Dear Club Presidents,

I congratulate you on your installation to the office of club presidents of Rotary Clubs in District 3240.

You have been handed the reins of leadership at an historic moment. In the wake of the COVID-19 pandemic, more people than ever feel hopeless. Many have lost people close to them. Social networks have been uprooted and divisions have grown wider as opportunities for connection have been lost.

Rotary's ability to create lasting change begins with the bonds we form with each other. This year, I need your help to ensure the bonds between our fellow Rotary members are strong enough to bring hope to those who need it most.

Join me in making Rotary a source of strength for all of those, both within and beyond our membership, who feel they have lost hope. Let this be the year we *Create Hope in the World*, and let Rotary be known as an organization that takes care of its members as well as the people we serve.

It is within your power to help bring peace and soothe those afflicted by conflict, both in their communities and in themselves.

I look forward to working beside you as we come together to *Create Hope in the World*.

Warmest Regards,

R. Gordon R. McInally

*Nilesh Kumar Agarwal*

*District Governor 2023-24*

Dear President and my fellow Rotarians,

As we embark on this remarkable journey together, let's unite our hearts and minds to create hope in the world. We have received the legacy of District 3240 from our past leaders who have built the District on their efforts and achievements and we have to continue the good work done by them. So much of the work that we will do - is all about Continuity. Continuity means advancing the good ideas of your predecessors. So, instead of an ending, let's create a new beginning. Rather than closing the door on one year, let's build a bridge to the next one, because as long as a river flows, people will appreciate a way across.

Community service lies at the core of Rotary's essence, and I urge each one of you to embrace this call with renewed enthusiasm. Let us channel our collective energy towards projects that uplift our communities, serve those in need, and bring a ray of hope into their lives. Remember, even the smallest act of kindness can ignite a spark of hope that resonates far beyond our imagination.

To truly maximize our impact, we must extend our reach beyond the confines of our Rotary Clubs. Engage your family and friends into our Club and service initiatives, for their involvement will not only strengthen our bonds but also magnify the ripple effects of our actions. Let us all embrace DEI and create a culture of inclusivity, where everyone feels inspired to contribute their unique talents and perspectives towards creating a better world.

In our pursuit of growth, we must embrace new members with open arms. Invite individuals who share our passion for service, and let us engage, mentor and nurture them to become strong Rotary ambassadors. By expanding our network of committed individuals, we can amplify our collective strength and achieve greater milestones in our motto 'SERVICE ABOVE SELF'.

Gifts to 'THE ROTARY FOUNDATION' helps the Foundation and Clubs support humanitarian projects that promote lasting & Sustainable Change. Let's all keep contributing generously. As we undertake community service projects, let us be mindful of their lasting effects on the environment and society. Embrace initiatives that promote sustainable development, ecological balance, and social justice. By adopting a holistic approach, we can create a sustainable future that transcends generations.

In recognizing the immense potential of youth, let us hold close our Rotaract and Interact clubs and engage young minds in our mission. They are the torchbearers of tomorrow, and by empowering them today, we ensure a vibrant future for Rotary. Let us nurture their passion, provide them with guidance, and create platforms for their voices to be heard.

Our District is becoming increasingly tech savvy to enhance the operational efficiency. It is providing a rich set of Tools and Interfaces within the Website and App for the Clubs to enable them become vibrant Clubs. Take the best use of Social & Traditional media in strengthening the Club 'PUBLIC IMAGE'. The future interaction between Clubs and District will definitely be e-communication, as our District moves towards a paperless mode.

Together, we have the power to shape a world brimming with hope, compassion, and positive change. Let's work hand in hand EMPOWERING GIRLS, celebrating our shared values, and leaving a lasting legacy of service. As we get on this exciting journey the friendships developed along the way foster an incredible sense of community and camaraderie, themselves essential ingredients to MENTAL HEALTH & WELLNESS. ENJOY ROTARY as you 'CREATE HOPE IN THE WORLD'
