About Interact Clubs:

An Interact club is a youth service club sponsored by a local Rotary club, aimed at students ages 12-18 who want to develop leadership skills through community and international service projects. While Rotary provides guidance and mentorship, Interact clubs are self-governing and organize at least two service projects a year—one for their local community and one to promote international understanding. Interact is a part of the "family of Rotary," designed to empower young people and shape future leaders.

Key functions and goals

- **Community and international service:** Members carry out hands-on service projects in their local community and also work on projects that foster international understanding, such as global awareness initiatives.
- **Leadership development:** The program is designed to help members develop leadership qualities, personal integrity, and life skills like time management and financial literacy.
- **Global connection:** Interact has over 11,000 clubs in more than 145 countries, making it a global network dedicated to service and fellowship.
- **Mentorship:** Sponsored Rotary clubs provide support and guidance, offering mentorship to members and acting as a gateway to other youth programs and opportunities.
- **Future leaders:** Interact is seen as a pathway to future Rotarians, as it prepares young people for future leadership roles in their communities and the world.

On 13th November 2025, a painting competition for children on the theme of Pollution in association with Regional Transport Office (RTO) Chikkamagaluru was organised at the Murarji Residential School, Beekanahalli, Chikkamagaluru.
