APRIL: ENVIRONMENT MONTH

Date 05 APRIL'2025

The Waqf (Amendment) Bill, 2025 What is Waqf

The concept of 'Waqf' is rooted in Islamic laws and traditions. It refers to an endowment made by a Muslim for charitable or religious purposes, such as building mosques, schools, hospitals, or other public institutions. Another defining feature of a Waqf is that it's inalienable- which means it cannot be sold, gifted, inherited or encumbered. Therefore, once a property is divested from the waqif, i.e., the creator of a waqf, it vests in God and as per Islamic belief since God is ever lasting, so is the waqf property

The Waqf (Amendment) Bill aims to address issues such as –

1. Lack of transparency in Waqf property management
2. Incomplete surveys and mutation of Waqf land records
3. Insufficient provisions for women's inheritance rights
4. Large number of prolonged litigations including encroachment. In 2013, there were 10,381 pending cases which have now increased to 21,618 cases.
5. Irrational power of the Waqf Boards in declaring any property as waqf land based on their own inquiry.
6. Large number of disputes related to government land declared as Waqf.
7. Lack of proper accounting and auditing of Waqf properties.
8. Administrative inefficiencies in waqf management.
9. Improper treatment to Trust properties.
10. Inadequate representation of stakeholders in Central Waqf Council and State Waqf Boards.
