### EDITORIAL:

Winter is here and the festivities continue.

At the very outset, I wish you all a Merry Christmas and a Prosperous and Happy New Year 2026.

It is business as usual in the Rotary world, after a month of festivities and celebration of the Rotary Foundation month.

This Rotary year, December focuses on **Disease prevention and treatment**.

Rightly has been said- An ounce of prevention is worth a pound of cure, or in other words, Prevention is better than Cure.

God has given us this Life. We have to perform our duties in this world as per His Will. And for that, we have to maintain our good health. We know, everything is not in our hands, but, we can prevent some of the diseases through our good habits.

We are almost at the end of this year and will be stepping in the New Year shortly. Let one of our resolutions in the coming New Year be to take care of our Health to the extent possible and to adopt all the good habits for a disease-free life.

This is the month when we elect new Board for the next Rotary Year. This year also, we had the Election, and our incoming President Rtn Dipak Rudra had the Board with very energetic and dynamic members. I wish him a successful and meaningful Rotary year ahead.
