ANN DR PRIYADARSHINI

## QUOTE:

"I SLEPT AND DREAMT THAT LIFE WAS JOY

I AWOKED AND SAW THAT LIFE WAS SERVICE.

I ACTED AND BEHOLD, SERVICE WAS JOY"-TAGORE

## EDITORIAL

We haven't always been fortunate enough to have the perfect life, to lead the life with the perfect norms but we have always had the ability to analyse and adjust to situations. The current pandemic has hit the world bad and we learning to adjust and abide to situations tough! This isn't an easy virus!

Rotary Mysore conducted the joint meeting of Rotary Mysore, Rotary Mangalore Metro and Rotary Virajpet through Zoom on 17<sup>th</sup> September 2020 at 7.00pm. Presided by Manjesh Kumar it was a wonderful platform to interact and we had wonderful exchange of thoughts in the presence of Rtn Ranganath Bhat. Mr Akhil Menon, a decorated wildlife photographer was the Chief guest and gave beautiful insights to techniques and nuance of photography.

Highly applaud the timely Samaritan act of Rtn Adithya for helping a poor wild which had got electrocuted and had fallen off the pole. The little monkey was shifted to Ammathi and given medical aid by Dr Prasanna but couldn't survive through the follow up. Act of Rtn Adithya has instilled in us a hope that we human can still live a life with hope and kindness.

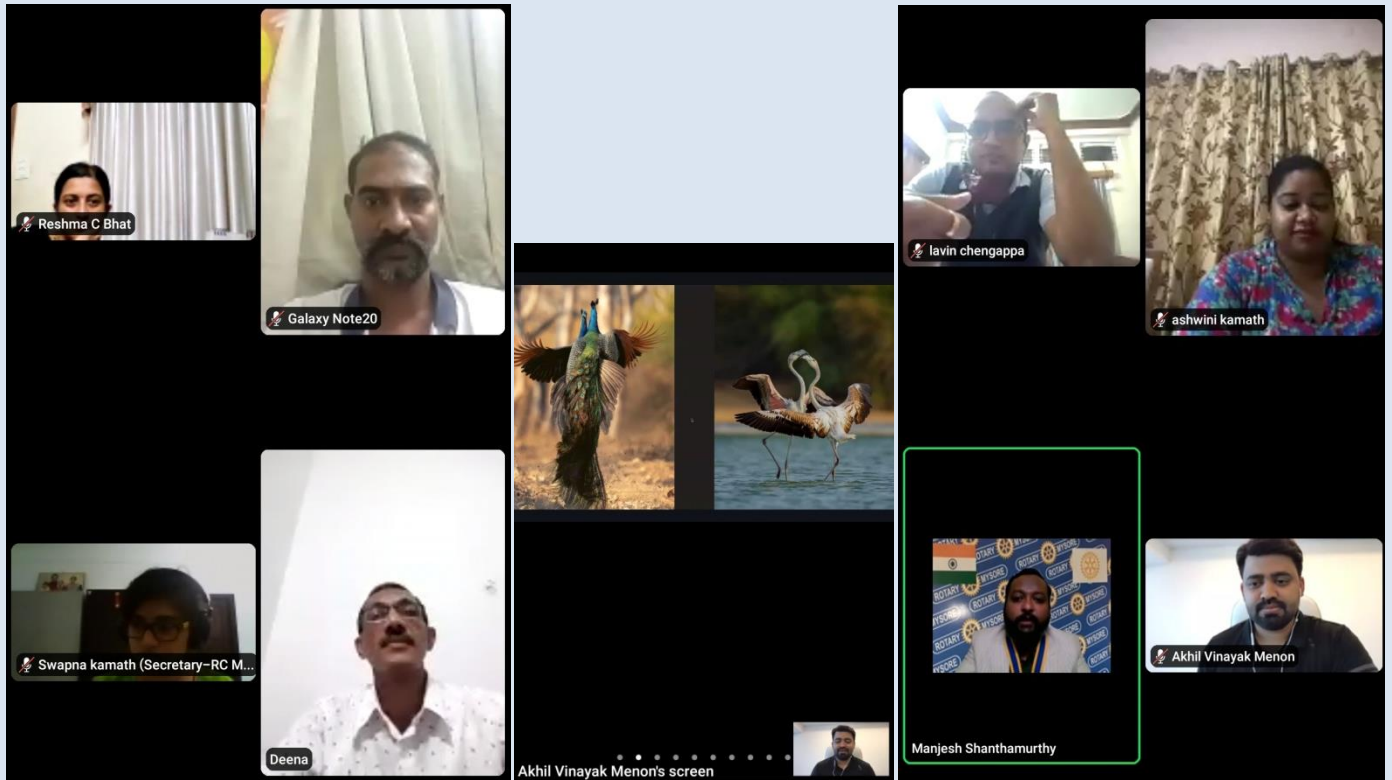

Congratulations Ann Rekha for your talk on New Education Policy on Madikeri Akashvani which was aired on 17<sup>th</sup> September 2020.

Innovation has its own ways, Congratulations Annet Nikhil for creating your own wonderful world of exotic Bamboo.

