 Topic: **Membership Development**  
 Ann & Annets invited Tea Meeting

Next meeting. 03.09 2024. AT 07.30 PM  
**Speaker meeting**  
 Anns & Annets Invited Dinner Meeting

## AUGUST IS MEMBERSHIP & NEW CLUB DEVELOPMENT MONTH

We are all responsible for growing Rotary's membership. While every month can serve as Membership & New Club Development Month, August is a good month to celebrate the same. If you haven't recommended a new Rotary member yet during this Rotary year, now would be a great time to get started. Certainly, growing membership is a continuing challenge for all of us in Rotary. Rotary International leaders keep emphasizing membership growth and extension because Rotary's very survival depends on these.

Past RI President Barry Rassin once said "Those who know what good Rotary clubs do will want to be a part of it, and we must find new models for membership that allow all interested in our mission to participate,"

he says. "With Rotary more in the public eye, we will attract more individuals who want to be part of and support a membership organization that accomplishes so much good around the world."

Further, retaining current club members is just as important as bringing in new ones. As important as it is for us to keep reaching out to engage more people within our communities and inviting them to be a part of the Rotary family, it is equally important that we retain all our existing members.

**Our Project of providing Sanitary Pad Incinerator costing Rs. 28320/- to the Govt. School of Nursing, Wenlock District Hospital was done on 22nd August 2024. President Rtn. Mohan Nair, District Secretary( Training) Rtn. Dr. Shivaprasad, Asst Governor M Vishwanath Shetty and Rtn. Walter D' Cunha did the honour of handing over equipment to the Hospital Authorities. Our Ann Sumana Sudarshan was also present on the occasion.**

## Brief Report of the meeting held on 20th August 2024 - Chief Guest Mr.

**E. P. Eric D' Cunha** talked about the project of saving tigers. He said that Indian Tigers belonged to the species *Panthera Tigris tigris* called as Bengal Tigers. project of saving tigers. He said that Indian Tigers belonged to the species *Panthera Tigris tigris* called as Bengal Tigers. In early 1900 there were one lakh tigers in India which got drastically reduced to less than 2000 by 1973. The World Wide Fund for Nature (WWF) warned Government of India to start a project to save Indian Tigers. In 1995 National Tiger Conservation Authority of India was started to save the Indian Tigers. Initially 8 National Parks established under this authority and now 55 Tiger Reserves are there in India. As of 2023 there are about 3682 wild tigers in India which is about 75% of world wild tiger population. Tigers occupy distinct habitat over a large area. Maximum of 7-8 Indian tigers live in an area of about 100 sq kms. Tigers require plenty of food and water to survive. More than 5000 sq. Kms of forest area which is about 2.21% of India's geographical area is now reserved for tiger habitat. Tiger require their prey near by. That's the reason in Tiger reservoirs deers etc. are also simultaneously reared. On an average tiger require 4 deers per week. Ground Barasingha deers is the main prey which was on extinction in 1970 has now risen to 1000 now under tiger conservation project. Further forest cover also increase in by this project also as mining, destruction of trees etc. are stopped because of this project. Having dense forest cover helps in getting good rain and this helps rivers which originate in forests to flow perennially giving uninterrupted water to farmers and people. Apart from these environmental benefits Tiger reserves also helps in economic development by increase in tourism as people come from far and wide to look to the wild tigers.

. Thus by preserving forests Natural wealth is saved for next generations . Tigers love cold climate. Hence there are no tigers in Africa. White tigers are genetic mutation of natural yellow tiger with black stripes.

President Mohan Nair informed about Rotaract Club Installation at St. Aloysius College, RCC District Assembly and Donation of sanitary pad incinerator at Wenlock Nursing school. Rtn. Walter D' Cunha informed about the Rotary Indoor sports competitions and the winners were given the medals and certificates. Finally Rtn. ArunKumar Shetty proposed the vote of thanks.
