**THE MAGIC  
OF ROTARY**

At the 36th edition of the Rotary Club of Madras Temple City's patriotic singing competition, "Vande Bharath," each participating student received a meaningful and eco-friendly gift. Past President Rtn. Vidhya Srinivasan handed out seed balls containing 160 varieties of native tree seeds and 40 different vegetable seeds. This initiative not only aimed to foster a sense of environmental stewardship among the young participants but also to promote biodiversity and sustainable living. The thoughtful gesture aligns with the Rotary Club's commitment to community service and environmental conservation, making the event memorable and impactful for all involved.
