KNOW YOUR RI PRESIDENT

Stephanie A. Urchick, of the Rotary Club of McMurray, Pennsylvania, USA, is the selection of the Nominating Committee for President of Rotary International for 2024–25, a decision that would make her only the second woman to hold that position. She will be declared the president-nominee on 15 September if no challenging candidates have been suggested.

With the world facing incredible challenges, including the COVID-19 pandemic, disasters driven by climate change, and conflict in many regions, Urchick says Rotary's leaders can offer a vision and a plan for overcoming these challenges.

"Measures taken by Rotary leadership to survive and end critical challenges often make our organization stronger and more resilient for future events," Urchick says. "This kind of essential leadership also creates new levels of cooperation, even among rivals, when Rotarians pull together as people of action to serve and solve a crisis."

Making regionalization a priority is crucial, says Urchick.

"Because Rotary operates in more than 200 countries and regions, it is vital to recognize that the organization has the potential to become more efficient and effective by understanding and reacting to how regional differences affect the way Rotarians work together to address providing service, promoting integrity, and advancing world understanding, goodwill, and peace," Urchick says.

Urchick is partner and chief operating officer of Doctors at Work LLC, a consulting and training company. She holds a doctorate in leadership studies from Indiana University of Pennsylvania. She is active on numerous community boards and committees, and has been honored by organizations including Zonta International and the Sons of the American Revolution.

A Rotary member since 1991, Urchick has traveled to Vietnam to help build a primary school and to the Dominican Republic to install water filters. She studies several Slavic languages, has mentored new Rotarians in Ukraine, and coordinated a Rotary Foundation grant project in Poland.

Urchick has served Rotary in many roles, including as a director, Foundation trustee, and chair of the RI Strategic Planning Committee and the Foundation's Centennial Celebration Committee. She currently serves on the Election Review Committee and the Operations Review Committee. She is a Rotary Foundation Major Donor and a member of the Bequest Society.

This year marks a new chapter where I aim to raise the bar higher for our club, setting ambitious standards that align with our shared aspirations. Dear Anandji

I am glad that you are taking leadership from another seasoned leader Amar of your club.

I am closely associated with the club since last 51 years

When dirty water entered the filter, then ran out clean at the other end is the magic of Rotary – RIP Urchick wants each club to have such magic during the year in their communities—this club has a capacity to have such magic

Our members not only appreciate the greater focus on mental health, but they also believe that making more of the Rotary experience will materially improve their lives. I find it interesting that members are not asking anything dramatically new of their club — rather they want more of what we do best. For example, connection can be improved during meetings simply by assigning seating once each month to encourage people to speak with someone new.

Mental health experts agree that finding groups and clubs around common hobbies and interests is a strong way to create greater connectedness.

Wish You all the best in year to come

Dear President Anand and members of R C Belur

The long and of course very rewarding years that one spends in Rotary, have been succinctly crystallised in the theme of the year – THE MAGIC OF ROTARY !

It is sheer magic that we can come together, such a diverse group of people from varied fields, varied interests, and varied views and opinions.

It is even more magical that we can bring about a change for our communities and the society, with our concerted actions and our pooled resources.

Your club, Rotary Club of Belur, has been a flag bearer of such magic for several decades, and with great commitment and dedication to the cause.

We constantly feel amazed with the repertoire of work, which Belur keeps presenting. Larger, more challenging, always oriented towards core issues which need to be addressed.

All this, with ease and aplomb! It is quite wonderful and inspiring!

I take this opportunity to congratulate the members of the club for their outstanding efforts and unflagging spirit. In my humble opinion, the succeeding presidents in the pantheon, have provided progressive strength to the club. For this, I doff my hat to each one of them!

Needless to say, Anand, you will be yet another star on the horizon for Belur. With your meticulous habits, and very engaging personality, you will be the harbinger of new MAGIC in the new Rotary year.

I wish Chhaya and yourself all the very best in your journey.

As the lines of the song go:

Baaki hai tujhme hausla

Tere junoon ke age

Ambar panahe maange

Kar daale tu jo faisla

Kar har maidaan fateh, Kar har maidaan fateh

With my very best wishes

Ajay Agarwal, Past District Governor 2019-2020

OUTGOING SECRETARY MESSAGE

My Dear Belurians,

As I sit down to pen my thoughts, a rush of emotions overwhelms me. Working alongside President Amar and our exceptional team has been nothing short of a life-changing journey—a chapter in my life that will forever be etched in my heart.

Reflecting on my tenure, there were moments of self-doubt and challenges that tested my resolve. However, with unwavering dedication and collective efforts, what seemed like insurmountable obstacles transformed into remarkable achievements, shining bright in our shared story.

Through the highs and lows, I've come to realize that true success lies in teamwork—the collaborative spirit that fuels growth and prosperity within our society. Each event, each interaction has been a stepping stone towards this realization.

I extend my heartfelt gratitude to every member for their unwavering support and dedication during my term. As the torch passes to the new team led by the visionary Rtn Anand Agarwal, I am filled with hope and confidence that they will elevate RC Belur to greater heights on both national and international platforms.

With warm regards and sincere wishes for continued success.

Suresh Khunteta, Secretary 23-24

Congratulations

Belurian Chhaya : Completing a course on life-saving through organ donation demonstrates a profound commitment to enhancing public health and saving lives. This course typically covers various critical aspects, including the medical, ethical, and legal considerations involved in organ donation, the process of donation and transplantation, and the importance of awareness and education in the community.

During this comprehensive course, I gained an in-depth understanding of:

- *The physiological aspects of organ donation, including how organs are matched to recipients, the criteria for donor eligibility, and the surgical procedures involved in organ recovery and transplantation.
- *The ethical dilemmas and legal frameworks surrounding organ donation, such as consent, the rights of donors and recipients, and the role of family and medical staff in decision-making processes.
- *Step-by-step guidance on the entire organ donation process and identifying potential donors. This includes the logistics of organ preservation and transportation.
- *Training on how to effectively communicate with donors' families, potential recipients, and the general public. This includes sensitivity training to handle emotional and delicate situations with care and compassion.
- *Strategies for raising awareness about the importance of organ donation, dispelling myths, and encouraging more people to become registered organ donors.

This was an experience which I think is a once in a lifetime experience!

It was held at the Rotary International South Asian Office in Delhi. (RISAO)
