ROTARY LEADERSHIP INSTITUTE (RLI).

The Rotary Leadership Institute (RLI) is a multi-district, grassroots leadership development program of member districts organized into regional divisions in various parts of the world. RLI is a recommended program of Rotary International.

RLI seeks to provide quality education in Rotary knowledge and leadership skills to Rotarians interested in developing their Rotary participation and to those identified by Rotary Clubs as having a potential in club leadership. These educational opportunities will teach skills that will benefit the members in their lives and in their volunteer service.

Who should attend RLI courses?

Although any Rotarian may attend RLI courses, RLI recommends that Rotary Clubs encourage Rotarians who have the potential for future club leadership, not necessarily as Club Presidents, to attend. The ideal candidate is early in their Rotary career, has a strong interest and is prepared to be exposed to the larger world of Rotary outside of the Club. Clubs are expected to pay the fees for their members attending the courses.

What is the philosophy of RLI?

RLI believes that having leadership skills does not alone assure good Rotary leadership. An effective Rotar leader must also have Rotary knowledge, perspective about where Rotary has been, where it is now going and a vision of what Rotary can be.

What is the "recommended curriculum"?

RLI provides to its divisions recommended curriculum annually for a basic course in three full days. The three days are called Parts I, II and III and are generally not taken consecutively in order for the participants to gain perspective through their Club activities in between the Parts. RLI also since the founding of RLI, the curriculum has been continually reviewed, updated and revised as the result of experience and the evaluation of the attendees.
