organs. The idea that a donation of an organ would save a life of a person was elaborated to inspire the students.

There was enthusiasm among students about the idea. Hopefully, that idea would fructify and would lead them to register for donation of organs. Our Club members participated in the joint program organised at AIT College.

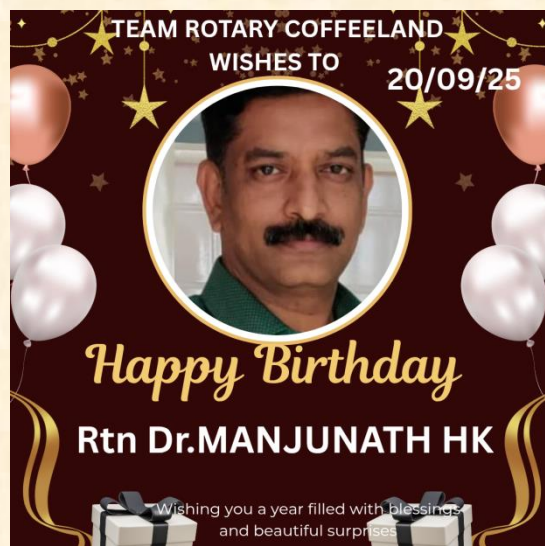

Later in the evening, our Club organised a joint meeting with the visitors at Chiroos Resort, flags were exchanged followed by dinner in honour of the visiting Rotarians from Rotary Club Manipal Town.

An eventful Rotary week comes to an end.
