Noted Criminal lawyer Majeed Memon in conversation with Rtn. Zulfiguar Memon. Shiamak Davar, recipient of the Rotary Club of Bombay's Kalpana Sham Munshi Lifetime Achievement Award in Performing Arts, in conversation with Rtn. Ptn. Yasmin Divecha

- Rotary was in my house every day of my life. Because of those meetings, Daddy had to be on time, Daddy had to go. So, it was a whole thing. I just kept hearing "Rotary, Rotary, Rotary."
- My mother and father never thought I would do anything like this. But in my living room, I used to open the curtains for my cousins, who would all be sitting down, and I would enact scenes from movies, play the piano, and sing. And I thought I was this Academy Award Oscar-winning legend in my living room performing these things. And there was nothing like dancing for me. I used to just dance with my friends at discos and parties and everything, and that's really what it was like. There was nothing to do with choreography. I used to play the piano and sing. I think I was about four or five years old. So singing was actually what I was about, not even dancing or choreography.
- I never take my audience for granted before a performance. I never say, "Oh, I'm Shiamak

- Davar, I've done over a thousand shows." Every show for me has to be better than the last one.
- When I asked the principals of schools if I could do jazz classes, they would ask what was jazz. So, it was just jahaj, you know?
- I was the guy who danced. In school, I was the clown because I was always looking for attention. So, what would I do? I'd go down and play the piano and sing.
- Malini and Sandip, they all know from school what I used to do. And I wasn't considered anything. I was quite a dubbo in school. I was like 56%. I was never like my sister and Zarine Davar. My God, she's some 99% woman, so I don't answer, no. I don't get those brains. Even Sandip was some 100% nonsense. So, I couldn't understand it.
- My mother was supportive but in the beginning, she didn't know what was going on. "What's my son doing?" My father would just turn a deaf ear and go to Rotary meetings,

Willingdon Club meetings, Mahabaleshwar Club meetings, or school. He taught as an old boy in school — Cathedral School.

- After some time, I think she realised that I was getting serious. Students were coming, and I was becoming somebody. But she was always my strength. My mother... Bichari would be sleeping during my show sometimes if it was really late or during rehearsals, and I would say, "Mommy, how was it?" "Very good," but she was half asleep. But she was always there.
- The most important thing in my life is I found a guru called Khorshed Bhavnagri, who wrote a book called The Laws of the Spirit World, and she changed my whole mindset. She made me understand that you can make your money, and you can be famous, and you can do everything you want to do, but what is it that you're going to give back? And to remain humble all the time. So that book, and being with her for about 25-30 years, made me realise that she was like a spiritual mother to me. She made me understand things like humility, how pride has a fall, how people who do wrong on earth may look like they're very happy now, but in the end, they get their jhatkas for their own karmas.
- I'm just a channel, like a telephone instrument. I just hear the sound of the saxophones, the drums, the percussion, the violins, and then I just know what to do. I have no idea; there is no, you know, great way of research and all that natak that people do. It just comes, and it comes.
- Sometimes I'm scared my voice will give way because when it's show after show after show after show, it's very important. And sometimes I put a band-aid on my mouth because I don't stop talking, like today, you see. So to shut up, to

Winners aim for nothing less than Gold.

The same mindset can add the gilt edge to your portfolio.

keep my voice. So these are fears: of me losing my voice or something when I'm doing a performance.

- You have to give yourself time off when you work hard. And that's the secret because if you do not give your mind and body rest, your work is zero. That's one. And two, I think the paakh prayer, and I don't want to sound like a religious person. But I do believe in conversations with God or conversations with my mother, who I drive up the wall. But I do believe in something more than just what I do. And that makes me energised.
- Madhuri is... there is... there's nobody like her.
- There is goodness in AI; there's goodness in new discoveries of science. But then again, immature people on Earth misuse it. So like if Instagram is good and social media is good, it's gone so overboard than what it could have been used for. Now people are seeing social media and getting insecure, "Oh my God, so many followers, I feel bad. Oh God, look at what they're having." It's just a sad state of affairs. I love social media; I'm not saying that, but I'm saying it's when human beings do not know the balance of what it is. That's the danger of AI.
- Well, my friends are gonna laugh now. I was offered a role
 in Shekhar Kapur's movie with Aamir Khan, and that is
 where they're dying of laughter. Vishal Bhardwaj wanted
 me to do a role in his film, but of course, because my
 Hindi's foul, I said no, and I don't look like a Bollywood
 star. I don't have that. I don't have that.
- You can exercise how much you want; you can eat the right foods, and you will still fall sick if your mind is negative. That's all I want to leave you with: work on the mind.

