August month's theme is Membership and New Club Development

Membership Revitalises Rotary Clubs... The energy of Rotary comes from the collective energy of its members. New members provide energy, enthusiasm, skills and passion, which drive Rotary clubs forward.

To keep members involved, Rotary must be of value to the new member starting from day ONE.

- ❖ **Interesting Club Meetings.**
- ❖ **Cater to Them** - Regularly scheduled social events are important.
- ❖ **Engage Them** - Give Rotarians the opportunity to make a greater impact. Remember, we are much stronger working together rather than alone.
- ❖ **Recognize Them** - Identify and understand who our Rotarians are, what they value, and the relationships and experiences they seek.
- ❖ **Promotion** - Continuous marketing of Rotary throughout our communities.
- ❖ **Networking** - Remember, Rotary was founded on the idea of fellowship and networking. Paul Harris himself started Rotary to network and make friends. Embrace this as a valid part of Rotary.
- ❖ **Retention** - We spend a lot of energy attracting people to Rotary, but unfortunately, at times do not provide them the reason to stay in Rotary.

One of the true measures of an effective Rotary Club is the ability to attract and retain members.

IFMR Ride to Kochi – 2025

IFMR stands for the International Fellowship of Motorcycling Rotarians, a Rotary fellowship that brings together Rotarians, Rotaractors, and their families who share a passion for motorcycling. This fellowship organizes global tours and campaigns to promote the involvement of members in Rotary through shared interests, focusing on disciplined and responsible riding. Monsoon Ride to Kochi was held from 1st to 3rd August 2025.

MONSOON RIDE TO KOCHI – 2025

Also the team visited the temple at Saligrama during district seminar

Flag Exchange with RC of Manipal Hills

RC of Hassan Midtown Exchanged flag with RC of Manipal Hills during district seminar. A Rotary flag exchange is a traditional way for Rotary clubs to share friendship and recognize their global connection by exchanging small banners or pennants at club meetings or events, with members often carrying these flags when travelling to other distant Rotary clubs. This tradition serves as a symbol of international fellowship, with the banners showcasing a club's local flair and the broader community spirit of Rotary's worldwide service.

EXCHANGE OF CLUB BANNERS

One of the colorful traditions of many Rotary clubs is the exchange of small banners, flags or pennants. Rotarians traveling to distant locations often take banners to exchange at "make up" meetings as a token of friendship. Many clubs use the decorative banners they have received for attractive displays at club meetings and district events.

The Rotary International board recognized the growing popularity of the banner exchange back in 1959 and suggested that those clubs which participate in such exchanges give careful thought to the design of their banners in order that they be distinctive and expressive of the community and country of which the club is a part. It is recommended that banners include pictures, slogans or designs which portray the territorial area of the club.

The board was also mindful of the financial burden such exchange may impose upon some clubs, especially in popular areas where many visitors make up and request to exchange. In all instances, clubs are cautioned to exercise discretion and moderation in the exchange of banners in order that the financial obligations do not interfere with the basic service activities of the club.

Exchanging club banners is a very pleasant custom, especially when a creative and artistic banner tells an interesting story of community pride. The exchange of banners is a significant tradition of Rotary and serves as tangible symbol of our international fellowship.

Palliative Care Program

Swami Vivekananda Youth Movement Hassan in association with Hassan Institute of Medical Sciences Hassan, Public Hospital Belur, Rotary Club organised a support group meeting program for selected beneficiaries under the palliative care program in their collaboration.
