Overview

The Rotary Club Manipal, a distinguished chapter with Club ID 15761 under RI District 3182, held a memorable meeting on 1st July 2025. The event, themed "Celebrating Healing Hands and Finance Minds," was meticulously coordinated by Rtn. Divyashree M S and attended by club members who are Rotary enthusiasts. The gathering aimed to honor the medical professionals within the club while fostering Rotary New year with a new team spirit of service and camaraderie.

The meeting began at 6:00 PM with the formal introduction of the dignitaries seated on the dais. This included the new team Club President Rtn Shashikala Rajavarma, Secretary Rtn Vanishree Rao, Director of Club Service Rtn Dr Shubha H S, and the Meeting Coordinator Rtn Divyashree M S. The segment set a professional tone for the evening, ensuring all attendees were acquainted with the leadership present.

Rtn. Shashikala delivered an inspiring welcome speech, emphasizing the dual focus of the meeting, celebrating the contributions of doctors and acknowledging the financial expertise within the club. Her address highlighted Rotary's enduring commitment to community service and the importance of recognizing members' professional achievements.

It was a heartfelt tribute to the dedication compassion and tireless service of our medical professionals who continue to heal and give hope. Four distinguished doctors from the club took the stage to share their personal and professional incidents.

As we stand at the threshold of July, we welcome the Rotary New Year- A fresh beginning filled with renewed purpose and commitment to service above self, looking ahead with optimism and unity. This moment became more special by cutting the cake.

If Doctors Did Audits & CAs Did Surgeries (A Satirical Swap in Scrubs and Suits)

If doctors did audits, oh what a sight, They'd check your taxes by X-ray light!
"Hmm," they'd say, "your returns are sick. You've claimed a refund that won't stick!"
They'd diagnose fraud with a stethoscope, Whispering gently, "There's no hope."
"Too many deductions? That's a rash!"
"Prescribe a fine - then pay in cash!"
If CAs did surgeries—brace yourself tight, They'd balance your liver to left and right.
Scalpel in hand and ledger in mind, "Wait - your appendix is misaligned!"
"Before we cut, let's audit your spleen, Assets in red? That's rather obscene."
"Where's your pancreas? It didn't file." "Better stitch interest over the bile."
The hospital runs on double-book entries, With nurses filing forms in sentries.
A patient yells, "I need CPR!" CA replies, "First, a statement of AR."
And when the doctor audits the books, He frowns at the files, then gives funny looks:
"These spreadsheets are in critical shape! Quick! Resuscitate with red tape!"
So maybe it's best they stay in their lanes—Doctors with hearts, and CAs with gains.
For while they both fix what's wrong inside, One heals the body, one turns the tide.
But for one fun day, let's raise a toast, To the folks we trust and praise the most.
For behind the scrubs and Excel sheets, Are heroes who make our lives complete!
