VOL. XLVII

Issue No. 47

Date: 03.06.2025

## JUNE ROTARY FELLOWSHIPS MONTH

In Rotary, June is designated as Rotary Fellowships Month. This theme focuses on the importance of international fellowship and goodwill among Rotarians with shared interests, promoting increased participation in fellowships & expanding understanding of this program.

*"Fellowship is wonderful; it illuminates life's pathway, spreads good cheer, and is worth high price."*

Rotary Founder, Paul Harris.

Rotary Fellowships are international groups whose members share a common interest. Being part of a fellowship is a way to make friends around the world, explore a hobby or profession, and enhance your Rotary experience. Rotary Fellowships provide a chance to make lasting friendships with people outside your club. Members of these groups share an interest, wish to further their vocational development, or want to make new friends, explore opportunities for service, and enhance their experience in Rotary. Fellowships must have active members in at least five countries. Fellowships are open to Rotarians, family members, program participants, and alumni.

*What are the benefits for Rotarians in joining the Rotary Fellowships?*

Fellowship provides opportunities for Rotarians to make lasting friendships outside their own Club, District or country. Fellowships contribute to the advancement of world understanding and peace. Also, Fellowships serve as an incentive for attracting new members to Rotary and retaining our existing members. Indeed, Rotary Fellowship, together with the Rotarian Action Groups, serve as an effective tool in promoting membership development and should be actively promoted in our Districts.

*There are many Fellowships that would be of interest to our members, and they are detailed on <http://www.rotary.org/fellowships>.*

PROGRAMME

TODAY AT 07.30 PM

Next meeting

10.06.2025 AT 07.30 PM

### 'FAMILY MEET'

### Speaker meeting

Dinner Meeting

Ann &amp; Annets invited

**Brief Report of the meeting held on 27.05.2025 - Dr. Palakshappa, Professor and HOD Civil Engineering Dept. PA College of Engineering** talked about thirsty planet. He said that one of the most significant environmental change taking place in earth presently is global warming. The atmospheric temperature is slowly increasing everywhere and this will seriously affect the future of mankind. The whole world is fighting to stop increase in the temperature of Earth. The main reason for global warming is release of greenhouse gases like Carbon dioxide, Methane etc. By increasing the percentage of forest cover in the earth carbon dioxide level could be reduced. In the 2015 Paris Agreement on Climate Change the whole world has agreed to reduce the carbon emission levels. They have fixed that maximum increase in world temperature should be allowed to increase by only  $1.5^{\circ}$  centigrade. Already there is an increase of  $0.5^{\circ}$  centigrade. Therefore every country should reduce the carbon emissions. India has agreed to make carbon emission level to zero by 2050. Some of the European countries have already reached zero carbon emission levels.

Presently world population is 8 billion people which is expected to go up to 10 billion people by 2050. Therefore the requirement of water will increase whereas the availability of water is decreasing by global warming. Further water is getting polluted by industrialisation. Therefore it is necessary to ensure that clean drinking water is made available to everybody. Otherwise people cannot live by shortage of water or by increase in temperature. Water gets reduced by evaporation due to the higher temperature. The total life span of Earth is estimated at 700 billion years of which 300 billion years have already completed. Therefore people have to live in earth for next 400 billion years. And we should make it usable by human beings for all these 400 billion years. Hence we have to ensure that we don't exhaust water now itself.

One of the alternative methods of reducing the global warming is by not using the fossil fuels like Petrol, Diesel etc. which increase the emission of carbon dioxide and increase the global warming. Therefore we have to go for natural renewable energy sources such as solar energy, wind energy, tidal energy, geothermal energy etc. We have to increase use of electrical vehicles as they do not emit carbon gases and help in reducing global warming. Now it has become compulsory for all engineering students to learn environment engineering.

Another way we may reduce the use of water. For taking bath one bucket of water 20 L is sufficient per person. But people take bath in very big tub taking 500 litres of water. This practice should be stopped. John F. Kennedy said that for the person who solves water problems should be given two Nobel Awards. One for Science and another for Peace.

Established in 1991

As population increases demand for water also increase. So we have to go for innovation which will help in preserving the water and reducing carbon emissions leading to a better world we can leave for our future generations.

President Rtn. Mohan Nair thanked Rtn. Rajesh Baliga for donating Rs.10000 and Rtn. Walter D' Cunha for Rs. 8500 towards TRF donation. He further informed that there will be Breast and Cervical Cancer awareness camp with BP & Sugar Check up at Polali in association with our RCC Polali and Yenepoya Hospital on 8th June 2025. For women Rotarians there is a conference on Women in Rotary on 7th June at Hotel Ocean Pearl. On 30th May there will be Inter Collegiate Quiz Competition at Manel Srinivas Nayak Institute of Management hosted by our club. He requested everybody to attend the same. Further he felicitated the participants of the Pottluck Dinners. ( List given separately).

Rtn Pundalika Shenoy rendered the invocation. Rtn. Arunkumar Shetty introduced the Chief Guest and in the end Rtn. Satish Kumar Shetty rendered the vote of thanks.

#### SPONSORERS AND MENU FOR POTLUCK DINNER on 27.05.2025

Our member PDG Krishna Shetty K attended the TRF learning Seminar at New Delhi on 27th May 2025 and also TRF Conclave on Major Gifts and CSR Funds.

Our member PDG Krishna Shetty K inaugurated RLI Part I training programme at Balbhavan hosted by RC Hillside. Our AG Rtn. Vishwanath Shetty attended this programme as Special Invitee.

ನಿಮ್ಮ ಕರ್ಮ ಇರುವುದು ನಿಮ್ಮ ಜೊತೆ ಏನಾಗುತ್ತಿದೆ ಎಂಬುದರಲ್ಲಲ್ಲ. ನಿಮ್ಮ ಕರ್ಮ ಇರುವುದು ನಿಮ್ಮ ಜೊತೆ ಆಗುತ್ತಿರುವುದನ್ನು ನೀವು ಹೇಗೆ ಅನುಭವಿಸುತ್ತೀರಿ ಮತ್ತು ಅದಕ್ಕೆ ಹೇಗೆ ಸ್ಪಂದಿಸುತ್ತೀರಿ ಎಂಬುದರಲ್ಲಿ.

### Smile

*Fly in the soup....!!!?*

*A boy asks his father, 'Dad, are inspections good to eat?' 'That's disgusting. Don't talk about things like that over dinner,' the dad replies.*

*After dinner the father asks, 'Now, son, what did you want to ask me?'*

*'Oh, nothing,' the boy says.*

*'There was a fly in your soup, but now it's gone.'*

### HAPPY WEDDING ANNIVERSARY

**Rtn Ramanand N Pai & Ann Deepa Pai**  
2<sup>nd</sup> June

### HAPPY BIRTHDAY

**Annet Sahana Alva** D/o Krishna Shetty, 29th May  
**Jone Abhishek** S/o G. K. Udupa, 31st May  
**Annet Sahil** D/o Yogish Kumar S., 2nd June

Our President Rtn. Mohan Nair was the Chief Guest in the Grand Finale of the Inter Collegiate Quiz Competition MSNIM - ROTARY BIZ QUIZ 2025 held at Manel Srinivas Nayak Institute of Management, Bondel on 30th May 2025. President Elect Rtn. Arunkumar Shetty and Senior Member T. G. Shenoy also participated.
