JANUARY 2025

January VOCATIONAL SERVICE

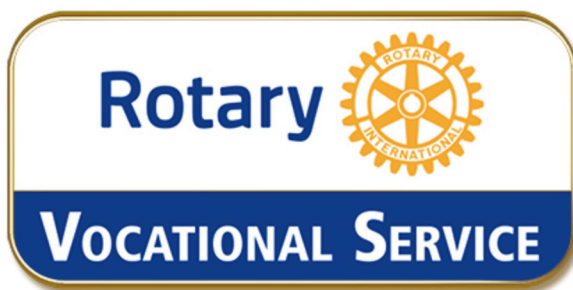

Dear Rotarians and Friends,
January is celebrated as Vocational Service Month, a time to reflect on the fundamental Rotary principle of service through vocation.

Vocational Service is more than just a concept—it is a commitment to uphold integrity, encourage ethical business practices, and use our skills to serve society. As Paul Harris rightly said, "Each Rotarian is a connecting link between the idealism of Rotary and their trade or profession."

Our club takes immense pride in its members, who are not only successful business professionals but also employment creators. Through our businesses and initiatives, we have contributed significantly to job generation, empowering individuals and fostering economic growth in our community. We believe that true service lies in uplifting others, and through entrepreneurship, training programs, and skill development projects, we continue to create sustainable livelihoods.

Over the years, our club has supported vocational training programs, mentorship initiatives, and professional development workshops to help individuals enhance their skills and secure better opportunities. These efforts align with Rotary's mission to promote high ethical standards in business and provide meaningful contributions to society.

As we observe Vocational Service Month, let us strengthen our commitment to this cause. Whether through mentoring young professionals, supporting small businesses, or recognizing outstanding professionals, we have the power to make a lasting impact. Let's continue leveraging our vocations to serve, inspire, and create opportunities for those in need.

Yours in Rotary,
Rtn. Raviprasad Upadhyaya
President
