Rotary Information

Rtn. P Ravi Karanth

The manual of Procedure:

The manual of procedure provides a concise version of Rotary's policies and procedures. It is accessible to all Rotarians and in particular, it provides club and district leaders information most relevant to their service. A new edition is published every 3 years to reflect adopted legislator and decision of the RI Convention, the council of legislation and the RI Board of Directors and the Trustees of The Rotary Foundation.

Thought for the Day

Rtn. Prof Balachandra

"Nature speaks in contrasts - beauty, kindness and wildness. Flowers bloom with grace, while the wild roams free, Kindness and chaos both have their place, True wisdom is learning to live in harmony between them" This thought highlights the inherent duality and interconnectedness of nature and the human experience. This contains three components: 1. Nature's inherent contrasts. 2. Humanity's reflection of nature's contrasts. 3. The path to wisdom. The core message is that true wisdom comes from understanding and embracing the interplay between these contrasting forces. It's not about choosing one extreme over the other, but about integrating and balancing them.
