MONTHLY BULLETIN OF  
ROTARY CLUB OF IMPHAL (R.I. District 3240, India)

## President's Speak .....

Dear Fellow Rotarians,

We are already in the middle of the Rotary calendar year. We have already taken up many community based service projects and it is the right time to retrospect and introspect on impacts that these projects will cast the real meaning of rotary to our community.

December is a significant month for Rotary International, with a focus on Disease Prevention and Treatment. Polio Eradication: Rotary's efforts to eradicate polio worldwide continue. Disease Prevention: Rotary clubs focus on preventing diseases such as malaria, tuberculosis, and HIV/AIDS through education, vaccination programs, and healthcare infrastructure development.

By focussing on disease prevention and treatment, Rotary clubs can make a meaningful impact in their communities and contribute to a healthier, more equitable world.

Rotary is recognized worldwide for its signature project, the eradication of polio in the world. Rotary in its Water, Sanitation and Health or WASH program is committed to becoming a leader along with other organizations in finding practical and sustainable solutions to these major problems. In addition each year, malaria, despite awareness and advancement in medicine, continues to be a major killer of hundreds of thousands of people.

RC Imphal with RC Polo City Imphal is organising RLI Part – I, II & III at Imphal on 13th and 14th Dec'2025.

*I, on behalf of RC Imphal, wish you and your family a Happy New Year'2026.*

Long Live Rotary International.  
Long Live Rotary Club of Imphal.

Yours' in Rotary  
Rtn. Dr. Th. Digel Singh  
President (2025-26)

## Editorial .....

Dear Fellow Rotarians,

Rotarians are motivated by the opportunity to serve their communities, the sense of self-fulfilment that comes from helping others, building global friendships, and adhering to high ethical standards encapsulated in the motto "Service Above Self".

"Service Above Self" has been the primary motto of Rotary International and a core driver for members. Rotarians find fulfilment in providing humanitarian service, both locally and internationally, addressing needs such as health care, hunger, illiteracy, and environmental concerns. The focus is on making a tangible difference in the lives of the less fortunate.

Rotary was founded on fellowship, and the opportunity to build enduring friendships with like-minded professionals who share a passion for "doing good" remains a major attraction. Club meetings and projects are designed to foster camaraderie and a sense of global connection.

Members are guided by the "Four-Way Test" of the things they think, say, or do: Is it the truth? Is it fair to all concerned? Will it build goodwill and better friendships? Will it be beneficial to all concerned? Adhering to these high ethical standards helps members become better citizens and leaders in their personal and professional lives.

Rotary clubs consist of a diverse cross-section of community leaders, executives, and professionals. Membership offers unique opportunities to enlarge one's circle of business and professional acquaintances and collaborate on projects that influence policy and community outcomes.

With clubs in over 200 countries, Rotarians gain an understanding of global issues and work towards building goodwill and peace worldwide through international service projects, exchange programs, and conflict resolution training. This global network amplifies their individual impact.

The motivation for Rotarians stems from the desire to create a positive change in the world and sense the deep, personal satisfaction that comes from selflessly serving others.

Join Rotary to serve our community meaningfully.  
Happy New Year'2026
