## **Gordon R. McNally,**

**Rotary International President  
2023-24**

Gordon R McNally, a member of the Rotary Club of South Queensferry, Lothian, Scotland has adorned the mantle of Presidentship of Rotary International, succeeding, the first Woman President of Rotary International, Jennifer Jones. A Rotarian since 1984, McNally has been President and Vice President of Rotary in Great Britain and Ireland. He has also served as Director of Rotary International, as member and also as Chairperson of various committees.

McNally, a Dental Surgeon from the University of Dundee has his own practice in Edinburgh. He was the Chairman of East of Scotland branch of the British Paedodontic Society and has also held various academic positions. He has served as Presbytery Elder of Chair of Queensferry Parish Congregational Board and as Commissioner to the Church's General Assembly.

# Vision Statement

**Gordon McNally**

**My vision is to see Rotary continue to change and reflect the times, especially at this pivotal moment as we move out of the current global pandemic. The opportunities with which we have been presented recently will shape the direction we take over several years, and I would relish the chance to lead during that period.**

**Rotary International must remember that it exists primarily to support its clubs and so, delivering our strategic priorities and objectives, thus strengthening clubs must be at the forefront of our minds.**

**Membership is the lifeblood of our organization. I would encourage the use of the flexibility now available to establish new style clubs that would appeal to a different demographic.**

**I would also seek to implement Best Practice in the area of retention, especially mentoring. This would help keep many of those members presently lost to us relatively soon after joining.**

**I would remain focused on truly diversifying both our membership and our leadership.**

**As we complete the eradication of Polio, we must share our experiences to benefit the global community in its response to future pandemics. I see "Sustaining the Environment" as an Area of Focus that will appeal to many younger people and we must leverage this to provide a membership dividend. I would also promote the importance of "Peace", which is much more than the absence of conflict.**

**Respect is one of the corner stones of Rotary and I would like to ensure that we show due respect to all throughout our organization.**

**I would build on the progress made by recent Presidents to strengthen the concept of continuity within the organization, promoting that concept to Districts and Clubs, thus ensuring that Rotary continues to serve in the most relevant and efficient manner possible.**

Spring has set in in the Rotary year 2023-24. The year of 'Imagine Rotary ' completed a successful and eventful 365 days. Old leaves are shed and Rotary is all set to move forward with new shoots on all its branches envisaging to 'Create Hope in the World '. Nature is also marching with Rotary and the much awaited monsoon rains have started showering Hope.

Rotary is synonymous with Service. Service above self being its motto. Rotary has been making difference in the World by voluntarily taking up various projects for the betterment of the community in nooks and corners of the world through its clubs numbering to more than 32000. For Rotarians the year 2022-23 was to "Imagine Rotary ". Jennifer Jones, RI President 2022-23 had said " You don't imagine yesterday, you Imagine tomorrow ". True to what was envisioned, the year was dedicated to acting upon the dreams we all have for the community, acting upon the choice we made. And when Rotary dreams about big things like ending Polio and creating peace, it becomes our responsibility to make them happen. Gordon McNally, RI President 2023-24, says ".. we will grow Rotary both by way of membership and"..by ..." our ability to provide meaningful service ". He has called upon every Rotarian to inspire and restore hope through the projects they champion and to ", Create Hope in the World "

On the domestic front, the mantle of Governorship of the RI District 3181 has been passed on from the charismatic Rtn Prakash Karanth to the dynamic Rtn H.R.Keshav on the 1st of July 2023 in the Royal city of Mysuru. Misty Hills is made proud by Rtn. D.M.Tilak Ponnappa as the Assistant Governor and several other Rotarians, who are in the District Team for the year, in various positions.

The mantle of our Club is being passed on by the ever jovial Rtn Prasad Gowda to the meticulous Rtn Pramod Kumar Rai who has ably shouldered many a responsibility in the Club over the years including that of Secretary, twice. True to his meticulousness, the program for the whole year is chalked out and sure to be executed in toto. Marking the vision and District Goals, on the very first day of Presidentship, the needs of three Anganawadis of Madikeri are being met with. With this auspicious beginning, am sure, Rotary Misty Hills is all set to " Create Hope " in the lives of all those that it touches.
