ROTARY Designated Month – June - Fellowship

In Rotary, June is designated as Rotary Fellowships Month. This month emphasizes the importance of fellowship and goodwill among Rotarians with shared interests, encouraging participation in Rotary Fellowships and fostering a better understanding of this program. Rotary Fellowships offer a way for Rotarians to connect with others outside their club, share interests, and enhance their Rotary experience.

ROTARY FELLOWSHIP

Rotary Fellowships are international groups whose members share a common interest. Being part of a fellowship is a way to make friends around the world, explore a hobby or profession, and enhance your Rotary experience.

Fellowships are open to Rotarians, family members, program participants, and alumni. New fellowships are added frequently; for the most recent list, see rotary.org/fellowships.

Rotary Fellowships provide a chance to make lasting friendships with people outside your club. Members of these groups share an interest, wish to further their vocational development, or want to make new friends, explore opportunities for service, and enhance their experience in Rotary. Fellowships must have active members in at least five countries and may include Rotarians, Rotarians' family members, Rotaractors, alumni, and program participants.

The Arch Klumph Society

Named after the sixth president of Rotary, the Arch Klumph Society recognizes The Rotary Foundation's highest tier of donors — those who have contributed \$250,000 or more during their lifetime.

Membership

Membership in the Arch Klumph Society is lifelong. Each member has the opportunity to have his or her portrait placed in the Arch Klumph Society Gallery, located on the 17th floor of Rotary International World Headquarters in Evanston, Illinois, USA. Portraits are etched on glass plaques to create a stunning display of our Foundation's most valued supporters. Members will also have their profiles included in an interactive display, plus receive pins, pendants, and several other benefits commensurate with their generosity.

Induction and elevation ceremonies

Society members can choose to be inducted in one of several ways:

At a multi-day ceremony with other inductees at Rotary International World Headquarters

At a ceremony with local Rotary leaders during a Rotary institute

At a ceremony during the Rotary International Convention

Other induction options may be made available each year at the discretion of the trustee chair.

The Rotary Foundation now also offers elevation ceremonies to honor those who have achieved a higher recognition level within the Arch Klumph Society. These ceremonies take place in conjunction with other Arch Klumph Society inductions and provide another opportunity to celebrate these special donors' continued generosity.

Arch C. Klumph: The Father of The Rotary Foundation

For a man best known as the father of The Rotary Foundation, Arch C. Klumph was modest about his role in its creation.

In 1928, he listed three accomplishments that gave him "more satisfaction than any other contributions to Rotary" — and launching the Foundation wasn't among them. Instead, he emphasized his role in writing Rotary's Constitution in 1915, which he asserted "gave Rotary International its first centralized power and made all the Objects and fundamentals of Rotary universal." He also took pride in establishing attendance reports and in being the first to insist on founding a European branch office of Rotary International.

Klumph was born in the small town of Conneautville, Pennsylvania, USA, on 6 June 1869. When he was a child, his family moved to Cleveland, Ohio, where he would become a founding member of the Rotary Club of Cleveland in 1911. As club president in 1913, he advocated for the club to build a reserve that would ensure its means to do future good work. This idea would stay with him as he moved on to serve Rotary in other roles.

Klumph on the cover of the September 1916 issue of The Rotarian. In his message, he reminds members that "Rotary is bigger than any one man, than any board of directors."

Five years after he became a Rotarian, Klumph was elected to serve as Rotary's president for 1916-17. Near the end of his term, at the 1917 Rotary Convention in Atlanta, Georgia, USA, he reminded Rotarians that "Rotary is at the present time entering a new era, demanding improved methods in administrative machinery, with which to carry out the splendid principles which have been laid down heretofore." He defined six points of action, including the establishment of an endowment, which would later become The Rotary Foundation:

"Carrying on, as we are, a miscellaneous community service, it seems eminently proper that we should accept endowments for the purpose of doing good in the world, in charitable, educational or other avenues of community progress, or such funds could be well used for extension work."

Through Klumph's simple yet profound statement, the Rotary Endowment Fund was born. In 1928, the name formally changed to The Rotary Foundation, and a Board of Trustees was established, with Klumph serving as the first trustee chair from 1928 to 1935. Even after stepping down as chair, he remained dedicated to educating Rotary leaders and members about the importance of the Foundation and encouraging contributions.

Klumph died on 3 June 1951 at age 82, but his influence lives on through The Foundation.

RI President's message

I have had so many wonderful experiences over the past year, but as comforting as it might be to dwell on the past, we must look toward the future.

We are closer than ever to ending polio, but that does not mean we can relax. We still have a promise to keep to the children of the world and their families, and we will only fulfil that promise through fundraising, advocacy, and the power of our collective action. I was amazed at the capability and commitment of peacebuilders at the Presidential Peace Conference earlier this year. Our Peace Fellowship programme and our many other peace initiatives bring healing to a divided world, but they need our support to remain effective and relevant.

Amid a worldwide loneliness epidemic, Rotary offers friendship, purpose and belonging. If we hold true to our ideals — to The Four-Way Test and our spirit of inclusivity — we will remain a beacon of light even in the darkest times.

The Action Plan can serve as a guide to make our clubs and districts simply irresistible, but it is up to us to take that advice and put it to use.

Family of Rotary, there is nothing we cannot achieve when we come together and work toward a common goal.

You are The Magic of Rotary, and I can't wait to see the lasting change you bring to the world.

