OFFICIAL VISIT OF THE DISTRICT GOVERNOR

The District Governor is the most important person in the world of Rotary. He or she is the single officer of the Rotary International in the Geographic area called a District. The District Governor makes an Official Visit to each of the Club in the District once in a year.

The Purpose of the Visit is to reinforce the connection between the club, the District and RI. To get acquainted with the Club; particularly its service activities in the local community and internationally. To motivate and inspire Club leaders and members to participate in RI programs.

Prior to the Club meeting, the DG and the AG will meet with President and Secretary of the Club to review the Club's Planning Guide and to obtain any specific information also. If time schedule permit, the DG also visit the Rotary community projects in the area before the Club Meeting.

Meeting Protocol - the DG, his partner, and the AG are guests of the Club. The Governor's presentation is the program for the visit meeting. No other programs are to be scheduled on that day. The Club officers may ask the DG to perform a new member induction, to award a Paul Harris Fellow, or to make any other special presentation.

The official visit of the District Governor should not be treated like the visit of 'Inspector General' to the club. Rather he, or she visits as a helpful and friendly adviser to the club to further the Object of Rotary among the Clubs of the District and as a catalyst to help strengthen the programs of Rotary.