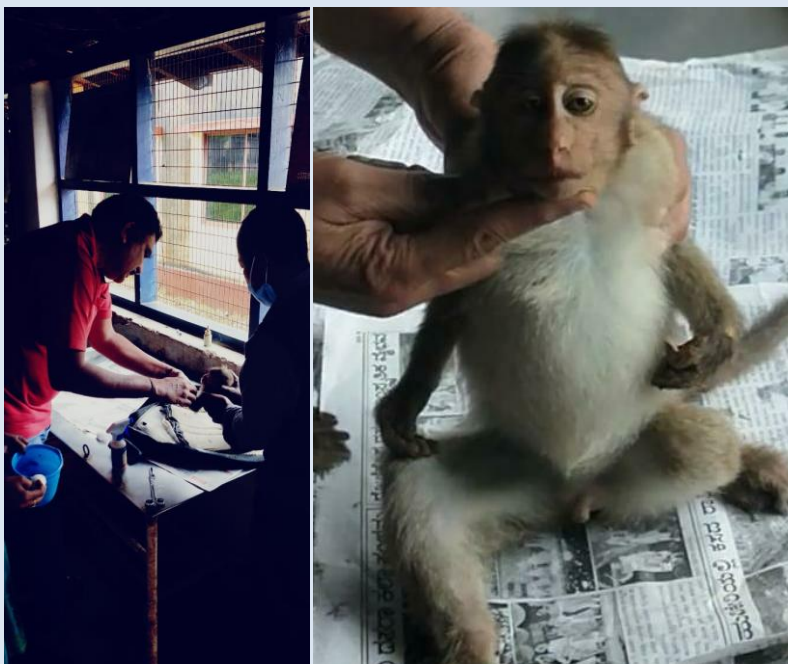

This fortnight we also lost Rtn BS Sadananda of Rotary Somwarpet club to covid. He was the owner of Aloka restaurant.

Stay safe amidst this pandemic. Only way out is to wear mask, maintain social distance wash your hands and if symptoms visit hospital without delay, especially if you have comorbidities.

-Ann Dr Priyadarshini

ACTS OF KINDNESS, EVEN I THE  
SIMPLEST WAYS, ARE WHAT MAKES  
OUR LIVES MEANINGFUL, BRINGING  
HAPPINESS TO OURSELVES AND  
OTHERS

## **SHE IS A WOMAN, SHE IS A WARRIOR**

NO MATTER HOW MANY UPS AND DOWNS  
HER SMILE IS ALWAYS THERE  
DON'T JUDGE THAT BEAUTIFUL FACE ON COMPLEXION  
SO WHAT IF ITS DARK OR FAIR

SHE IS A WOMAN, SHE IS A WARRIOR  
SHE HANDLES EVERY SINGLE BIT  
WITHOUT EVEN COMPLAINING  
GIVING A LOT TO HER NEAR ONES  
SO LESS SHE IS GAINING

SHE IS A WOMAN, SHE IS A WARRIOR  
HER TEARS ARE NOT A WEAKNESS  
SHE IS AS STRONG AS A ROCK  
SHE KEEPS HER PAIN INSIDE  
AND SMILES AS FULL IN STOCK

SHE IS A WOMAN, SHE IS A WARRIOR  
HOW IS SHE IMPURE  
WITH OR WITHOUT BLEED  
SHE GIVES BIRTH TO A NEW LIFE  
AND TAKE CARE OF ALL NEED

SHE IS A WOMAN, SHE IS A WARRIOR  
HER CHARACTER IS JUDGED BY HER VIRGINITY  
HOW DOES NIGHTOUT STAY BACK  
THE CLOTHES ARE NOT THE PROBLEM  
IT'S THE MIND THAT ONE LACK

SHE IS A WOMAN, SHE IS A WARRIOR  
SHE IS A PURE SUNSHINE  
EVERYDAY GETS BRIGHTER  
SOMETIMES TIRED  
TRUST THAT SHE IS A FIGHTER

SHE IS A WOMAN, SHE IS A WARRIOR  
SHE THE PRIDE OF WORLD  
DON'T THINK SHE INFERIOR  
YOU KNOW WHO SHE IS

SHE IS A WOMAN, SHE IS A WARRIOR

**-ANNET BANDHAVYA**

## **BUBBBLE HELMET**

Rotarians in Lithuania and Chicago, Illinois, USA, are using their influence to promote the use of BUBBLE HELMETS and potentially lessen the need for mechanical ventilators for COVID-19 patients who struggle to breathe on their own. The Rotary Club of Vilnius Lituanica International, Lithuania, participated in Hack the Crisis, an online event in March that brought together innovators in science and technology to develop solutions to, issues caused by the COVID-19 pandemic. Bubble helmets are noninvasive and supply oxygen without the need for intubation, a procedure where a tube is inserted down a patients throat. . A helmet fits over a patients head with a rubber collar that can be adjusted around the neck. The collar has ports that can deliver oxygen and air. Before the pandemic, doctors typically used noninvasive devices to help patients breathe if

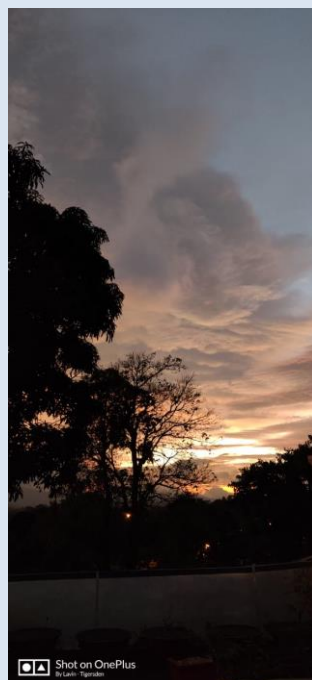

their oxygen levels dropped below a certain level. If the noninvasive devices don't boost those levels enough, mechanical ventilators are used to push oxygen into the lungs through the tube at a preset rate and force
