TUITION CENTER INAUGURA

Providing education to an underprivileged family is a noble act that can create a lasting impact on their lives and future generations. This center is a tool that can break the cycle of poverty and empower individuals. The inauguration of a tuition center for underprivileged students in Lakshmipuram is a commendable initiative by Community Literacy Chairman Gokul. This center aims to provide much-needed support and guidance to children who might otherwise have limited access to educational resources. The presence of two dedicated teachers to mentor and guide these children is a commitment to ensuring these children receive personalized attention throughout their academic journey.

PROMOTE ECO FRIENDLY PRACTICES PUBLIC IMAGE BUILDING PROJECT

During the celebration, the **Environment Chairman** distributed approximately **25 cotton bags** with 4 way test printed in it to the staff and female workers present. They were encouraged to use cotton bags instead of plastic ones to help protect the environment. This simple initiative to reduce plastic waste and promote eco-friendly practices also helped to uplift the image of Rotary among the community.

INAUGURATION OF THE TUITION

ANNETTE PROJECT: FOOD DISTRIBUTION

Food was given out to **Faaria Zainab**, daughter of the project. The cost of this project was fully funded by Annette. This was the inaugural Annette Project.