Special thanks to RCB's Urban Heritage Committee and Rtn. Anita Patel for organising the event, securing permissions, and ensuring smooth venue operations. We also extend our gratitude to Rtn. Yasmin Divecha for her excellent hosting.

RCB member strengthens international ties in Charlotte

A chance encounter during Rtn. Jimmy Pochkhanawalla's visit to Charlotte, USA, led to a meaningful exchange between Rotary clubs across continents.

Spotting the Rotary Club of Charlotte South's sign whilst in the area, Rtn. Jimmy was warmly welcomed to their meeting by Club President Victoria Schweizer. He shared insights about RCB's various initiatives, including the Talwada project and Bhavishya Yaan programme, along with President Satyan's recent Jawan Mithai initiative.

The visit fostered international fellowship, with President Schweizer later expressing her appreciation for the exchange and requesting photographs for the Club's social media presence. This impromptu visit exemplifies Rotary's spirit of global connection and knowledge sharing.

Rajendra K. Saboo President (1991-92) Rotary International

11 October, 2024

Dear Sandip.

Many thanks to the Rotary Club of Mumbai and its members for the generous contribution of Rs 10 takks towards the project for celebrating Diwali by sending sweets for the Jawans at the borders.

A box of 'mithal' in a year is a minuscule act compared to the huge selfless service rendered by the Jawans and officers. This tiny deed carries a message to the Jawans that they are in our thoughts and prayers, and the nation is grateful to them. This sublime expression of gratitude touches both the giver and the receiver.

You and your father, PDG Santosh Agarwalia, had always been very close to me. Both Usha and I are proud of Malini and you as you follow your family legacy and make a difference.

Usha and I send our greetings and warm regards to Malini and you. God bless you and the family.

Warm regards,

Yours sincerely
(Raja Saboo)

RC Atlas holds craft workshop at BY Byculla

Rotaractors from RC Atlas SkillTech College brought festive cheer to more than 75 pupils at Bhavishya Yaan Byculla through an eco-friendly Diwali craft workshop.

The well-orchestrated session saw children crafting sustainable decorations, including paper lanterns and traditional torans (decorative door hangings). The young participants also created

personalised Diwali greeting cards for their loved ones.

"The pre-planned approach ensured a seamless experience," said one of the Rotaract organisers. The two-hour interactive workshop demonstrated how traditional festivities can embrace environmental consciousness whilst fostering creativity.

YOUNG PUPILS EMBRACE CULTURAL HERITAGE THROUGH DANCE

RCB's Lighthouse Project brought traditional festivities to life as pupils from nursery through primary levels participated in special Dandiya dance sessions to celebrate Navratri.

Junior and Senior kindergarteners donned colourful attire for their dedicated performance, whilst students from Years 1 to 5 enjoyed their own separate celebration. The traditional folk dance, performed with decorated sticks, proved particularly popular with the youngest participants.

These cultural activities form a crucial part of the kids' holistic learning approach. They help build confidence and self-expression skills that complement the classroom teaching.

BY Colaba support for Board exam parents

Our Bhavishya Yaan Colaba recently hosted information sessions for parents of Class 10 Hindi and Marathi medium students preparing for Board examinations.

The briefings covered practical exam preparations, from hall ticket management to nutritional guidance. School officials also outlined post-exam support, including scholarships and internships available to students, alongside medical facilities through the Rotary Club of Mumbai.

The sessions aimed to strengthen parental involvement during this crucial academic period.

BY GK MARG MARKS DUSSEHRA

Last week, Bhavishya Yaan at GK Marg celebrated Dussehra with a blend of traditional customs and educational activities. Pupils observed the festival, which symbolises the triumph of good over evil, through varied cultural programmes.

Students participated in the customary blessing of tools by cleaning and offering prayers over their computers. The celebration culminated in primary school children performing a scene from the Ramayana, the ancient epic that inspired the festival.

Traditional healing methods for AY elders

On October 8th, 2024, Dr. Jayshree delivered an enlightening presentation on traditional healing techniques to a capacity audience at Ananda Yaan Mazgaon, following her successful earlier engagement at the organisation's Byculla centre.

