## TODAY'S PROGRAMME

### Regular meeting &

### Felicitation of Dr. INDRAJIT RAY

Prof. (Dr.) Indrajit Roy is a Senior Consultant in Neurosurgery practicing in Kolkata, India. He graduated in Medicine from the Calcutta Medical College where he was awarded College Scholarships, Government prize in Clinical Surgery, and Gold Medal in Surgery. Thereafter Dr. Roy did his MS (General Surgery) and MCh (Neurosurgery) from the University of Calcutta. He also did a course in Microneurosurgery at the University Hospital, Zurich, Switzerland. Dr. Roy is a past President of the Association of Neuroscientists of Eastern India.

From his boyhood, Indrajit has been fascinated by Gurudev Rabindranath and found his joy, solace and peace in the writings and songs of the master. While unabashedly admitting that he is obsessed with Tagore, Indrajit also has a great love for poetry and some of his own verses have been published in various journals

under the pseudonym Meghnad. Translating poetry, according to him, is as romantic as putting a new dress on one's beloved.

Dr. Roy is a former Sheriff of Calcutta, a Rotarian of long standing, a life member of Poets Foundation, and member of a number of social clubs in Kolkata. He is a proud grandfather of two.
