President's Note on the Service Project held on 4th July 2025

It gives me immense pleasure to share that on 4th July 2025, Rotary Club of Salt Lake City, Calcutta successfully conducted a full-day service project at Karunamoyi Mela Ground. The project was carried out in three impactful layers, each contributing meaningfully to our mission of "Service Above Self."

Layer 1: Medical Service Camps

With the support and collaboration of esteemed healthcare institutions, we conducted:

A Cervical Cancer Screening Camp in association with Netaji Subhas Cancer Hospital

An Eye Check-up Camp facilitated by Shankar Jyoti Eye Hospital

A General Health Check-up Camp organized by ILS Hospital
We are proud to report that over 150 beneficiaries availed various medical services throughout the day.

Layer 2: Rotary Image Development among the Community

In the evening, we focused on creating awareness about Rotary and its impactful community service among the general public. This initiative received an overwhelmingly positive response and greatly enhanced the visibility of our club's commitment to service.

Layer 3: Cultural Program

We concluded the day with a grand 3-hour cultural program, showcasing vibrant performances by our very own IFRM members. This event was not only entertaining but also served as a wonderful medium to promote the Rotary image. The audience appreciated the performances wholeheartedly.
