## THE WORLD'S LARGEST ROTARY CLUB

**Rotary**  
Club of  
**VIJAYAWADA**  
**MIDTOWN**

Club No.: 22695  
District: 3020

The Rotary Club of Vijayawada Midtown (India), founded in 1985 with 33 members, has experienced remarkable growth, reaching over 750 members in 2018, thus becoming the largest Rotary club in the world.

The key to this success lies in the concept of a “club within a club”, which allows members to form small groups based on common interests such as sports, music, and business.

These sub-clubs offer spaces for socializing and service, fostering personal connections.

Various initiatives, such as the Midtown Cricket Club and the Midtown Music Club, strengthen member engagement while supporting causes like polio eradication.

This model has not only transformed member interactions, but has also increased contributions to the Rotary Foundation.

By fostering engagement, Vijayawada Midtown demonstrates how shared passions can strengthen the Rotary community.

Here's a glimpse of how our Midtown members stay connected and engaged through their interests:

- **Midtown Cricket Club (MCC):**
- **Midtown Badminton Club (MBC):**
- **Midtown Music Club (MMC):**
- **Rotary Means Business (RMB):**
- **Midtown Yoga Club (MYC):**

# NOTABLE ROTARIANS AROUND THE WORLD

## RTN NEIL ARMSTRONG

**Neil Armstrong** (5<sup>th</sup> August 1930–25<sup>th</sup> August 2012) was the first man to set foot on the moon.

He was the Naval Aviator and became part of the lunar mission – Appollo-11 and on 20<sup>th</sup> July 1969 became the first man to set foot on the moon, where he famously said “That’s one small step for a man, one giant leap for mankind”.

**Rtn Neil Armstrong** was the member of Rotary Club of Wapakoneta, Ohio, USA.

## ROTARY HISTORY

At the end of 1997, the 20 Rotary clubs of Toulouse, District 1700, France, agreed to organize an event to celebrate the 75th anniversary of the arrival of Rotary in their city. The presidents of these clubs met and reviewed several proposals for service projects that the clubs could implement in honor of this celebration. They selected a large scale blood drive in Place du Capitole, a symbolic and central location of Toulouse.

On January 31, 1998, the goal of 1000 blood donors in a single day was exceeded with 1400 donors. It was the largest blood drive in France at the time, and the **My Blood for Others** project was born. The project has grown significantly to reach a record 3,764 donors in four days, thus becoming the largest blood drive in Europe.

“Club Assembly with District Governor”

Our District Governor, Rtn P.K. Ramakrishna, conducted a Club Assembly with the Board of Directors on the forenoon of 17th February 2026 during his official visit to our club. He reviewed the progress achieved so far and commended the club for its accomplishments.

While appreciating our efforts, he offered valuable guidance on executing impactful projects, attracting new members, and enhancing contributions to The Rotary Foundation. It was indeed an enlightening and highly educative session for all members.

Plan your progress carefully; hour-by hour, day-by-day, month-by-month. Organized activity and maintained enthusiasm are the wellsprings of your power.

## MARCH – WATER, SANITATION & HYGIENE MONTH

**Rotary**

**MARCH IS  
WATER & SANITATION MONTH**

*"WHEN THE WELL'S DRY, WE KNOW THE WORTH OF WATER."*  
- BENJAMIN FRANKLIN

March marks **Water, Sanitation, and Hygiene Month**—one of Rotary International's key focus areas. Today, 2.5 billion people still lack improved sanitation, and 748 million do not have access to safe drinking water. Tragically, nearly 1,400 children lose their lives each day due to waterborne diseases linked to poor sanitation.

Access to clean water transforms lives—improving health, dignity, and productivity. In 2015, the United Nations introduced the Sustainable Development Goals (SDGs), calling for universal access to safe water and sanitation, better water management, and stronger ecosystem protection.

Rotary members remain steadfast in advancing these goals through sustainable initiatives such as building wells, installing rainwater harvesting systems, and empowering communities to maintain vital infrastructure. During Rotary Water and Sanitation Month, we reaffirm our commitment to creating healthier communities through safe water and sanitation.

Clean water and sanitation are fundamental human rights. When children gain access to safe water, hygiene, and sanitation, they attend school more regularly and build healthier futures. Rotary goes beyond infrastructure—we integrate WASH education into our projects so knowledge spreads from classrooms to homes, multiplying our impact.

Through Rotary's global efforts, we continue to deliver sustainable solutions that enhance the well-being of communities worldwide. Let us reflect on how each of us can contribute—locally and globally—to ensure safe water and sanitation for all.

## Brave Man

A hotel owner in Mumbai made a shocking offer to his guests:

“Whoever jumps into this crocodile-infested pond and comes out alive will receive ₹5 crore.

If the crocodiles eat him, his family will get ₹2 crore.”

Everyone was terrified. No one dared to jump.

Suddenly—SPLASH!

Someone had jumped into the pond!

People gasped. All eyes turned to the man in the water.

He was fighting for his life, slicing through the water with lightning speed.

A crocodile was chasing him!

But he didn't give up. He kept struggling, pushing forward...

And then—he made it!

He emerged from the other side, breathless but alive.

The crowd erupted in applause. They rushed to congratulate him.

As he caught his breath and realized he was now a multi-crore winner, he asked: “First tell me—who pushed me in?”

From the crowd, a woman raised her hand.

She was his wife.

She said: “You're good for nothing! If you survived, we'd get ₹5 crore. If you died, ₹2 crore. Either way—I'd win!”

And that's how the saying was born:

“Behind every successful man, there is a woman.”