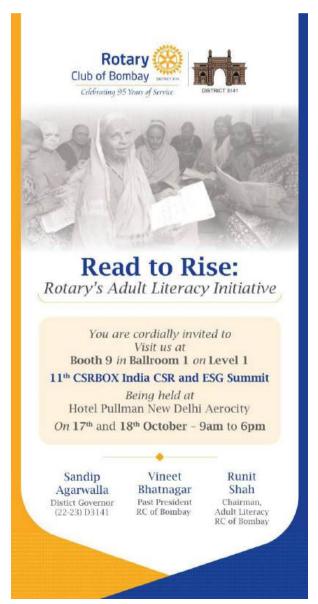

The respected practitioner held her audience spellbound with an accessible presentation on mudras — traditional hand gestures used in healing — and acupressure techniques. Her lecture focused on practical applications for managing common ailments, aches, and pains through these alternative therapeutic methods.

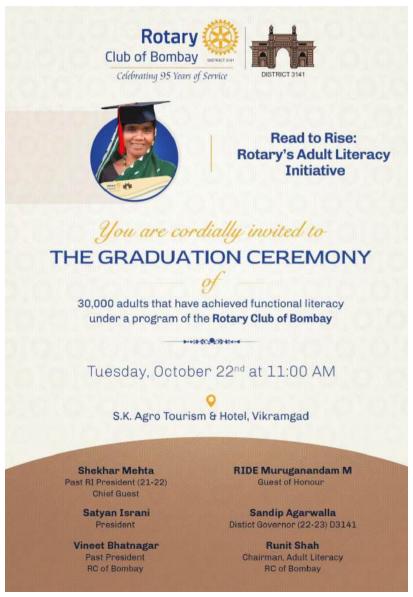

"Dr Jayshree explained complex concepts in such a simple, easy-tounderstand manner," remarked one attendee. The interactive session concluded with an extensive question-and-answer period, during which the speaker addressed individual queries from enthusiastic participants.

The overwhelming response has prompted calls for a follow-up session, with members expressing keen interest in exploring these healing techniques in greater detail.

This latest presentation builds upon Dr Jayshree's growing relationship with the Ananda Yaan centres, where she continues to share her expertise in traditional healing practices with the local community.

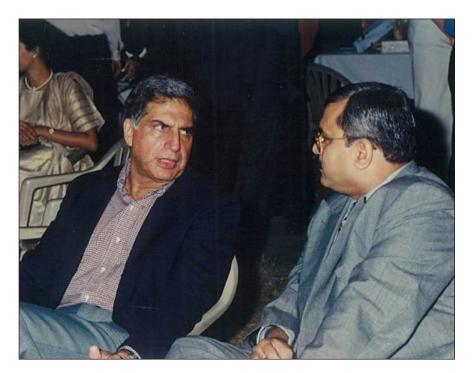

My learnings from Mr. Ratan Tata

Trip to Alibaug to make Mr. Tata's house on October 14th, 1995

At Moy's 50th birthday celebration on December 14th, 1996

By Rtn. Moy Biswas

I will always remember my first meeting with Ratan Tata way back in 1985. I had just moved into Bakhtavar building at Cuffe Parade with my family and a newly acquired puppy. I met Mr. Tata in my building compound and he addressed me as 'Moy' and wanted to speak with me.

Mr. Tata being an architect, the same profession as mine, entered into a lengthy discussion with me regarding architectural and interior design, which is practised all over the world. After an hour, he finally revealed the main reason he wanted to meet me. "Since you have moved into this building, my dog Tito has become very friendly with your dog Alpha. I always wanted to meet the owner of Alpha," he told me.

Since then, I have been fortunate to be associated with him and the entire Tata group, involved in various buildings and interiors till today, including his offices in Bombay House, Elphinstone Building and, among others, his personal bungalow in Alibaug.

There are several things I learnt from Mr. Tata over the years. I would like to list some of them here:

Before any architectural discussion, we always had to be prepared with tracing paper, pencils and erasers. Mr. Tata would make a preliminary sketch during our discussions and this would be developed for our next meeting.

He advised me to do minimalistic designs for buildings as well as interiors.

He also encouraged me to believe in start-up companies that could enable creative people to get exposed to art connoisseurs. That is how I started a company called Brushwood to encourage unknown artists from small villages all over India, who eventually exhibited their works at Jehangir Art Gallery. These exhibitions were always inaugurated by Mr.

The most important thing I learnt from him is to take single point responsibility. He always encouraged me to take up turnkey projects where the client speaks to a single person who is responsible for delivering the project in the most successful manner.

Mr. Tata was also the one who introduced me to golf and I started my learning process with him at the US Club.

I will always miss Mr. Tata as a mentor, from whom I learnt professional integrity and most importantly, to be a simple human being always ready to help others.
