Attracting New Members

The concept of "attracting new members" is that, a Rotary club should be vibrant and known in the community, and thus it should be able to attract prospective members. "Rotary's congress" passed several changes allowing clubs to decide what works best for them in the area of attracting members. Some of the changes are:

- Clubs can decide to vary their meeting times.
- Clubs decide whether to meet online or in person.
- Clubs decide when to cancel a meeting, as long as they meet at least twice a month.
- Women have been eligible to join Rotary since 1989.

Club Service...(Contd..)

Award of Excellence was awarded by Rotary News Trust, Chennai for the achievement in Journalism. He shared countless jovial moments from his 32 years of service, that he came across while handling conflicting news diplomatically, skilfully conducting interviews, impact of the news published on communal faiths, facing public anger and so on. His talk reflected his experience and maturity with which he dealt and resolved the issues faced in his work field. The talk was fun filled, entertaining as well as informative.

The meeting was concluded with announcements and vote of thanks by Secretary Rtn. Farida Uppin followed by National Anthem and group photo.
