APRIL: ENVIRONMENT MONTH

Date 13 APRIL'2025

Our President Rtn. Sayan Mukherjee successfully completed RLI Part I & Part II. Congratulations

Environment

The Rotary Foundation Trustees and Rotary International Board of Directors have both unanimously approved adding a new area of focus: supporting the environment.

More than \$18 million in Foundation global grant funding has been allocated to environment-related projects over the past five years. Creating a distinct area of focus to support the environment will give Rotary members even more ways to bring about positive change in the world and increase our impact.

RI President Mark Maloney says that during his travels around the world as a Rotary senior leader he encountered many Rotary members and Rotaractors who advocated for the environment to be an area of focus.

"I believe strongly that our Rotary Foundation programs now have a valuable added dimension to our efforts," says, Maloney.

Foundation Trustee Chair Gary C.K. Huang says that with the global population reaching near eight billion, protecting the environment is increasingly important.

"It is time for us to use our collective resources to invest in a smart and efficient way to protecting our environment," says Huang. "We are qualified to take this initiative because we are a global group of problem solvers with diversified talents

In 1990-91, RI President Paulo V.C. Costa made the environment one of his primary causes, creating the Preserve Planet Earth subcommittee, which looked at ways clubs and members could conduct environmental initiatives.

"We have finally caught up to Costa [his vision]," says Past RI President Ian H.S. Riseley, chair of the

Environmental
