HISTORIC EU-INDIA FTA DEAL:

Not just the leaders of India and EU but citizens of both the democracies are exuberant with the win-win deal in New Delhi. Once upon a time, the EU had nursed some apprehensions but today it is an altogether a different story. The deal is mind boggling and so many diplomats and senior delegates that one came across now seem privileged. I was happy to become friends of so many senior leaders, including one from Denmark, seen in the collage (above). He spoke so positively about India and when I told him, among other things, about my association with Rotary International he said: "What a privilege that you get to serve above self." That, indeed, is what civilization is all about.

What guides your actions?

At Rotary, we live by 24 powerful words known as the Four-Way Test—a timeless code for truth, fairness, friendship, and impact.

THE FOUR-WAY TEST

1. IS IT THE TRUTH?
2. IS IT FAIR TO ALL CONCERNED?
3. WILL IT BUILD GOODWILL AND BETTER FRIENDSHIPS?
4. WILL IT BE BENEFICIAL TO ALL CONCERNED?

Born in 1932 to save a struggling business, these words now inspire millions of Rotarians to lead with integrity and serve with heart.

Let's keep living the test—every meeting, every message, every moment.
