Very Good Evening Rotarians,

The Rotary Foundation (TRF) special drive is running through this month of November, which happens to be the designated Rotary month for TRF Contributions.

The Rotary Foundation is a non-profit organisation that supports Rotary's humanitarian projects and programmes worldwide. Established in 1917, TRF is dedicated to making a lasting impact on communities through grants, scholarships, and humanitarian initiatives. With a focus on areas such as peace, education, and health, TRF empowers Rotarians to tackle global challenges and create positive change.

TRF's work is funded through donations from Rotarians and partners, which are then used to support a wide range of projects, including disaster relief, polio eradication and literacy programs. The foundation's grants and scholarships enable Rotarians to implement projects that address pressing community needs, while also fostering international understanding and co-operation. Through TRF, Rotary members can make a meaningful difference in the lives of others, while also developing their own skills and networks.

By supporting TRF, Rotarians and donors can contribute to a brighter future of individuals and communities around the world. TRF's work embodies Rotary's commitment to service above self and its vision of a world where people unite and take action to create lasting change. Whether through funding, volunteering, or advocacy, everyone can play a role in supporting TRF's mission and advancing Rotary's humanitarian goals.
