Editorial: November is designated as Rotary Foundation Month.

We donate to Rotary's TRF, because our donation will make a difference in this world by helping people in need — from supplying vaccine drops that protect a child from polio to training peace builders who'll strive for a future with less conflict.

In this context, one of the most beautiful Books to read is *Die Empty* by Todd Henry.

The Author was inspired and got the idea of writing this Book while attending a business meeting.

When the Director asked the audience: Where is the richest land in the world?

One of the audiences answered: Oil-rich Gulf States.

Another added: Diamond Mines in Africa.

Then the Director said: No, it is the cemetery. Yes, it is the richest land in the world, because millions of people have departed / died and they carried many valuable ideas that did not come to light nor benefit others. It is all in the cemetery where they are buried.

Inspired by this idea, Todd Henry wrote his book *Die Empty*, where he did his best to motivate people to pour out his ideas and potential energies in their communities and turn them into something useful before it is too late.

The most beautiful of what he said in his book is: Do not go to your grave and carry inside you the best that you have.

The TRUE meaning of this expression is to die empty of all the goodness that is within you. Deliver it to the world, before you leave.

Let us donate to TRF and give our best to the World.