Stephanie A Urchick
President, Rotary International

Message from Rotary TRF Chair

This past year, my wife, Gay, and I have been privileged to witness the impact of The Rotary Foundation. From dialysis centres in India to environmental projects in Taiwan and educational initiatives worldwide, we have had a front-row seat to the life-changing results of your generosity. To see the work of our Foundation firsthand gives one a deeper understanding of Rotary's power to transform lives by spreading peace, hope and health.

In Bangkok, we saw a specialised life-support machine for critically-ill patients with lung and heart problems at a public hospital — only the second machine of its kind available to the city's 11 million residents outside of private care. Funded through a global grant, this technology is saving lives because Rotary members saw a need and responded.

Everything Rotary accomplishes through the Foundation — Rotary Peace Centers, Programs of Scale, global and district grants — relies on a strong and growing endowment. This is The Magic of Rotary that you make possible through your generosity. That is the reason I am so passionate about our goal to build the net assets and commitments of The Rotary Foundation Endowment to \$2.025 billion by June 30, 2025. The trustees set this goal in 2016, after exceeding earlier targets and recognising the growing interest in endowed giving. Thanks to your extraordinary support — including gifts from the estates of members — the net assets and commitments of the Endowment have grown substantially and are within reach of our goal.

To contribute to the Endowment, talk with your endowment/major gifts adviser or your major gifts officer, or visit rotary.org/donate. Your generosity can help us reach our goal, which we will celebrate at the Rotary International Convention in Calgary this month.

The fruits of these gifts may not be seen for several years. We are planting trees — trees that will grow to fund Rotary Peace Fellows and scholarships, put an end to polio, support high-impact Programs of Scale and global grants, and allow our Annual Fund to spread more hope.

During my 40-year journey in Rotary leadership, The Rotary Foundation has always been at the core. From leading a Group Study Exchange team in 1986 to serving as District Rotary Foundation chair, trustee, RI president, and now as trustee chair, it has been the honour of a lifetime.

I am fortunate to have experienced and been inspired by the magic that you have created through your dedication, service and action. Let us together continue planting trees that will provide fruit for generations.

Mark Daniel Maloney
TRF Trustee Chair

A MOMENT IN TIME: ROTARY MAGAZINE'S 2025 PHOTO AWARDS

Sparks fly as Rotary members focus their cameras and freeze-frame the wonders of the world

It is one of photography's most memorable images. In Paris, behind the Gare Saint-Lazare, a man leaps across a large puddle. He'll never make it all the way across, but in that split second before splashdown, he hangs in midair, his scissored legs reflected in the water beneath him. The man who captured the image called that split second the "decisive moment." Except that he didn't.

In 1952, the French photographer Henri Cartier-Bresson published a collection of his work under the title *Images à la Sauvette: images on the run*. His U.S. publisher didn't like that title; instead, it turned to the epigraph, from the 17th-century memoirist Cardinal de Retz, that preceded the book's introductory essay: *Il n'y a rien en ce monde qui n'ait un moment décisif*. There is nothing in this world that does not have a decisive moment.

Cartier-Bresson didn't care for the English title *The Decisive Moment*, especially after the phrase came to define him. Yet it did accurately reflect what he'd said elsewhere — "photography can fix eternity in a moment" — and it has become a touchstone for generations of photographers.

That might include the Rotarians featured this year in the magazine's annual Photo Awards. A waterspout swirls above a red-roofed Adriatic town; a shower of sparks explodes over a Midwestern festival; a white-tusked warthog makes its own leap across a water-filled trench in Botswana. Each of them un moment décisif.

Cartier-Bresson also asked, "What is more fleeting than the expression on a human face?" For the answer, see this year's winning People of Action photo: two Rotarians fixed in sublime rapport — life preserved in the act of living, as the French photographer so decisively described such moments.

WINNER:
Eric Strand,
Rotary Club of Fergus Falls Sunrise
Minnesota

Blaze of glory: In the little town of Rollag, a few miles southeast of Fargo, North Dakota, folks gather every Labor Day weekend for the Western Minnesota Steam Threshers Reunion. At the nocturnal "spark show," sawdust and wood chips are fed into the firebox of an antique steam-powered tractor, and the fiery explosion that follows etches cascades of gold into the night sky.

Winner, People of Action

John Butterfield, Rotary Club of Dublin-Worthington,
Ohio

Hands across the water: Twenty-five years ago, the Rotary Club of Dublin-Worthington, Ohio, established a partnership with the Rotary Club of Santiago de los Caballeros in the Dominican Republic. Together the clubs worked to help families and students from impoverished neighbourhoods in Santiago. Last October, a delegation from the Ohio club

travelled to Santiago. There, Dave Hansen (left) visited with 102-year-old Moris Tallaj, a past governor of District 4060 and longtime member of the Santiago club. The two men, who had helped initiate the partnership, held hands for most of the emotional 30-minute reunion.

FEW Honorable mention

Polychromatic pulchritude: Outside Jaipur, India, four colorfully garbed women enjoy the view from Amer Palace, a 400-year-old fortress with temples, a grand hypostyle hall, and the raja's luxurious residence. Along with other fortresses in India's Rajasthan state, Amer Palace was declared a UNESCO World Heritage Site in 2013.

Maureen McGettigan, Rotary Club of Valley of the Moon (Santa Rosa), California

Aurora khmerealisis: People gather at sunrise to welcome the new day at Angkor Wat in Cambodia. Originally built to honor the Hindu deity Vishnu, the 900-year-old temple, revered today as a Buddhist shrine, is a UNESCO World Heritage Site and the largest religious complex in the world.
