chairs, often before or after the main club meeting, to discuss club goals, finances, and other matters.
- **Project and community tours:**

If time permits, the governor may tour community and club projects.
- **Aide assignment:**

Clubs should assign a member to act as an aide to the governor and their spouse to help them feel welcome and facilitate introductions.
