He called upon all the members to carry this momentum forward by offering all round support for the new team and continue making a difference by breaking the past records and creating new ones not only by generously contributing and also by finding new avenues of community projects and implementing the same with renewed vigour with a single point Rotary's motto, "Service Above Self,"

Unite for Good - Rotary Message 2025

The Rotary International theme for 2025, "Unite For Good", calls upon Rotarians around the globe to come together in fellowship, service, and compassion. It is a powerful reminder that meaningful change is only possible when individuals unite with a common purpose-to do good in the world.

In a time marked by global challenges such as climate change, inequality, health crises, and conflicts, the Rotary movement encourages its members to rise above differences of nationality, religion, and politics." "Unite for Good" reflects Rotary's core values- service, diversity, integrity, leadership, and fellowship- while also emphasizing collaboration beyond boundaries.

Whether it's through local community service projects, international humanitarian efforts, or supporting Rotary's flagship program to end polio, the theme inspires Rotarians to join hands, strengthen partnerships, and build bridges of understanding and peace. It reminds us that even the smallest acts of kindness, when multiplied by millions of members worldwide, can lead to lasting impact.

As we move forward in 2025, "Unite for Good" is not just a slogan- it is a call to action. A call to every Rotarian to embrace unity, lead by example, and work together to create a more just, healthy, and hopeful world.

No respect for fellow being - No Rotary

Everyone loves one's own friends, kith and kin but it is to be seen how our behaviour is when we meet people we do not know. Definition of a gentleman is determined by his conduct towards people he has not met earlier or is not likely to meet again. And a Rotarian has got to be a gentleman or in true sense, a lady. If we are driving a car and there is a puddle of water and unmindful of the pedestrians we just go through the puddle, splash the water on the pedestrians or the cyclists, there is nothing that will harm us. But think if there is a Rotary wheel on your car and the person looks at that Rotary wheel, what impression that pedestrian and that cyclist will have of Rotary. Please do not forget that you provide the image of Rotary to the non-Rotary world. You have that responsibility and if you can't bear that, there would be no Rotary.

How you respect your colleagues whether in Rotary or outside will determine how much we have Rotary within us.

-Rajendra K Saboo
